**J. David Bolter**

## **Scribes Online Learning In An Electronic Writing Space Students Cyberjourneys:**

**Scribes Online** John Ost,1999      **Taking Flight With OWLs** James A. Inman,Donna Sewell,2000 Examines computer technology use in writing centers to move beyond anecdotal evidence for implementing computer tech in writing centers Presents carefully considered studies that theorize the move to computer tech examine tech use in practice      *Digital Reading and Writing in Composition Studies* Mary R. Lamb,Jennifer M. Parrott,2019-03-13 As digital reading has become more productive and active the lines between reading and writing become more blurred This book offers both an exploration of collaborative reading and pedagogical strategies for teaching reading and writing that reflect the realities of digital literacies This edited scholarly collection offers strategies for teaching reading and writing that highlight the possibilities opportunities and complexities of digital literacies Part 1 explores reading and writing that happen digitally and offers frameworks for thinking about this process Part 2 focuses on strategies for the classroom by applying reading theories design principles and rhetorical concepts to instruction Part 3 introduces various disciplinary implications for this blended approach to writing instruction What is emerging is new theories and practices of reading in both print and digital spaces theories that account for how diverse student readers encounter and engage digital texts This collection contributes to this work by offering strategies for sustaining reading and cultivating writing in this landscape of changing digital literacies The book is essential for the professional development of beginning teachers who will appreciate the historical and bibliographic overview as well as classroom strategies and for busy veteran teachers who will gain updated knowledge and a renewed commitment to teaching an array of literacy skills It will be ideal for graduate seminars in composition theory and pedagogy both undergraduate and graduate and teacher education courses and will be key reading for scholars in rhetoric and composition interested in composition history assessment communication studies and literature pedagogy      **Writing Space** J. David Bolter,1991 This book is a study of the computer as a new technology for reading and writing a technology that may replace the printing press as our principal medium of symbolic communication One of the main subjects of Writing Space is hypertext a technique that allows scientists scholars and creative writers to construct texts that interact with the needs and desires of the reader Bolter explores both the theory and practice of hypertext demonstrating that the computer as hypertext represents a new stage in the long history of writing one that has far reaching implications in the fields of human and artificial intelligence cognitive science philosophy semiotics and literary theory Through a masterful integration of introductory historical illustrative and theoretical material as well as an accompanying diskette containing a sample of hypertextual writing Bolter supports his claim that the computer will carry literacy into a new age the age of electronic text that will emerge from the age of print that is now passing His reflections on literacy in contemporary culture lead him to a compelling conclusion ironically cultural literacy is becoming almost synonymous with computer literacy      **Writing Across Distances and Disciplines** Joyce Magnotto Neff,Carl Whithaus,2009-03-04 Writing Across Distances and Disciplines

addresses questions that cross borders between onsite hybrid and distributed learning environments between higher education and the workplace and between distance education and composition pedagogy This groundbreaking volume raises critical issues clarifies key terms reviews history and theory analyzes current research reconsiders pedagogy explores specific applications of WAC and WID in distributed environments and considers what business and education might teach one another about writing and learning Exploring the intersection of writing across the curriculum composition studies and distance learning it provides an in depth look at issues of importance to students faculty and administrators regarding the technological future of writing and learning in higher education

**Research Writing Rewired** Dawn Reed,Troy Hicks,2015-10-22 Research shows that only half of teachers say digital tools make writing instruction easier Research Writing Rewired shows us how to channel students passion for digital communication into meeting our goals and provides a vision for teaching English in today s classroom The authors provide you with a clear model for tech rich research that will inform your own units Guiding components include An inquiry based technology rich unit 28 model lessons and a framework including extensions tech tips and activities Best practices on formative assessment close reading and think alouds Activities built around students favorite technology QR codes to video clips on a companion website
