Screen World 2005:

Video and DVD Industries Paul McDonald, 2019-07-25 When the videocassette recorder was launched on the consumer market in the mid 1970s it transformed home entertainment Bringing together complementary but also competing interests from the consumer electronics industry and the film television and other copyright industries video created a new sector of media business Two decades later DVD reinvented video media for the digital age DVD provided consumers with an innovative form of entertainment technology and almost instantaneously became the catalyst for a huge boom in the video market Although the VCR and DVD created major markets for video hardware and software the video business has been continually shaped by industry conflicts and tensions Repeatedly the video market has become divided when faced with the introduction of competing formats Easy reproduction of films and other works on cassette or disc made video software a lucrative market for the copyright industries but also intensified struggles to combat the effects of commercial piracy *Video and DVD Industries* examines the business of video entertainment and provides the first study looking at DVD from an industrial perspective Detailing divisions in the video business the book outlines industry battles over incompatible formats from the Betamax VHS war to competing laserdisc systems alternatives such as video compact disc or Digital Video Express and the introduction of HDDVD and Blu ray high definition systems Chapters also look at the formation of international markets in the globalization of video media the contradictory responses of the Hollywood studios to video and DVD and the legal and technological measures taken to control industrialized video piracy

World Politics on Screen Mark A. Sachleben, 2014-03-04 Increasingly resistant to lessons on international politics society often turns to television and film to engage the subject Numerous movies made in the twentieth and twenty first centuries reflect political themes that were of concern within the popular cultures of their times For example Norman Jewison's *The Russians Are Coming The Russians Are Coming* 1966 portrays the culture of suspicion between the United States and the Soviet Union during the Cold War while several of Alfred Hitchcock's movies as well as the John Wayne film *Big Jim McLain* 1952 and John Milius's *Red Dawn* 1984 helped to raise and sustain skepticism about the Soviet Union *World Politics on Screen* Understanding International Relations through Popular Culture uses films and television shows like these as well as contemporary including 24 *The Simpsons* *South Park* and *The Daily Show* to guide readers to a deeper understanding of enduring issues in international politics In this unique and insightful volume author Mark Sachleben demonstrates that popular culture reflects societal beliefs about the world and that the messages captured on television and film transcend time and place Using films such as *Secret Ballot* 2001 *Under the Bombs* 2007 and *Wall E* 2008 he addresses topics such as international relations and diplomacy the study of war nuclear weapons poverty immigration and emigration human rights and genocide An engaging read for students and for anyone with a general interest in politics and popular culture *World Politics on Screen* succeeds in its argument by illuminating unexplored assumptions about international policy

Transforming Images Rebecca

Coleman,2015-01-28 Contemporary social and cultural life is increasingly organised around a logic of self transformation where changing the body is seen as key Transforming Images examines how the future functions within this transformative logic to indicate the potential of a materially better time The book explores the crucial role that images have in organising an imperative for transformation and in making possible or not the materialisation of a better future Coleman asks the questions which futures are appealing and to whom How do images tap into and reproduce wider social and cultural processes of inequality Drawing on the recent turns to affect and emotion and to understanding life in terms of vitality intensity and liveness in social and cultural theory the book develops a framework for understanding images as felt and lived out Analysing different screens across popular culture the screens of shopping makeover television programmes online dieting plans and government health campaigns it traces how images of self transformation bring the future into the present and affectively draw in some bodies more than others Transforming Images will be of interest to students and scholars working in sociology media studies cultural studies and gender studies Recent Trends in U.S. Services Trade, 2007 Annual Report, Inv. 332-345 , **The Cinematic Tango** Tamara Leah Falicov,2007 This text explores the cultural politics of over 60 years of filmmaking in Argentina The author explores how national culture on film has been shaped articulated and debated through the lens of state policy and the dynamics of the global film market **Focus On: 100 Most Popular American Stage Actresses** Wikipedia contributors, *The SAGE Handbook of Film Studies* James Donald,Michael Renov,2008-04-16 Written by a team of veteran scholars and exciting emerging talents The SAGE Handbook of Film Studies maps the field internationally drawing out regional differences in the way that systematic intellectual reflection on cinema and film has been translated into an academic discipline It examines the conversations between Film Studies and its contributory disciplines that not only defined a new field of discourse but also modified existing scholarly traditions It reflects on the field s dominant paradigms and debates and evaluates their continuing salience Finally it looks forward optimistically to the future of the medium of film the institution of cinema and the discipline of Film Studies at a time when the very existence of film and cinema are being called into question by new technological industrial and aesthetic developments Minerals Yearbook ,2007 **Drug Testing In Vitro** Uwe Marx,Volker Sandig,2007-02-27 Here expert scientists from industry and academia share their knowledge on the assembly of functional human tissues in vitro and how to design drug screenings predictive of human exposure In so doing they combine the latest technological developments with strategic outlooks such as novel cell and tissue systems for drug screening and testing as well as emerging in vitro culture technologies Equally importantly the book does not shy away from regulatory acceptance and ethical issues *The Cell Phone Reader* Anandam P. Kavoori,Noah Arceneaux,2006 The Cell Phone Reader offers a diverse eclectic set of essays that examines how this rapidly evolving technology is shaping new media cultures new forms of identity and media centered relationships The contributors focus on a range of topics from horror films to hip hop from religion to race and draw examples from across the globe The Cell Phone

