Scottish Epitaphs Betty Willsher,1996 Collection of Epitaphs and monumental inscriptions, chiefly in Scotland [including R. Monteith's "Theater of Mortality," etc.]. Scotland,1834 *Mortuary Monuments and Burial Grounds of the Historic Period* Harold Mytum,2012-12-06 Burial grounds strike an immediate chord with all who visit them They are landscapes full of pathos and cultural associations which many find attractive though a minority feel are too morbid to deserve detailed attention This book is designed to offer a framework for studying historic burial ground monuments and contains a certain amount of information regarding below ground archaeology as some projects will involve the study of both Moreover from a research perspective above and below ground archaeology together can throw considerable light on the process of dying body disposal and commemoration that formed a continuum for those involved However the more easily accessible graveyard memorials can be used to study many aspects of past culture beyond that directly associated with death and they are the focus of the book Most people who become interested in historic graveyard memorials come to the subject via the material itself Only rarely does a research question get posed and graveyard data seem like an appropriate arena for investigation This has the advantage that many researchers have some ideas about the data available but the disadvantage that they may not have clear questions to ask of it nor how to set their discoveries in a wider intellectual context **The Archaeology of Industrialization: Society of Post-Medieval Archaeology Monographs: v. 2** David Barker,2020-08-26 This book is the outcome of the first joint conference of the two country s foremost societies devoted to the archaeological study of the early modern and modern worlds It discusses the progress of industrialization and its impact upon modern society **Death, Burial and Commemoration in Ireland, 1550-1650** C. Tait,2002-10-23 This book is the first detailed examination of death in early modern Ireland It deals with the process of dying the conduct of funerals the arrangement of burials the private and public commemoration of the dead and ideas about the afterlife It further considers ways in which the living fashioned ceremonies of death and the reputations of the dead to support their own ends It will be of interest to those concerned with Irish history and death studies generally The Scottish Law Review and Sheriff Court Reports ,1929 Vols 29 47 1913 1931 and v 72 79 1956 1963 include Scottish Land Court reports v 1 19 and v 44 51 **The Scottish Law Review and Reports of Cases in the Sheriff Courts of Scotland** ,1929 The Poetical Works of Allan Ramsay. essays by a group of international scholars to offer fresh and ground breaking research into the advice to princes tradition and related themes of good self and public governance in Older Scots literature and in Latin literature composed in Scotland in the fifteenth sixteenth and early seventeenth centuries The volume brings to the fore texts both from and about the royal court in a variety of genres including satire tragedy complaint dream vision chronicle epic romance and devotional and didactic treatise and considers texts composed for noble readers and for a wider readership able to access printed material The writers and texts studied include Bower s Scotichronicon Henryson s Testament of Cresseid and Gavin Douglas s Eneados Lesser known authors and texts also receive much needed critical attention and include Richard Holland s The Buke of the Howlat chronicles by Andrew of Wyntoun Hector Boece and John Bellenden and poetry by sixteenth century writers such as Robert Sempill John Rolland of Dalkeith and William Lauder Non literary texts such as the Parliamentary Aberdeen Articles further deepen the discussion of the volume s theme Writing from south of the Border which provoked creative responses in Scots authors and which were themselves inflected by the idea of Scotland and its literature are also considered and include the Troy Book by John Lydgate and Malory s Le Morte Darthur With a focus on historical and material context contributors explore the ways in which these texts engage with notions of the self and with advisory subjects both specific to particular Stewart monarchs and of more general political applicability in Scotland in the late medieval and early modern periods
