horizons of taste and the possibilities of stagecraft In the late 19th and early 20th centuries many writers reacted to urban modernity by embracing decadent themes and styles and dramatists were no exception Decadence offered these writers a framework for exploring nonconformist identities and beliefs that challenged behavioural norms as much as the desirability of modern progress Decadent plays were at once behind the times in their celebration of antiquity and forward thinking in their staging of themes that have become all the more timely in the 21st century including queerness unconventional eroticism and critiques of empire and industrial progress Equally the diversity of decadent drama cannot be pigeon holed many of these plays still have the capacity to offend worldviews and invite us to interrogate present day conventions and propriety International in scope and eclectic in content this edited anthology is an authoritative and accessible introduction to a fast expanding field of decadent literature The first publication of its kind to deal with decadent drama and featuring plays translated into English for the first time Decadent Plays 1890 to 1930 breaks new ground by foregrounding decadence as a dramatic sensibility in this most pivotal of periods in the history of modern drama Featuring canonical and little known works by Oscar Wilde Michael Field Lesya Ukrainka Rachilde Remy de Gourmont Jean Lorrain Leonid Andreyev Gabriele D Annunzio Maurice Maeterlinck Izumi Kyoka and Djuna Barnes this anthology is an essential introduction to decadent drama that will pique the interest of specialists and non specialists alike
