Seeds Of Time:

The Seeds of Time Kay Kenyon, 2011 Time travel was never like this tied to the motions of the stars a short cut across the galaxy and if you're a rare Dive pilot a chance to be a hero Clio Finn is one of these a space pilot on the run from a dystopian and graying Earth toward the only future she ever wanted the stars Problem is she's on the razor edge of burnout Next stop a labor camp in dictatorial America Clio might be in it for escape for adventure but there's also that hero thing Her mission to retrieve viable biota to reseed the Earth Now a long way from home she's found the jackpot a lush paradise with plant life so vital its seeds could give Earth a second chance or as her enemies believe seal its destruction But she's determined to bring her payload home It's Clio Finn's last Dive It's Earth's last chance *The Seeds of Time* John Wyndham, 1956 In these short stories we are in a world where time barriers have ceased there is discrimination against Martians and where not only thought transference but also body transference is an everyday event Looking Into the Seeds of Time Y. S. Brenner, This refreshing work combines the history of economics and the practice of modern development As all living is action and living implies choices any theory of development must start with the person Modern life reflects the fears of a society trying to escape the anxieties demons and ghosts of a long dark era of unemployment and starvation The problem of development is the contradiction between technological potentials and cultural inheritances
