Pearson,1990-03-30 Technological developments on many fronts have created in our society some extremely difficult moral predicaments Previous generations have not had to face the dilemmas posed by for example the availability of safe abortions sperm banks and prostoglandins They have not had to come to terms with an unchecked exploitation of natural resources heralding imminent ecological crisis or worst of all with the recognition that only in this current generation have people the capacity to destroy themselves and their environment This book seeks to show how and why Seventh day Adventism has addressed these moral issues and that the ethical questions arising from these issues are especially relevant to the Adventist Church and its development Dr Pearson looks specifically at the moral decisions Adventists have made in the area of human sexuality on such issues as contraception abortion the role and status of women divorce and homosexuality from the beginnings of the movement to 1985 **The Magdalenes** Linda Mahood,2013-06-26 The nineteenth century witnessed a

discursive explosion around the subject of sex Historical evidence indicates that the sexual behaviour which had always been punishable began to be spoken of regulated and policed in new ways Prostitutes were no longer dragged through the town dunked in lakes whipped and branded Medieval forms of punishment shifted from the emphasis on punishing the body to punishing the mind Building on the work of Foucault Walkowitz and Mort Linda Mahood traces and examines new approaches emerging throughout the nineteenth century towards prostitution and looks at the apparatus and institutions created for its regulation and control In particular throughout the century the bourgeoisie contributed regularly to the discourse on the prostitution problem the debate focusing on the sexual and vocational behaviour of working class women The thrust of the discourse however was not just repression or control but the moral reform through religious training moral education and training in domestic service of working class women With her emphasis on Scottish magdalene homes and a case study of the system of police repression used in Glasgow Linda Mahood has written the first book of its kind dealing with these issues in Scotland At the same time the book sets nineteenth century treatment of prostitutes in Scotland into the longer run of British attempts to control drabs and harlots and contributes to the wider discussion of dangerous female sexuality in a male dominated society *Sexual progressives* Tanya Cheadle,2020-03-17 Sexual Progressives is a major new

study of the feminists and socialists who campaigned against the moral conservatism of the Victorian period Drawing on a range of sources from letters and diaries to radical newspapers and utopian novels it provides the first group portrait of Scotland's hitherto neglected sexual rebels They include Bella and Charles Pearce prominent Glasgow socialists and disciples of an American based mystic who taught that religion needed re sexed Jane Hume Clapperton a feminist freethinker with advanced views on birth control and women's right to sexual pleasure and Patrick Geddes founder of an avant garde Edinburgh subculture and co author of an influential scientific book on sex A consideration of their lives and work forces a

Thompson,2007-01-01 This book is an enlarged version of the author s Hulsean Lectures in the University of Cambridge for 1983 4 It considers the main movements in the theology of baptism both that of infants and believers in Great Britain from the Evangelical Revival to the publication of the World Council of Churches Faith and Order Commission s consensus statement on Baptism Eucharist and Ministry of 1982 Thus as well as the shifts in the Church of England from evangelical to tractarian broad church to liberal catholic there is a survey of the views of Methodists Baptists and Congregationalists with reflections from the scene in Scotland and Ireland during the same period It offers a survey of popular belief and practice about baptism from the eighteenth century to the present because of the author s conviction that theological movements have to be seen in their historical context In the case of baptism in particular a consistent difference has persisted between popular perceptions and the Churches expectations which poses significant challenges to the understanding of the Churches mission in contemporary society **A History of Infanticide in Britain, c. 1600 to the Present** A. Kilday,2013-06-14 The

killing of new born children is an intensely emotional and emotive subject The hidden nature of this crime has made it an area incredibly difficult subject area for historians to approach up until now This work provides the first detailed history of infanticide in mainland Britain from 1600 to the modern era **Urbanising Britain** Gerard Kearns,Charles W. J.

Withers,1991-07-25 The essays in this collection reflect the increasing use of social science concepts within the field of historical geography Religion and Political Culture in Britain and Ireland David Hempton,1996-01-26 The main theme of this book is religion and identity not only national identity but also regional and local identities David Hempton penetrates to the heart of vigorous religious and political cultures both elite and popular in the eighteenth and nineteenth centuries He brings to life a diverse and variegated spectrum of religious communities in all of the British Isles With so much new British history really an extended version of old English history Hempton has devoted more attention to the Celtic fringes especially Ireland It is an exercise in comparative history but he also shows how richly coloured is the religious history of these islands He demonstrates that even in their cultural distinctiveness the various religious traditions have had more in common than is sometimes imagined The book arises from the 1993 Cadbury Lectures at the University of Birmingham The Burns Supper

