Seize And Hold Master Strokes On The Battlefield:

Seize and Hold Bryan Perrett, 2020-12-10 *SEIZE AND HOLD* vividly demonstrates how military objectives can be seized by clever tactics and ruthless action From the First World War to Vietnam this collection gives exciting atmospheric descriptions of eleven twentieth century battlefield triumphs Portraying military skills at their most daring and inventive *SEIZE AND HOLD* is full of more drama and excitement than Hollywood could ever invent *Seize and Hold* Bryan Perrett, 1995 This volume recounts eleven prime examples of coup de main military strategy from the 20th century including both World Wars Vietnam and Korea The author covers a selection of classic armed coup de main where small but powerful forces have been tasked with getting to seizing and holding until relieved important local and strategic objectives These sudden and swiftly organized and executed moves can either come from the initiative of troops on the battlefield in the heat of battle or via prior recognition of a forthcoming opportunity Topics include Balkin mountain action in 1916 the assault on Belgium 1940 Beda Fomm Meiktila in Burma Remagen Bridge Korea and Ia Drang in Vietnam *The Real Hornblower* Bryan Perrett, 2014-11-18 First published in 1997 *The Real Hornblower* offers a comprehensive and engaging account of the life and times of this great naval Admiral Ever since C S Forester's fictional hero Horatio Hornblower began to delight and enthral readers there has been speculation as to whether his adventures were based on the career of a real naval officer Several names were suggested the general conclusion was that Hornblower was a composite character However while researching the campaign that resulted in the burning of Washington's public buildings Bryan Perrett consulted Forester's *Naval War of 1812* and was surprised to discover that the author had been deliberately reticent regarding a Captain James Alexander Gordon RN who had led his squadron up the Potomac Further inspection of naval records revealed a startling number of parallels between the careers of Gordon and Hornblower Subsequent research spanning a period of ten years uncovered yet more similarities too many in fact to be a matter of simple coincidence It became apparent that while Forester certainly included other episodes in the Hornblower cycle he was aware of Gordon when the first of his books were written and that when he decided to expand the series he chose Gordon's career as the framework on which his hero's life would be based As a professional author it was neither surprising that he should conceal the fact nor that he should choose Gordon as his model Gordon had entered the Royal Navy as a semi literate eleven year old and rose to become Admiral of the Fleet He took part in major sea battles frigate actions single ship duels and operations far behind enemy lines It was the fire of his ships directed against Fort McHenry Baltimore that inspired the National Anthem He was the last Governor of the Royal Naval Hospital at Greenwich and when he died having served for more than seventy five years in the Navy *The Times* commented that he was the last of Nelson's captains That he should have attracted Forester's attention is not therefore surprising In telling the largely unknown story of Admiral Gordon's active service career Bryan Perrett has produced a book that will be appreciated by the thousands of readers who have enjoyed the adventures of Horatio Hornblower and his

successors It will also be welcomed by anyone with an interest in the naval warfare of the Napoleonic era while those who take pleasure in biography will find that they have the added bonus of an absorbing literary and historical detective story Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The Tao of Deception Ralph D. Sawyer, 2007-02-13 The definitive book on ancient military principles that is strikingly relevant to the War on Terror the war in Iraq and the rise of China as a geopolitical power

The Hitler Options Kenneth Macksey, 2015-02-19 Ten stories of what if World War II scenarios from military historians A thought provoking study of what might have been British Army Review What would have happened if Hitler invaded England in July 1940 or concentrated on the capture of Moscow in 1941 instead of first diverting to Kiev Or if Rommel had implemented Plan Orient in 1942 striking across the Middle East to join Japanese forces moving to India How would the course of World War II have been changed if Churchill had persuaded the Americans to concentrate on attacking the soft underbelly of Europe instead of Northern France In this compelling book ten acclaimed military historians explore what might have happened if at ten crucial turning points of the war Hitler had taken a different direction or how he would have reacted if the Allies had changed course Each scenario is based on real situations and are within the bounds of what could genuinely have occurred With vivid and realistic descriptions of the ensuing campaigns and battles The Hitler Options is a gripping thought provoking and at times disturbing look at what could have been

