Scott C. Dulebohn

Seinte Marherete The Meiden Ant Martyr:

Seinte Marherete the Meiden Ant Martyr, in Old English Saint Margaret (of Antioch),1866 *Seinte Marherete the Meiden Ant Martyr in Old English Now First Edited from the Skin Books* by Oswald Cockayne ,1970 Seinte Marherete the meiden ant martyr, in Old English Thomas Oswald Cockayne,1866 Seinte Marherete þe meiden ant martyr, in old English. Now first edited from the skin books by ... O. Cockayne ,1862 **Seinte Marherete the Meiden Ant Martyr in Old English** Marherete,1866 Seinte Marherete Oswald Cockayne,1862 **Virgin Martyrs** Karen A. Winstead,2018-05-31 Stories of the torture and execution of beautiful Christian women first appeared in late antiquity and proliferated during the early Middle Ages A thousand years later virgin martyrs were still the most popular female saints Their legends in countless retellings through the centuries preserved a standard plot the heroine resists a pagan suitor endures cruelties inflicted by her rejected lover or outraged family works miracles and dies for Christ That sequence was embellished by incidents emblematic of the specific saint Juliana s battle with the devil Barbara s immurement in the tower Katherine s encounter with spiked wheels Karen A Winstead examines this seemingly static story form and discovers subtle shifts in the representation of the virgin martyrs as their legends were adapted for changing audiences in late medieval England Medieval Virginities Ruth Evans,Sarah Salih,Anke Bernau,2003-01-01 The variety of subjects and disciplines represented here testify both to the elusiveness of virginity and to its lasting appeal and importance Medieval Virginities shows how virginity s inherent ambiguity highlights the problems contradictions and discontinuities lurking within medieval ideologies *Medieval Hagiography* Thomas Head,2018-10-24 This collection presents through the medium of translated sources a comprehensive guide to the development of hagiography and the cult of the saints in western Christendom during the middle ages It provides an unparalleled resource for the study of the ideals of sanctity and the practice of religion in the medieval west Intended for the classroom for the medieval scholar who wishes to explore sources in unfamiliar languages and for the general reader fascinated by the saints this collection provides the reader a chance to explore in depth a full range of writings about the saints the term hagiography is derived from Greek roots hagios holy and graphe writing The thirty six chapters contain sources either in their entirety or in selections of substantial length The great majority of the texts have never previously appeared in English translation Those which have appeared in earlier translation are here presented in versions based on significant new textual and historical scholarship which makes them significant improvements on the earlier versions All the translations are accompanied by introductions notes and suggestions for further reading in order to help guide the reader The first selections date to the fourth century when the ideals of Christian sanctity were evolving to meet the demands of a world in which Christianity was an accepted religion and when the public veneration of relics was growing greatly in scope The last selections date to the period immediately prior to the Reformation a period in which the traditional concept of sanctity and acceptability of de cult of relics was being questioned In addition to numerous works from

the clerical languages of Latin and Greek the selections include translations from Romance Celtic Germanic and Slavic vernacular languages as well as Hebrew texts concerning the martyrdom of Jews at the hands of Christians Originating in lands from Iceland to Hungary and from the Baltic to the Mediterranean they are taken from a full range of the many genres which constituted hagiography lives of the saints collections of miracle stories accounts of the discovery or movement of relics liturgical books visions canonization inquests and even heresy trials *Hali Meidenhad* Frederick James Furnivall, Thomas Oswald Cockayne, 1922 **The Katherine Group (MS Bodley 34)**, 2016-10-10 The Katherine Group brings together for the first time newly edited and translated versions of three dynamic saints lives The Lives of Saints Katherine Margaret and Juliana a quirky but rhetorically persuasive guide to virginity Hali Meidenhad and a psychologically astute sermon Sawles Warde The Guardianship of the Soul These works are important witnesses to the development of Middle English writing after the Conquest and to the rigorous anchoritic spiritual life pursued by female recluses in medieval England *The Oxford History of Poetry in English* Helen Cooper, Robert R. Edwards, 2023-05-09 The Oxford History of Poetry in English is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales The series both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes This volume occupies both a foundational and a revolutionary place Its opening date 1100 marks the re emergence of a vernacular poetic record in English after the political and cultural disruption of the Norman Conquest By its end date 1400 English poetry had become an established if still evolving literary tradition The period between these dates sees major innovations and developments in language topics poetic forms and means of expression Middle English poetry reflects the influence of multiple contexts history social institutions manuscript production old and new models of versification medieval poetic theory and the other literary languages of England It thus emphasizes the aesthetic imaginative treatment of new and received materials by medieval writers and the formal craft required for their verse Individual chapters treat the representation of national history and mythology contemporary issues and the shared doctrine and learning provided by sacred and secular sources including the Bible Throughout the period lyric and romance figure prominently as genres and poetic modes while some works hover enticingly on the boundary of genre and discursive forms The volume ends with chapters on the major writers of the late fourteenth century Langland the Gawain poet Chaucer and Gower and with a look forward to the reception of something like a national literary tradition in fifteenth century literary culture **Early English Text Society**, 1922 **Menacing Virgins** Kathleen Coyne Kelly, Marina Leslie, 1999-05 The essays in *Menacing Virgins* Representing Virginity in the Middle Ages and the Renaissance examine the nexus of religious political economic and aesthetic values that produce the Western European myth of virginity and explore

