Seduction 1982 Movie:

Nightmare Movies Kim Newman, 2011-04-18 Now over twenty years old the original edition of Nightmare Movies has retained its place as a true classic of cult film criticism. In this new edition Kim Newman brings his seminal work completely up to date both reassessing his earlier evaluations and adding a second part that analyses the last two decades of horror films with all the wit, intelligence and insight for which he is known. Since the publication of the first edition horror has been on a gradual upswing and has gained a new and stronger hold over the film industry. Newman negotiates his way through a vast back catalogue of horror and charts the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 1960s through to the slick releases of the 2000s. Nightmare Movies is an invaluable companion that not only provides a newly updated history of the darker side of film but also acts as a truly entertaining guide with which to explore the less well trodden paths of horror and rediscover the classics with a newly instructed eye. The Worst We Can Find

Dale Sherman, 2023-06-15 Had you tuned in to the small television station KTMA on Thanksgiving Day 1988 you would have been one of the few witnesses to pop culture history being made. On that day viewers in and around St Paul Minnesota were treated to a genuine oddity in which a man and his robots trapped within a defiantly DIY sci fi set cracked jokes while watching a terrible movie. It was a cockeyed twist on the local TV programs of the past in which a host would introduce old cheaply licensed films. And though its origins may have been inauspicious, Mystery Science Theater 3000 captured the spirit of what had been a beloved pastime for generations of wags, wisecracks and smartalecks and would soon go on to inspire countless more. The Worst We Can Find is a comprehensive history of and guide to MST3K and its various offshoots including Rifftrax, Cinematic Titanic and The Mads Are Back whose lean crew of writers, performers and puppeteers have now been making fun of movies for over thirty years. It investigates how riffing of films evolved, recounts the history of these programs and considers how a practice guaranteed to annoy real life fellow moviegoers grew into such a beloved, long lasting franchise. As author Dale Sherman explains, creative heckling has been around forever but MST3K and its progeny managed to redirect that art into a style that was both affectionate and cutting, winning the devotion of countless fans and aspiring riffers.

From Soul to Hip Hop Tom Perchard, 2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in

writings that have often become regarded as landmarks in black musical scholarship. These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades. While much of the writing here is focused on music and musicians in the United States, the book also documents important and emergent trends in the study of these styles as they have spread across the world. The volume maintains the original publication format and pagination of each essay, making for easy and accurate cross-reference and citation. Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole, situating the present essays in a longer and wider tradition of African American music studies. In bringing together and contextualising works that are always valuable but sometimes difficult to access, the volume forms an excellent introductory resource for university music students and researchers.
