Secrets Of The Conjurers Craft:

This is Magic Will Dexter, *This is Magic. Secrets of the Conjurer's Craft. [With Illustrations.].* Will DEXTER (pseud.),1958 **The Secret History of Magic** Peter Lamont,Jim Steinmeyer,2018-07-17 Pull back the curtain on the real history of magic and discover why magic really matters If you read a standard history of magic you learn that it begins in ancient Egypt with the resurrection of a goose in front of the Pharaoh You discover how magicians were tortured and killed during the age of witchcraft You are told how conjuring tricks were used to quell rebellious colonial natives The history of magic is full of such stories which turn out not to be true Behind the smoke and mirrors however lies the real story of magic It is a history of people from humble roots who made and lost fortunes and who deceived kings and queens In order to survive they concealed many secrets yet they revealed some and they stole others They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but which desperately needs a sense of wonder *This is Magic. Secrets of the Conjurer's Craft. [With Illustrations.].* Will Dexter,1958 *Mississippi Folk and the Tales They Tell* Diane Williams,2014-03-04 From the hills to the coast the people of Mississippi have stories to tell Most would never guess that Raleigh Mississippi once played host to the National Tobacco Spitting Contest Over in Okolona children are told of the man who lived and died deep down in a hole and scared passersby From the gandy dancers who built the first train tracks in Mississippi to the eight foot tall man who lived in the woods of Columbia read tales that range from common myth to a good bit of righteous gossip Author and storyteller Diane Williams traveled across the Magnolia State to gather these local legends and has compiled them into an inquisitive laugh out loud collection *Empire of Enchantment* John Zubrzycki,2018 How Indian magic descended from the realm of the gods to become a popular amusement for the masses around the globe Provided by publisher **This is Magic** William Thomas Pritchard,1958 *Missing Pieces* Robert A. Baker,1992-05 Readers wishing to investigate paranormal claims can learn how the professionals do it Missing Pieces is filled with practical information on checking out every type of mysterious anomaly including UFO sightings ghost hauntings psychic feats and other weird events This is a complete handbook featuring tactics and techniques you can use immediately to get at the truth Learn how to conduct investigations interrogate witnesses recognize deception and use the mental and electronic tools of the trade for ghostbusting Uncover the tricks used by those who say they can heal or influence behavior using only the power of their minds Expose those who allege that they were selected by gods or extraterrestrials to bring messages to humankind Baker and Nickell also address why otherwise intelligent people often accept paranormal claims without question and how the investigator can use the media to spread the
