Aquila, 2014-04-22 Popular movies can enhance the study of history A dominant form of entertainment throughout the 20th century they can serve as nontraditional primary sources and offer remarkable opportunities to observe attitudes about social concerns gender or racial issues politics and historical events that were current when the movies were made This book is a topical guide for educators providing detailed analysis of 35 movies followed by discussion questions that will help students interpret how each movie's content and themes reflect the times when it was made The book covers four main topics the Great Depression World War II the early years of the Cold War and the changing expectations and images of women in movies from 1930 to 1970 An historical overview chronicles how each topic was treated in movies from that time period The movies should have wide appeal in grades 7 through 12 and can help students learn to think more critically about the images and messages that appear in popular media today

Introduction to Criminology Frank E. Hagan, Leah E. Daigle, 2018-11-29 Introduction to Criminology Tenth Edition is a comprehensive introduction to the study of criminology focusing on the vital core areas of the field theory method and criminal behavior With more attention to crime typologies than most introductory texts authors Frank E Hagan and Leah Elizabeth Daigle investigate all forms of criminal activity such as organized crime white collar crime political crime and environmental crime The methods of operation the effects on society and policy decisions and the connection between theory and criminal behavior are all explained in a clear accessible manner New to the Tenth Edition New Applying Theory scenarios are included with the theory chapters in Part II These application exercises encourage critical thinking by asking you to use criminological theory to explain the criminal behavior of Aileen Wuornos Updated Crime and the Media boxes highlight the effect that the media has on public perception of crime New topics include the MeToo movement media coverage of the opioid crisis popular shows like Breaking Bad and The Wire online dating fraud and cyberbullying Over 170 new Learning Check questions and answers have been added throughout the book to help you review your understanding of key concepts and increase reading comprehension Examination of important new topics like what works in criminology the relationship between immigration and crime the impact of neuroscience and genetic studies on criminology recent shootings and terrorist attacks and the continuing battle between over criminalization and under criminalization deepens your

understanding of the field Updated figures tables and statistics throughout the book ensure that you have access to the most current information available Intercultural Encounters Wim M. J. van Binsbergen, 2003 This book brings together fifteen essays investigating aspects of interculturality Like its author it operates at the borderline between social anthropology and intercultural philosophy It seeks to make a contribution to intercultural philosophy by formulating with great precision and painful honesty the lessons deriving from extensive intercultural experiences as an anthropologist Its culminating section presents an intercultural philosophy revolving on the tenet cultures do not exist The kaleidoscopic nature of intercultural experiences is reflected in the diversity of these texts Many belong to a field that could be described as meta anthropology others are more clearly philosophical occasionally they spill over into belles lettres ancient history and comparative cultural and religious studies The ethnographic specifics supporting the arguments are diverse deriving from various African situations in which the author has conducted participatory field research Tunisia Zambia Botswana and South Africa **In Pursuit of Beauty** Metropolitan Museum of Art (New York, N.Y.), 1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s but also helped set the course of such later developments in the United States as the Arts and Crafts movement the indigenous interpretation of Art Nouveau and even the rise of modernism In fact the early history of the Metropolitan its founding its sponsorship of a school of industrial design and its display of decorative works is inextricably tied to the Aesthetic movement and its educational goals In Pursuit of Beauty Americans and the Aesthetic Movement comprised some 175 objects including furniture metalwork stained glass ceramics textiles wallpaper painting and sculpture Some of these had rarely been displayed others although familiar were being shown in new and even startling contexts The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity From publisher's description

Accounting History and the Rise of Civilization, Volume I Gary Giroux, 2017-04-26 Volume 1 of Accounting History covers the first 10 000 plus years of the rise of accounting and civilization Conveniently accounting was part of the developing culture from the start With fortified villages accumulating wealth meant inventory accounting first using tokens clay balls and eventually writing plus the abstract concepts of numbers Cultures evolved in Mesopotamia and elsewhere After the Crusades Italian city states created merchant wealth based on the creation of double entry Luca Pacioli's Summa described the Venetian system which traveled north thanks to Gutenberg's printing press Enhanced forms of manufacturing banking and merchant trade continued England proved to be a special place where the Industrial Revolution was born Along the way accounting sophistication rose as entrepreneurs discovered the need for complex information to survive Accounting became a profession as business became big and important enough to employ professionals The United States went from an agrarian backwater to an industrial power in 100 years Accounting sophistication matched business complexity as manufacturing accounting and control techniques developed capable of providing information needed to run giant firms

Railroads became big requiring complex accounting system Andrew Carnegie used his railroad experience to adapt the railroad accounting systems to steel manufacturing Industries consolidated and the need for effective accounting control became imperative Du Pont proved to be the most effective innovator and this knowledge expanded at General Motors systems that dominated beyond the mid 20th century Accounting History is written for accounting and business students plus business professionals It s not written for accounting historians although they may find this book useful The writing is basic without much jargon so the general public will also find this book insightful
