Moore, 2020-04-01 The founding idea of America has been based largely on the expected sweeping away of Native Americans

to make room for EuroAmericans and their cultures In this authoritative study David L Moore examines the works of five well known Native American writers and their efforts beginning in the colonial period to redefine an America and American identity that includes Native Americans That Dream Shall Have a Name focuses on the writing of Pequot Methodist minister William Apess in the 1830s on Northern Paiute activist Sarah Winnemucca in the 1880s on Salish M tis novelist historian and activist D Arcy McNickle in the 1930s and on Laguna poet and novelist Leslie Marmon Silko and on Spokane poet novelist humorist and filmmaker Sherman Alexie both in the latter twentieth and early twenty first centuries Moore studies these five writers stories about the conflicted topics of sovereignty community identity and authenticity always tinged with irony and often with humor He shows how Native Americans have tried from the beginning to shape an American narrative closer to its own ideals one that does not include the death and destruction of their peoples This compelling work offers keen insights into the relationships between Native and American identity and politics in a way that is both accessible to newcomers and compelling to those already familiar with these fields of study

Divergent Paths Marc Egnal, 1996 Why are some countries without an apparent abundance of natural resources such as Japan economic success stories while other languish in the doldrums of slow growth In this comprehensive look at North American economic history Marc Egnal argues that culture and institutions play an integral role in determining economic outcome He focuses his examination on the eight colonies of the North five colonies of the South which together made up the original thirteen states and French Canada Using census data diaries travelers accounts and current scholarship Egnal systematically explores how institutions such as slavery in the South and the seigneurial system in French Canada and cultural arenas such as religion literacy entrepreneurial spirit and intellectual activity influenced development He seeks to answer why three societies with similar standards of living in 1750 became so dissimilar in development By the mid nineteenth century the northern states had surged ahead in growth and this gap continued to widen into the twentieth century Egnal argues that culture and institutions allowed this growth in the North not resources or government policies Both the South and French Canada stressed hierarchy and social order more than the drive for wealth Rarely have such parallels been drawn between these two societies Complete numerous helpful appendices figures tables and maps **Divergent Paths** is a rich source of unique perspectives on economic development with strong implications for emerging societies

The Little Magazine Others and the Renovation of Modern American Poetry Suzanne W. Churchill, 2017-03-02 Suzanne Churchill's well researched and superbly crafted study is the first book length treatment of *Others* an important and neglected little magazine that served as a laboratory for modernist poetic experimentation In discussions of influential poets such as Mina Loy Marianne Moore and William Carlos Williams whose careers *Others* helped launch Churchill counters the notion of Modernism as aesthetically self isolating and socially disengaged Rather she traces a correspondence between formal innovation and social change in American modernist poetry and argues that this dimension of modernist formalism is lost when poems are studied in isolation *Others* provides a framework for reassessing the scope and significance of modernist formalism The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts Churchill's commitment to her subject's broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics gender studies queer theory periodical studies and cultural studies

Ives Studies Philip Lambert, 1997 A collection of essays on the life and music of American composer Charles Ives

I Am a Monument Aron Vinegar, 2008 *Learning from Las Vegas* originally published by the MIT Press in 1972 was one of the most influential and controversial architectural books of its era Thirty five years later it remains a perennial bestseller and a definitive theoretical text Its authors architects Robert Venturi Denise Scott Brown and Steven Izenour famously used the Las Vegas Strip to argue the virtues of the ordinary and ugly above the heroic and original qualities of architectural modernism *Learning from Las Vegas* not only moved architecture to the center of cultural debates it changed our ideas about what

architecture was and could be In this provocative rereading of an iconic text Aron Vinegar argues that Learning from Las Vegas is not only of historical interest but of absolute relevance to current critical debates in architectural and visual culture Vinegar argues that to read Learning from Las Vegas only as an exemplary postmodernist text to understand it for example as a call for pastiche or as ironic provocation is to underestimate its deeper critical and ethical meaning and to miss the underlying dialectic between skepticism and the ordinary expression and the deadpan that runs through the text Vinegar s close attention to the graphic design of Learning from Las Vegas and his fresh interpretations of now canonical images from the book such as the Duck the Decorated Shed and the recommendation for a monument make his book unique Perhaps most revealing is his close analysis of the differences between the first 1972 edition designed for the MIT Press by Muriel Cooper and the revised edition of 1977 which was radically stripped down and largely redesigned by Denise Scott Brown The dialogue between the two editions continues with this book where for the first time the two versions of Learning from Las Vegas are read comparatively Publisher s website
