The Sign of the Four is a novel starring the characters Sherlock Holmes and John Watson Sir Arthur Conan Doyle wrote it in 1889 after Joseph M Stoddart the managing editor of Lippincott's Monthly commissioned the story Lippincott's was an American magazine and Stoddart wished to make an English version utilizing British writers and editors Stoddart asked Doyle to contribute a story At this point Doyle had only written about Holmes in the story A Study in Scarlet thus Holmes wasn't yet that popular of a character He didn't become truly well known until short stories featuring him began running in 1891 Doyle was born in Scotland in 1859 He went to school to eventually become a doctor All the while he wrote and published short stories and academic articles Doyle's big break came about when he wrote A Study in Scarlet and submitted it to Ward Lock and Co The company bought all rights to the story for only 25 pounds Conan Doyle later disassociated himself with Ward Lock and Co as he felt the company exploited him and underpaid him for his work The later Holmes stories were published in the Strand magazine The Sign of the Four follows Holmes as he solves a two-fold mystery One what has happened to Mary Morstan's father Captain Arthur Morstan Two who has been sending her mysterious pearls in the mail Holmes of course solves both mysteries with the assistance of his associate Dr John Watson This story is likely best known for two things One is arguably the most famous Holmesism which is Holmes' claim that once the impossible has been eliminated then the truth

must be whatever remains no matter how improbable it is The second thing is that the story introduces Mary Morstan Ms Morstan is John Watson s love interest and eventual wife In this story she brings the case to the attention of Holmes and Watson Watson proposes to her by the end of the story There has long been a discussion over what the proper title of the story is Critics oscillate between either The Sign of Four or The Sign of the Four It was originally published in Lippincott s as The Sign of the Four but it was republished as The Sign of Four Most of the time editors favor the four word version of the title The text most frequently uses the five word version although the villain does use the four letter version twice in his ending narrative There have been 13 film television adaptations of this story The first was the 1913 work Sherlock Holmes Solves the Sign of Four directed by Lloyd Lonergan A more recent version is the episode of the British serial Sherlock entitled The Sign of Three which stars Benedict Cumberbatch as Holmes and Martin Freeman as Watson
