Coleridge and Newman The Centrality of Conscience documents more fully than ever before the extent of Coleridge's influence on Newman Both men sought to develop an argument for God's existence by understanding conscience as the moral self-awareness that makes us human The study provides fresh readings of three texts by Coleridge and three by Newman The result of these comparative readings is a rhetoric that both informs and invites the reader to personal reflection

Thoreau's Ecstatic Witness Alan D. Hodder, 2008-10-01 When Henry David Thoreau died in 1862 friends and admirers remembered him as an eccentric man whose outer life was continuously fed by deeper spiritual currents But scholars have since focused almost exclusively on Thoreau's literary political and scientific contributions This book offers the first in depth study of Thoreau's religious thought and experience In it Alan D Hodder recovers the lost spiritual dimension of the writer's life revealing a deeply religious man who despite his rejection of organized religion possessed a rich inner life characterized by a sort of personal experiential nature centered and eclectic spirituality that finds wider expression in America today At the heart of Thoreau's life were episodes of exhilaration in nature that he commonly referred to as his ecstasies Hodder explores these representations of ecstasy throughout Thoreau's writings from the riverside reflections of his first book through Walden and the later journals when he conceived his journal writing as a spiritual discipline in itself and a kind of forum in which to cultivate experiences of contemplative non attachment In doing so Hodder restores to our understanding the deeper spiritual dimension of Thoreau's life to which his writings everywhere bear witness

communications **Peculiar Crossroads** Farrell O'Gorman, 2008-01-01 In *Peculiar Crossroads* Farrell O'Gorman explains how the radical religiosity of both Flannery O'Connor's and Walker Percy's vision made them so valuable as southern fiction writers and social critics. Via their spiritual and philosophical concerns O'Gorman asserts these two unabashedly Catholic authors bequeathed a postmodern South of shopping malls and interstates imbued with as much meaning as Appomattox or Yoknapatawpha. O'Gorman builds his argument with biographical, historical, literary, and theological evidence, examining the writers' work through intriguing pairings such as O'Connor's *Wise Blood* with Percy's *The Moviegoer* and O'Connor's *A Good Man Is Hard to Find* with Percy's *Lancelot*. An impeccable exercise in literary history and criticism, *Peculiar Crossroads* renders a genuine understanding of the Catholic sensibility of both O'Connor and Percy and their influence among contemporary southern writers.

Mystical Discourse in Wordsworth and Whitman D. J. Moores, 2006 In *Mystical Discourse* D. J. Moores builds on the work of current transatlantic scholarship in a lucid analysis of the connections between William Wordsworth and Walt Whitman. As he demonstrates, the transatlantic bridge between both poets lies in their privileging of a type of mystical language he calls cosmic rhetoric, which served the function of ideological resistance as it enabled them to rebel against Enlightenment modes of thinking and being. In a thorough engagement with the work of Wordsworth and Whitman, Moores shows that the cosmic rhetoric of both writers involves a subversive reorientation towards self and society, nature and God, and knowledge and religion, as well as a radical revisioning of language and poetics.

Religious Imaginaries Karen Dieleman, 2012-10-02 Explores liturgical practice as formative for how three Victorian women poets imagined the world and their place in it, and consequently for how they developed their creative and critical religious poetics. This new study rethinks several assumptions in the field: that Victorian women's faith commitments tended to limit creativity; that the contours of church experiences matter little for understanding religious poetry; and that gender is more significant than liturgy in shaping women's religious poetry. Exploring the import of bodily experience for spiritual, emotional, and cognitive forms of knowing, Karen Dieleman explains and clarifies the deep orientations of different strands of nineteenth-century Christianity, such as Congregationalism's high regard for verbal proclamation, Anglicanism's and Anglo-Catholicism's valuation of manifestation, and revivalist Roman Catholicism's recuperation of an affective aesthetic. Looking specifically at Elizabeth Barrett Browning, Christina Rossetti, and Adelaide Procter as astute participants in their chosen strands of Christianity, Dieleman reveals the subtle textures of these women's religious poetry: the different voices, genres, and aesthetics they create in response to their worship experiences. Part recuperation, part reinterpretation, Dieleman's readings highlight each poet's innovative religious poetics. Dieleman devotes two chapters to each of the three poets; the first chapter in each pair delineates the poet's denominational practices and commitments; the second reads the corresponding poetry. *Religious Imaginaries* has appeal for scholars of Victorian literary criticism and scholars of Victorian religion, supporting its theoretical paradigm by digging deeply into primary sources associated with the actual churches in which the poets worshipped.

detailing not only the liturgical practices but also the architectural environments that influenced the worshipper's formation. By going far beyond descriptions of various doctrinal positions, this research significantly deepens our critical understanding of Victorian Christianity and the culture it influenced. **Transforming Scriptures** Katherine Clay Bassard, 2011

Transforming Scriptures is the first sustained treatment of African American women writers' intellectual and theological engagements with the book Northrop Frye referred to as the great code of Western civilization. Katherine Clay Bassard discusses how such texts respond as a collective literary witness to the use of the Bible for purposes of social domination.

Fragrant Rivers of Wisdom A. Christian van Gorder, 2021-12-09 Buddhism and Christianity are ancient, rich, and multivalent wisdom/spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points. *Fragrant Rivers of Wisdom* explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith. This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross. Both teachers share the power of love, the joys of healing, encouragement, and the creative resources of spirit-filled living. Their ancient words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge. *Authority and Reform* Mark G. Vásquez, 2003 As a reformatory force, the literary text encouraged activism among all its readers but affected and was affected by women more profoundly than and differently from men.
