hardened jagdflieger of the Jagdwaffe flying the tried and tested Bf 109 in its very latest Gustav iteration Responsible primarily for escorting USAAF bombers attacking Afrika Korps installations in Tunisia the P 38 units in North Africa had to develop effective tactics to defend the bombers against Luftwaffe fighter attacks For several months the Lightning squadrons had to also cope with shortages of aircraft and spare parts steady losses and a lack of replacement pilots To survive American aviators had to learn quickly While it is difficult to definitively attribute victories in air combat in the air battles over Tunisia and later over Sicily and Italy the claims made by Lightning pilots were comparable to Luftwaffe claims for P 38s destroyed Edward M Young turns his attention to the bitterly fought air war in North Africa and the Mediterranean in 1942 43 Using original archival sources official records and first hand accounts from both USAAF and Luftwaffe veterans as well as newly commissioned artwork and 50 carefully selected photographs from official and personal archives this book sees two of the most iconic piston engined fighters of their era pitted head to head for control of the skies in a key theatre of World War II
