Anthony Hart,2022-03-10 Rail By Request is an enthusiast s personal story and tells how the author visited photographed and
spent time at every request stop on mainland Britain It also explains where his love of railways is rooted why he began this
odyssey and how it became a very different and important experience to him Journeying across the whole railway map to
capture these often ignored stops not just for posterity but for the journey The lure of request stops and the practicalities of
completing the journey to discover them is the core of the story Researching every request stop in Britain and planning how
to get there and overcoming any difficulties became a source of great satisfaction Every stop is described and has at least
one illustration Some historical context to the stops is included with current statistics The story also shows how he ticked off
each stop but unexpectedly found himself passing the time engaged in a form of railwayana mindfulness allowing the world
to rush past whilst being alive in the moment It shows a calmer slower world does exist **Official Catalogue of the**
