Scott Turow:

One L Scott Turow, 2010-08-03 One L Scott Turow's journal of his first year at law school and a best seller when it was first published in 1977 has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education, it brings alive the anxiety and competitiveness with others and even more with oneself that set the tone in this crucible of character building. Each September a new crop of students enter Harvard Law School to begin an intense, often grueling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm? With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. In the new afterword for this edition of *One L*, the author looks back on law school from the perspective of ten years' work as a lawyer and offers some suggestions for reforming legal education.

Testimony Scott Turow, 2017-05-16 Scott Turow 1 New York Times bestselling author and one of the major writers in America, NPR returns with a page-turning legal thriller about an American prosecutor's investigation of a refugee camp's mystifying disappearance. At the age of fifty, former prosecutor Bill Ten Boom has walked out on everything he thought was important to him: his law career, his wife, Kinder County, even his country. Still, when he is tapped by the International Criminal Court, an organization charged with prosecuting crimes against humanity, he feels drawn to what will become the most elusive case of his career. Over ten years ago, in the apocalyptic chaos following the Bosnian war, an entire Roma refugee camp vanished. Now, for the first time, a witness has stepped forward. Ferko Rincic claims that armed men marched the camp's Gypsy residents to a cave in the middle of the night and then, with a hand grenade, set off an avalanche, burying 400 people alive. Only Ferko survived. Boom's task is to examine Ferko's claims and determine who might have massacred the Roma. His investigation takes him from the International Criminal Court's base in Holland to the cities and villages of Bosnia and secret meetings in Washington, DC, as Boom sorts through a host of suspects ranging from Serb paramilitaries to organized crime gangs to the US government itself, while also maneuvering among the alliances and treacheries of those connected to the case. Layton Merriwell, a disgraced US major general desperate to salvage his reputation; Sergeant Major Atilla Doby, a vital cog in American military operations near the camp at the time of the Roma's disappearance; Laza Kajevec, the brutal former leader of the Bosnian Serbs; Esma Czarni, Ferko's alluring barrister; and, of course, Ferko himself, on whose testimony the entire case rests and who may know more than he's telling. A master of the legal thriller, Scott Turow has returned with his most irresistibly confounding and satisfying novel yet.