Parameters, 1994

Monty's Men John Buckley, 2013-10-15 Historian John Buckley offers a radical reappraisal of Great Britain's fighting forces during World War Two challenging the common belief that the British Army was no match for the forces of Hitler's Germany Following Britain's military commanders and troops across the battlefields of Europe from D Day to VE Day from the Normandy beaches to Arnhem and the Rhine and ultimately to the Baltic Buckley's provocative history demonstrates that the British Army was more than a match for the vaunted Nazi war machine

div DIVdiv This fascinating revisionist study of the campaign to liberate Northern Europe in the war's final years features a large cast of colorful unknowns and grand historical personages alike including Field Marshal Sir Bernard Montgomery and the prime minister Sir Winston Churchill By integrating detailed military history with personal accounts it evokes the vivid reality of men at war while putting long held misconceptions finally to rest

DIV **British Armoured Divisions and Their Commanders, 1939-1945** Richard Doherty, 2013-07-16 A total of eleven British armoured divisions were formed during the 1939-1945 war but as this highly

informative book reveals just eight saw action In 1940 only 1st Armoured Division faced the German blitzkrieg and it was in the North African desert that armoured divisions came into their own The terrain was ideal and six such divisions of Eighth Army fought Rommel's Panzers into submission Three were disbanded prior to the invasion of Sicily and Italy The campaign from D Day onwards saw the Guards Armoured 7th Armoured the Desert Rats 11th and Percy Hobart's 79th Armoured Division in the thick of the action Of particular interest are the men who commanded these elite formations and the way their characters contributed to the outcome of operations While some such as Dick McCreery went onto greater heights others did not make the grade the stakes were high A number such as Pip Roberts were just perfectly suited in the role Written by a leading military historian this book describes many fascinating aspects of armoured warfare from its uncertain beginnings through the development of tactics and the evolving tank design Due to British deficiencies reliance had to be placed on US Grants and Shermans with the Comet coming late and the Centurion too late The combination of gripping historical narrative and well researched fact make this an invaluable and highly readable work on the contribution of British Armoured Divisions to victory in the Second World War British Armour in the Normandy Campaign John Buckley, 2004-07-22 The popular perception of the performance of British armour in the Normandy campaign of 1944 is one of failure and frustration Despite overwhelming superiority in numbers Montgomery's repeated efforts to employ his armour in an offensive manner ended in a disappointing stalemate **On Armor** Bruce I. Gudmundsson, 2004-10-30 On Armor tells three important and interconnected stories The first is a tale of a technology in particular the rise and fall of the main battle tank a type of armored vehicle that came to dominate land warfare in the middle of the 20th century but is now obsolete The second is a history of ideas The problem that armored vehicles created for 20th century armies was as much about concepts of operation as it was about technology Those who got the philosophy right did well Those who lacked either the imagination or the intellectual capital to understand the rapidly evolving potential of the armored vehicle failed miserably The third story is one of organization Gudmundsson pays particular attention to how armored vehicles were combined with other forces to form an extraordinarily rich variety of units and formations He also comments on the current and future roles various types of armor will play on the battlefield The main battle tank is probably the single most important fighting vehicle of the 20th century At the same time as Gudmundsson makes clear it is only one of the many different types of armored vehicle that have played an important role in recent warfare Neither the past glory nor the current obsolescence of the main battle tank can be understood without reference to vehicles such as the armored car assault guns of various kinds armored engineer vehicles and armored personnel carriers This text also explores the role that mobile operations in World War I played in fostering the development of armored warfare the rapid decline of the French Army from its highpoint as the leading tank army in the world the role that weapons other than the tank played in the rise of the German armored force and the relationship between British ideas of armored warfare and the growth of the American armored force in World War I The Taste Of Battle Bryan

Perrett,2012-10-11 As close as you can get to the reality of war Three generations of front line soldiers recount their experiences Few people today experience a live war situation even professional soldiers can serve their career without going to war Yet the question is often asked what is it like How do combatants cope with the danger How does a battle look to the ordinary soldier In a unique mix of dialogue reportage and objective historical analysis fiction Bryan Perrett brings the reality of war to the reader in a direct no holds barred exciting narrative The fictional soldiers in this book based on recorded accounts are at the very heart of the action From Mons in 1918 through the First and Second World Wars to Malaya in 1956 Vietnam in 1968 and Kuwait in 1991

