See Naples and Die Tom Behan, 2002-08-23 Publisher Description **See Naples and Die** Penelope Green, 2010-07-01

The second book in a much loved Italian travel memoir trilogy which also includes the delightful *When in Rome* and *Girl by Sea*. After three years living and working in Italy, Australian journalist Penelope Green needs a reason to stick around: true love or gainful employment. When a job comes up in Naples, crime capital of Italy, home of pizza and the Camorra and crouched at the foot of a volcano, Penny launches herself into the unknown. With her innate curiosity and eye for detail, Penny prisms Naples open to show us the real city in all its splendour and all its depravity. She uncovers a chaotic metropolis where crime and poverty blur with abundant natural beauty and where the shadow of Mount Vesuvius is a daily reminder that life must be lived for the moment. And when Penny meets a bass player in a local band, she thinks she might have found that other reason to stick around. This is a bewitching true tale of a tantalising city. *Magnifico* Marie Claire, frank, funny and honest. Notebook Her down-to-earth tone and genuine curiosity make for an interesting and insightful read. *Sun Herald* Author Biography Penelope Green was born in Sydney and worked as a print journalist around Australia for a decade before moving to Rome in 2002. Her first book *When in Rome* recounts her early experiences in the Eternal City. In 2005 she moved to Naples to work for ANSAmed, a Mediterranean news service. She found an apartment in the city's colourful Spanish Quarter, worked hard at mastering the Neapolitan dialect and writing her second travel memoir. *See Naples and Die*. *Girl by Sea* completes Penny's Italian experience as she moves to the idyllic island of Procida across the bay from Capri with her Italian partner Alfonso. The couple have now returned to Australia where they are making a new life for themselves back in the Southern Hemisphere. Umberto Santino, one of Italy's leading mafia experts, here provides a new perspective on the mafia as a polymorphic organization which encompasses crime, the accumulation of corruptly acquired wealth and power, the cultural code of omertà and consensus. Exploring the movements which strive to fight against the powers of the mafia, such as the campaigns of civil society organizations like the Centro siciliano di documentazione, the author also provides a fresh look at the mechanisms and struggles of the antimafia movement. *The Camorra* Tom Behan, 2005-08-18 Over the last twenty years, the camorra of Naples and the surrounding region has risen to a level of strength rivalling that of the Sicilian mafia. This is not a new organization; the Camorra first emerged in the last century, several decades before the mafia. Tom Behan traces the history of the organization from its inception to the present. Until the 1970s, the extent of its influence fluctuated, although it always maintained close relationships with the politicians of the region. However, since the 1970s, new and more powerful forms of camorra have developed. Raffaele Cutolo's mass camorra of unemployed youth specialise in protection rackets. Lorenzo Nuvoletta's business camorra has reinvested drug money into construction following the 1980 earthquake, and Carmine

Alfieri's political camorra has become extremely profitable through its ability to obtain public sector contracts. The Camorra is a fascinating account of the transformation of the small time cigarette smugglers of the 1960s to the international entrepreneurs of the 1990s.

Criminality and Power in the Postcolonial City Maria Ridda, 2022-11-21. This book investigates the literary imaginings of the postcolonial city through the lens of crime in texts set in Naples and Mumbai from the 1990s to the present. Employing the analogy of a black hole, it posits the discourse on criminality as a way to investigate the contemporary spatial manifestations of coloniality and global capitalist urbanity. Despite their different histories, Mumbai and Naples have remarkable similarities. Both are port cities, gateways to their countries and regional trade networks, and both are marked by extreme wealth and poverty. They are also the sites and symbolic battlegrounds for a wider struggle in which the North exploits the South and the South fights back. As one of the characters of the novel *The Neapolitan Book of the Dead* puts it, a narrativisation of the underworld allows for a discovery of a different city from its forgotten corners. Crime provides a means to understand the relationship between space and society, culture in a number of cities across the Global South by tracing a narrative of postcolonial urbanity that exposes the connections between exploitation and the ongoing coloniality of power.

Women of the Mafia Felia Allum, 2024-07-15. *Women of the Mafia* dives into the Neapolitan criminal underworld of the Camorra as seen and lived by the women who inhabit it. It tells their life stories and unpacks the gender dynamics by examining their participation as active agents in the organization as leaders, managers, foot soldiers, and enablers. Felia Allum shows that these women are true partners in crime. The author offers an innovative interdisciplinary analysis that demystifies the notion that the Camorra is a sexist, male-centric organization. She links her analysis of Camorra culture within the wider Neapolitan context to show how mothers and women act and are treated in the private sphere of the household and how the family helps explain the power women have found in the Neapolitan Camorra. It is civil society and law enforcement agencies that continue to see the Camorra using traditional gender assumptions which render women irrelevant and lacking independent agency in the criminal underworld. In *Women of the Mafia*, Allum debunks these assumptions by revealing the power and influence of women in the Camorra.

Organised Crime in Europe Cyrille Fijnaut, Letizia Paoli, 2007-01-21. This volume represents the first attempt to systematically compare organised crime concepts as well as historical and contemporary patterns and control policies in thirteen European countries. These include seven old EU Member States: Denmark, France, Germany, Italy, The Netherlands, Spain, and the United Kingdom; two new members: the Czech Republic and Poland; a candidate country: Turkey; and three non-EU countries: Albania, Russia, and Switzerland. Based on a standardised research protocol, thirty-three experts from different legal and social disciplines provide insight through detailed country reports. On this basis, the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime. Its informed analyses and unprejudiced assessments will make *Organised Crime in Europe* an indispensable resource for scholars, students, practitioners, and policy makers interested in understanding the complex
