

# See Sicily

A photograph of ancient ruins in Sicily. In the foreground, a large, weathered stone archway frames the view. To the right, a tall, fluted stone column stands amidst lush green foliage. In the background, a building with a prominent red dome is visible, partially obscured by trees and vines. The scene is bathed in warm, golden light, suggesting a sunset or sunrise.

# See Sicily A Complete Gide With Maps

**George Bradshaw**

## See Sicily A Complete Gide With Maps:

See Sicily Paul Watkins, 1980      The Landmark Thucydides Robert B. Strassler, 1998-09-10 Thucydides called his account of two decades of war between Athens and Sparta a possession for all time and indeed it is the first and still the most famous work in the Western historical tradition Considered essential reading for generals statesmen and liberally educated citizens for more than 2 000 years The Peloponnesian War is a mine of military moral political and philosophical wisdom However this classic book has long presented obstacles to the uninitiated reader Written centuries before the rise of modern historiography Thucydides narrative is not continuous or linear His authoritative chronicle of what he considered the greatest war of all time is rigorous and meticulous yet omits the many aids to comprehension modern readers take for granted such as brief biographies of the story's main characters maps and other visual enhancements and background on the military cultural and political traditions of ancient Greece Robert Strassler's new edition amends these omissions and not only provides a new coherence to the narrative overall but effectively reconstructs the lost cultural context that Thucydides shared with his original audience Based on the venerable Richard Crawley translation updated and revised for modern readers The Landmark Thucydides includes a vast array of superbly designed and presented maps brief informative appendices by outstanding classical scholars on subjects of special relevance to the text explanatory marginal notes on each page an index of unprecedented subtlety and depth and numerous other useful features Readers will find that with this edition they can dip into the text at any point and be immediately oriented with regard to the geography season date and stage of the conflict In any list of the Great Books of Western Civilization The Peloponnesian War stands near the top This handsome elegant and authoritative new edition will ensure that its greatness is appreciated by future generations      **The**