Bill Slim Robert Lyman,2011-07-20 Bill Slim was one of the greatest British generals of World War II In a career that stretched from 1914 until 1958 his greatest triumphs came in India and Burma in the long war against the Japanese Thrust into a desperate situation he orchestrated the longest retreat in British Army history in the withdrawal from Burma He then turned on the Japanese in India shattered their army and pursued them to destruction Apart from his great military victories Slim also left a legacy of training and morale building that endures in the British Army to this day This book examines both Bill Slim s military career and his place in military history by examining some of his greatest battles and the strategy and tactics that set him apart from his contemporaries

The Changing Face Of Battle Bryan Perrett,2012-10-11 A fascinating study of the changing face of the art of warfare over the past 2000 years by one of today s most readable historians Mankind has always been in conflict Without war there would be no peace no stability no safety Men go to war to defend or acquire territory that they see as rightly theirs to defend or impose beliefs that they hold as fundamental truths In 2 000 years while the causes of battle have hardly changed the conduct of battle has changed and developed apace Technology advances weaponry becomes ever more powerful military thinking shifts again and again In THE CHANGING FACE OF BATTLE historian Bryan Perrett reviews that continuous process of change from AD 9 through to the Gulf War By analysis of some 30 significant battle confrontations he shows in clear detail just how advanced we now are in the art of warfare

May 1940 ,2010-04-27 In May 1940 the Netherlands were overrun by German armed forces The five day campaign might seem to be a prime example of Blitzkrieg which led shortly afterwards to the rapid and unexpected overthrow of France This book based on the newest scholarly research argues that this is too simple a view Even though the German assault on the Netherlands made use of tanks aircraft and airborne troops it was still a classic campaign against a weak opponent in a theater on the margins of Fall Gelb In many instances artillery and infantry were the decisive factors and it is debatable whether the bombing of Rotterdam can be seen as a precursor to the aerial terror campaigns against civilian populations that marked the later stages the Second World War Contributors are H Amersfoort H W van den Doel P H Kamphuis P M J de Koster C M Schulten and J W M Schulten

The Journal of Military History ,1994 Includes scholarly articles and book reviews on topics in military history

Normandy 1944 Richard Doherty,2004 The greatest military operation in history the invasion of France on June 6 1944 has become immortalized as D Day or The Longest Day

This massive land sea and air operation led to an 11 month campaign that concluded with the surrender of Hitler's Germany in May 1945 But nothing that came after D Day equaled the achievement of that day in terms of planning preparation and logistics It was an achievement that only four years before might have seemed like a flight of fancy Normandy 1944 looks at the planning and preparation for the invasion the launching of the greatest military operation of all time and the campaign that followed in the summer of 1944 until the Allied armies closed the Falaise Gap and the Germans began their retreat from France The book looks at the personalities involved the innovations employed and the experiences of those who fought in Normandy The greatest military operation in history the invasion of France on June 6 1944 has become immortalized as D Day or The Longest Day This massive land sea and air operation led to an 11 month campaign that concluded with the surrender of Hitler's Germany in May 1945 But nothing that came after D Day equaled the achievement of that day in terms of planning preparation and logistics It was an achievement that only four years before might have seemed like a flight of fancy Normandy 1944 looks at the planning and preparation for the invasion the launching of the greatest military operation of all time and the campaign that followed in the summer of 1944 until the Allied armies closed the Falaise Gap and the Germans began their retreat from France The book looks at the personalities involved the innovations employed and the experiences of those who fought in Normandy *Combat Journal* ,2001 *Хрестовий похід у Європу* Андрій Галушка, Андрій Харук, 2025-07-27 **Air University Library Index to Military Periodicals** ,1994 **The Cumulative Book Index** ,1996 A world list of books in the English language

Embracing the Song of Expression: An Mental Symphony within **Seize And Hold Master Strokes On The Battlefield**

In a global consumed by monitors and the ceaseless chatter of instant conversation, the melodic elegance and psychological symphony produced by the published word frequently disappear into the backdrop, eclipsed by the persistent sound and distractions that permeate our lives. Nevertheless, situated within the pages of **Seize And Hold Master Strokes On The Battlefield** a marvelous literary treasure filled with fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, that interesting masterpiece conducts viewers on an emotional journey, skillfully unraveling the hidden tunes and profound impact resonating within each cautiously constructed phrase. Within the depths with this poignant analysis, we can explore the book is main harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
