Jr.,2010-03-01 As Austin grew from a college and government town of the 1950s into the sprawling city of 2010 two ideas of Austin as a place came into conflict Many who promoted the ideology of growth believed Austin would be defined by economic output money and wealth But many others thought Austin was instead defined by its quality of life Because the natural environment contributed so much to Austin s quality of life a social movement that wanted to preserve the city s environment became the leading edge of a larger movement that wanted to retain a unique sense of place The environmental movement in Austin became the political and symbolic arm of the more general movement for place This is a history of the environmental movement in Austin how it began what it did and how it promoted ideas about the relationships between people cities and the environment It is also about a deeper movement to retain a sense of place that is Austin and how that deeper movement continues to shape the way Austin is built today The city it helped to create is now on the forefront of national efforts to rethink how we build our cities reduce global warming and find ways that humans and the environment can coexist in a big city Sources ,1993 **Environmental Education in Action-III** Clay Schoenfeld,John F.