Clark McGinn,2019-02-19 When did Burns Suppers start Why is it celebrated all over the world Who can join in the fun Spanning the history of the phenomenon from the year of its creation in 1801 to the present day this book offers you everything you need to know about the Burns Supper and the poet for whom it is held every year From the origins of the custom to its modern day interpretations from the rituals and traditions to the fun and fellowship this first full length study of the unique annual celebration of Scotland s national poet answers every question you can think of along with every one you can t Dangerous Liaisons Roger Davidson,2016-08-22 This book explores the role of Venereal Disease in shaping

perceptions of sexuality in twentieth century Scotland and in defining the response of the Modern State to patterns of sexual behaviour It examines how civic medical and political authorities reacted to the Hideous Scourge in times of peace and war and how far policy was informed by anxieties surrounding social change and public morality as much as by the incidence of disease and developments in medical knowledge It focuses in particular on the moral assumptions underpinning epidemiological debate and the various dimensions of stigmatisation and control within VD discourse including gender generation and class This study also highlights the protracted campaign in Scotland for legal controls over those suffering from VD and the enduring problem resurrected by the threat of HIV and AIDS of balancing the demands of public health against those of civil liberties in the regulation of dangerous sexualities

Reformations in Hungary in the Age of the Ottoman Conquest Pál Ács, 2019-01-21 Pál Ács discusses various aspects of the cultural and literary history of Hungary during the hundred years that followed the Battle of Mohács 1526 and the onset of the Reformation The author focuses on the special Ottoman context of the Hungarian Reformation movements including the Protestant and Catholic Reformation and the spiritual reform of Erasmian intellectuals The author argues that the Ottoman presence in Hungary could mean the co-existence of Ottoman bureaucrats and soldiers with the indigenous population He explores the culture of occupied areas the fascinating ways Christians came to terms with Muslim authorities and the co-existence of Muslims and Christians Ács treats not only the culture of the Reformation in an Ottoman context but also vice versa the Ottomans in a Protestant framework As the studies show the culture of the early modern Hungarian Reformation is extremely manifold and multi-layered Historical documents such as theological political and literary works and pieces of art formed an interpretive unified whole in the self-representation of the era Two interlinked and unifying ideas define this diversity on the one hand the idea of European-ness i.e. the idea of strong ties to a Christian Europe and on the other the concept of Reformation itself Despite its constant ideological fragmentation the Reformation sought universalism in all its branches As Ács shows it was reformatio in the original sense of the word i.e. restoration an attempt to restore a bygone perfection imagined to be ideal

For Better, For Worse John R. Gillis, 1985-11-21 Did you know that The contemporary fashion of living together before marriage is far from new and was frequently practiced in earlier days Self-divorce although never legal was once a commonplace occurrence Marriage is more popular today than in the Victorian era Marriage in church was not compulsory in England and Wales until the mid 18th century These are just a few of the fascinating and often surprising revelations in For Better For Worse the most comprehensive treatment to date of the history of marriage in a major Western society Using fresh evidence from popular courtship and wedding rituals over four centuries Gillis challenges the widely held belief that marriage has evolved from a cold impersonal arrangement to a more affectionate egalitarian form of companionship The truth argues Gillis lies somewhere in between conjugal love was never wholly absent in preindustrial times while today's marriages are less companionate than is commonly believed Gillis also illustrates in rich detail the perpetual tension between marital ideals and

actual practices This social history of the behavior and emotions of ordinary men and women radically revises our perspective on love and marriage in the past and the present Police Courts in Nineteenth-Century Scotland, 2-volume set David G. Barrie, Susan Broomhall, 2022-07-30 Taking the form of two companion volumes Police Courts in Nineteenth Century Scotland represents the first major investigation into the administration experience impact and representation of summary justice in Scottish towns c 1800 to 1892 Each volume explores diverse but complementary themes relating to judicial practices relationships experiences and discourses through the lens of the same subject matter the police court Volume 1 subtitled Magistrates Media and the Masses provides an institutional social and cultural history of the establishment development and practice of police courts It explores their rise purpose and internal workings and how justice was administered and experienced by those who attended them in a variety of roles Special attention is given to examining how courtroom discourse was represented in print culture the role of the media in providing a discursive commentary on summary justice and the ways in which magistrates and the police engaged in a law and order dialogue with the press Throughout consideration is given to uncovering the relationship between magistrates the courts the police and the wider community and to charting the implications of the rise of summary justice and the police man state for the urban masses as evidenced through prosecution conviction and punishment patterns Volume 2 subtitled Boundaries Behaviours and Bodies examines through themed case studies how these civic and judicial institutions shaped conceptual spatial temporal and commercial boundaries by regulating every day activities pastimes and cultures As with Volume 1 Boundaries Behaviours and Bodies is attentive to the relationship between magistrates the police the media and the wider community but here the main focus of analysis is on the role and impact of the police courts through their practice on cultural ideas social behaviours and environments in the nineteenth century city
