the divine With a powerful call for the place of beauty and aesthetics in the writing of history Shakeshaft uncovers the cultural dialogue between beauty and the gods in a variety of contexts in the Archaic Greek world in forms of divine worship in poetry music and dance in attitudes to the natural environment and in architecture and art This early chapter of Greek history he argues holds an unrecognised key to understanding some long running threads in the histories of religion art and aesthetics from Plato s aesthetic theories to beauty s status in contemporary discourse Beauty s deep past and divine connection in ancient Greece can help us see beauty now in sharper focus **Benjamin on Fashion** Philipp

Ekardt,2020-02-20 Benjamin on Fashion reconstructs and redefines Walter Benjamin s complex fragmentary and yet influential fashion theory that he developed in the Arcades Project 1927 1940 and beyond while situating it within the environment from which it emerged 1930s Parisian couture In this insightful new book Philipp Ekardt brings Benjamin into discussion with a number of important but frequently overlooked sources Amongst many others these include the German fashion critic Helen Grund who introduced him to the contemporary fashion scene Georg Simmel s fashion sociology Henri Focillon s morphological art history designs by Elsa Schiaparelli and Madeleine Vionnet films by L Herbiere and others starring Mae West and the photography of George Hoyningen Huene and Man Ray In doing so Ekardt demonstrates how fashion and silhouettes became grounded in sex how an ideal of the elegant animation of matter was pitted against the concept of an obdurate fashion form and how Benjamin s idea of fashion s tiger s leap into the past paralleled the return of 1930s couture to the depths of fashion history The use of such relevant sources makes this crucial for understanding Benjamin both as a thinker and a cultural theorist *New York Magazine* ,1984-10-22 New York magazine was born in 1968
