A Dangerous Woman Susan Ronald, 2018-02-20 A revealing biography of Florence Gould fabulously wealthy socialite and patron of the arts who hid a dark past as a Nazi collaborator in 1940 s Paris Born in turn of the century San Francisco to French parents Florence moved to Paris at the age of eleven Believing that only money brought respectability and happiness she became the third wife of Frank Jay Gould son of the railway millionaire Jay Gould She guided Frank s millions into hotels

and casinos creating a luxury hotel and casino empire She entertained Zelda and Scott Fitzgerald Pablo Picasso Joseph Kennedy and many Hollywood stars like Charlie Chaplin who became her lover While the party ended for most Americans after the Crash of 1929 Frank and Florence stayed on fearing retribution by the IRS During the Occupation Florence took several German lovers and hosted a controversial Nazi salon As the Allies closed in the unscrupulous Florence became embroiled in a notorious money laundering operation for Hermann Goering's Aerobank Yet after the war not only did she avoid prosecution but her vast fortune bought her respectability as a significant contributor to the Metropolitan Museum and New York University among many others It also earned her friends like Estée Lauder who obligingly looked the other way A seductive and utterly amoral woman who loved to say money doesn't care who owns it Florence's life proved a strong argument that perhaps money can buy happiness after all

The Other Americans in Paris Nancy L. Green, 2014-07-07 A thorough and perceptive portrait of the not so famous expatriates of the City of Light The Wall Street Journal History may remember the American artists writers and musicians of the Left Bank best but the reality is that there were many more American businessmen socialites manufacturers representatives and lawyers living on the other side of the River Seine Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives they provide a new view of the notion of expatriates Historian Nancy L. Green introduces us for the first time to a long forgotten part of the American overseas population predecessors to today's expats while exploring the politics of citizenship and the business relationships love lives and wealth or in some cases poverty of Americans who staked their claim to the City of Light *The Other Americans in Paris* shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century

The Club Jennifer Dasal, 2025-07-15 Through masterful research and sparkling prose *The Club* feels like an exclusive invitation to a Parisian enclave during an era of artistic and social transformation Michael Finkel 1 New York Times best selling author of *The Art Thief* A deliciously entertaining never before told history of a residence for American women artists in Paris from 1893 to 1914 In Belle époque Paris the Eiffel Tower was newly built France was experiencing remarkable political stability and American women were painting the town and gathering at a female only Residence known as The American Girls Club in Paris Opened in 1893 The Club was the center of expatriate living and of dedication to a calling in the fine arts and singularly harbored a generation of independent talented and driven American women Now in *The Club* curator art historian and podcast host Jennifer Dasal presents the never before told story of the Club the philanthropists who created it and the artists it housed These women forged connections in the arts and letters with luminaries like Auguste Rodin and Gertrude Stein or became activists through their relationships with the likes of Emmeline Pankhurst But just as importantly these women's lives revealed the power of the Club itself and the way that having a safe home for single women of ambition allowed them to grow as teachers artists suffragists and people For readers interested in women's lives as captured in books like *The*

Barbizon art history buffs who loved Ninth Street Women and armchair travelers longing to visit Belle poque Paris The Club is a captivating colorful new history "Liberty to the Downtrodden" Matthew J. Traveling Beyond Her Sphere Bess Beatty,2016-09-08 A history of American women challenging domesticity by touring Europe in the 19th and early 20th centuries The nineteenth century ideal of domesticity identified home as women s proper sphere but the ideal was frequently challenged profoundly so when woman left home and country to travel in foreign lands This book explores the reasons for and ramifications of women making a Grand Tour a trip to Europe between 1814 and 1914 this century between major European wars witnessed the golden age of American Grand Tours Men and women alike were inspired by a Euro centric education that valued the Old World as the fountainhead of their civilization Reaching Europe necessitated an Ocean crossing a disorienting time taking women far from domestic comfort Once abroad American women had to juggle accustomed norms of behavior with the demands of travel and customs of foreign lands Wearing proper attire even when hiking in the Alps coping with unfamiliar languages grappling with ever changing rules about customs and passports traveling alone these were just some of the challenges women faced when traveling Some traveled with their husband others with female relatives and friends and a few entirely alone Traveling companions had to agree on where to stay when and where to dine how to travel and where to go The sinking of the Titanic in 1912 made clear that even in the twentieth century a Grand Tour involved risk Because more women survived than men some insisted that the Titanic s example should curb female independence However a growing number of women continued making a Grand Tour for the next two year It was the outbreak of war in Europe in 1914 that temporarily brought an end to a century of female Grand Tours Beatty s ability to weave the experiences of hundreds of American women on the Grand Tour in Europe into a consistent narrative is per se a remarkable feat But the author does much more than that She uses the journey as trope to represent the long and difficult process of women s emancipation in its several cultural psychological social and political dimensions Susanna Delfino Professor of American History retired University of Genoa Italy *Making Jazz French* Jeffrey H. Transnational Coupling in the Age of Nation Making during the 19th and 20th Centuries Nicole Leopoldie,2023-02-14 This work examines and compares courtship and marriage patterns that occurred between France and the United States during the nineteenth and twentieth centuries Departing from state centered studies of marriage law it draws on the methodologies of transnational history cultural history and the history of emotion to show that these unions were part of a broader pattern of the larger cultural love affair between the two societies *Traveling to Unknown Places* Lloyd S. Kramer,2024-09-24 Traveling to Unknown Places presents a compelling incisive analysis of how French and American writers reshaped their personal and collective identities as they traveled in foreign countries after the social upheavals of the eighteenth century Atlantic revolutions Delving into the experiences of renowned figures like Flora Tristan and Margaret Fuller alongside lesser known postrevolutionary travelers this book illuminates how cross cultural encounters pushed writers to redefine their views of nationality language race slavery gender religion science and political ideologies Lloyd Kramer deftly demonstrates how unsettling journeys challenged cultural preconceptions and fostered introspective writings that transcended geographical boundaries By interweaving the perspectives of women and men whose travels led them far beyond their youthful social origins Kramer unveils a rich tapestry of evolving selfhood ambition and political consciousness across the Atlantic world Each traveler s experience was unique but long journeys connected all these nineteenth century writers with others who had traveled before and trips into unknown distant cultures also carried travelers toward previously unknown places within themselves

'A Happy Holiday' Cecilia Louise Morgan,2008-01-01 One of the most revealing things about national character is the way that citizens react to and report on their travels abroad Oftentimes a tourist s experience with a foreign place says as much about their country of origin as it does about their destination A Happy Holiday examines the travels of English speaking Canadian men and women to Britain and Europe during the late nineteenth and early twentieth centuries It describes the experiences of tourists detailing where they went and their reactions to tourist sites and draws attention to the centrality of culture and the sensory dimensions of overseas tourism Among the specific topics explored are travellers class relationships with people in the tourism industry impressions of historic landscapes in Britain and Europe descriptions of imperial spectacles and cultural sights the use of public spaces and encounters with fellow tourists and how such encounters either solidified or unsettled national subjectivities Cecilia Morgan draws our attention to the important ambiguities between empire and nation and how this relationship was dealt with by tourists in foreign lands Based on personal letters diaries newspapers and periodicals from across Canada A Happy Holiday argues that overseas tourism offered people the chance to explore questions of identity