Reader provides a road map for both scholars and beginning students to examine the profound social cultural and international impact of this small device

Music and Image in Concert Meghan Stevens, 2009 In *Music and Image in Concert* composer graphic designer and writer Meghan Stevens explores the implications to music when images are presented in music concerts But how do artistic directors ensure that listeners aren't more engaged by the images than the music Stevens presents a number of concepts that aim to maintain musical salience over added image in the instrumental music concert This is to avoid the situation that occurs in film where the music is backgrounded and often not heard or not remembered These concepts cover a range of music image characteristics including narrative synchronisation rhythm tempo meaning emotion structure genre integration interpretation voice and text As there is little research in this new field these original concepts draw on a number of other disciplines including film music video multimedia cognitive psychology psychomusicology education and music philosophy This book provides a practical approach for adding image to the music concert

Between Page and Screen Kiene Brillenburg Wurth, 2012 The contributors to this volume reassess literary practice at the edges of paper electronic media and film They show how the emergence of a new medium reinvigorates the book and the page as literary media rather than announcing their impending death

Fathers on Film Katie Barnett, 2020-02-06 The father is an enduring and iconic figure in Hollywood cinema and in the 1990s narratives of redemptive fatherhood featured prominently in some of the decade's most popular films like *Kindergarten Cop* 1990 *Mrs Doubtfire* 1993 *Jurassic Park* 1993 and *The Lion King* 1994 Interpreting such films through the lens of feminist and queer theory along with masculinity studies and psychoanalysis Katie Barnett offers an insightful and interdisciplinary discussion of cinematic fathers Barnett reveals that the father figure is often portrayed as one that invests in and is part of a discourse of reproductive futurism This plays out across a range of genres including rom coms fantasy sci fi drama and disaster By exploring both blockbuster and more low budget films of the 1990s Barnett explores the figure of the father against the crisis of masculinity in the United States and indeed more globally at this time

Institutions, Interaction and Social Theory Will Gibson,Dirk vom Lehn,2016-01-01 From hospitals and prisons to schools and corporations no matter how large or seemingly abstract all institutions are ultimately the result of the actions and interactions of people In this original and innovative text Gibson and Vom Lehn show the different ways in which studying people s own meaning making practices can help us understand the role of institutions in contemporary society Institutions Interaction and Social Theory takes the reader through the core conceptual foundations of Symbolic Interactionism Ethnomethodology and Conversation Analysis Engaging with a rich tradition in sociological thought it suggests that interactionist perspectives have remained largely absent in the study of institutions and how they contrast with and contribute to the broader field of research in institutional contexts With chapters on healthcare education markets and art and culture this text will be of interest to those studying institutions organisations and work in sociology and in business schools It will also be valuable for students of social theory interested in interactionism and in the challenges and opportunities of connecting complex theoretical discussions to real world examples **Language Planning and Policy in**

Africa Richard B. Baldauf,Robert B. Kaplan,2007-01-01 A longer range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages This volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world BOOK JACKET