how those complex cultural forces animate empower discipline disclose mystify and menace the virginal body As the title suggests the virgin can be seen alternately or even simultaneously as menaced or menacing To chart the history of virginity as a steady evolutionary progression from a religious ideal in the Middle Ages toward a more secularized or sovereign ideal in the Renaissance would obscure how unstable a concept chastity is in both periods What this collection demonstrates is that medieval and early modern attitudes toward virginity are not general and evolutionary but specific changeable and often conflicted

Tolkien on Chaucer, 1913-1959 John M. Bowers, Peter Steffensen, 2024-09-10 Tolkien on Chaucer 1913 59 traces J R R Tolkien s critical engagements with Geoffrey Chaucer from his undergraduate Oxford essays in 1913 to remarks in his retirement lecture in 1959 Reprinted with both Tolkien s own annotations and new notes from the authors this book analyses his major articles such as Chaucer as a Philologist The Reeve s Tale as well as his unpublished edition of the Reeve s Tale and his lectures on the Clerk s Tale and the Pardoner s Tale Though his scholarship was best known for his work on Beowulf Tolkien was also an expert on Geoffrey Chaucer He lectured on Chaucer edited Chaucer and published essays on Chaucer Tolkien on Chaucer 1913 59 reprints many of these works for the first time and documents Tolkien s career long engagement with the poet and traces his influence in Tolkien s own works Bowers and Steffensen reveal how the Reeve s Tale was a source for Tolkien s description of Merry and Pippin s battle with Saruman and how the Pardoner s Tale influenced Tolkien s own story of men fighting to the death over a gold treasure Chaucer emerges as a major source of inspiration for Tolkien s creative writings and profoundly formative in the creation of The Lord of the Rings

Versions of Virginity in Late Medieval England Sarah Salih, 2001 This study looks at the question of what it meant to be a virgin in the Middle Ages and the forms which female virginity took It begins with the assumptions that there is more to virginity than sexual inexperience and that virginity may be considered as a gendered identity

Troubled Vision E. Campbell, R. Mills, 2016-04-30 Troubled Vision is an interdisciplinary collection of essays that explores the interface between gender sexuality and vision in medieval culture The volume represents an exciting array of scholarship dealing with visual and textual cultures from the Eleventh to the Fifteenth centuries Bringing together a range of theoretical approaches that address the troubling effects of vision on medieval texts and images the book mediates between medieval and modern constructions of gender and sexuality Troubled Vision focuses thematically on four central themes Desire looking representation and reading Topics include the gender of the gaze the visibility of queer desires troubled representations of gender and sexuality spectacle and reader response and the visual troubling of modern critical categories

Philological Quarterly, 2006

Ancrene Wisse Robert Hasenfratz, 2001-03-01 Ancrene Wisse or the Anchoresses Guide Cambridge Corpus Christi College MS 402 written sometime roughly between 1225 and 1240 represents a revision of an earlier work usually called the Ancrene Riwe or Anchorites Rule a book of religious instruction for three lay women of noble birth

Angelsächsische Grammatik Theodor Müller, 1883
