Metaphor and Meaning in Psychotherapy Ellen Y. Siegelman,1993-08-01 When therapists hear patients talk of feeling imprisoned burning with rage trapped or unequipped they are witnessing manifestations of the symbolic attitude the hallmark of all depth psychology Most clinicians naturally respond to and use metaphors but they often fail to understand the full potential of metaphoric images This volume in addressing the transforming power of metaphor demonstrates how clinicians can deepen the therapeutic encounter Psychotherapeutic Metaphors: A Guide To Theory And Practice Philip Barker,2013-10-28 Provides a theoretical and practical introduction to the use of metaphors in therapy outlining which clinical situations lend themselves to the use of metaphorical strategies and how to use metaphors to develop rapport between therapist and client *Metaphor in Psychotherapy* Dennis Tay,2013-07-25 This book represents a bold attempt to address contemporary issues in both metaphor and psychotherapy research On one hand metaphor research is increasingly concerned not just with describing metaphors in discourse but how they could be used more adroitly in purposive real world contexts such as psychotherapy On the other hand while a growing number of mental health professionals believe that metaphors contribute in some way to the psychotherapy process their ability and willingness to use metaphors might be compromised by a relative unfamiliarity with the various nuanced aspects of metaphor theory The present analysis of metaphors in authentic psychotherapeutic talk brings these theoretical aspects to the forefront and suggests how they can be applied to enhance the use of communication of metaphors in psychotherapy It should be of interest to metaphor researchers mental health professionals and discourse analysts in general **Metaphor Use in Psychotherapy** Elizabeth Ann Letsch,1997 Metaphors in Psychotherapy Kevin William Grant,2020-01-28 Kevin William Grant examines the cognitive processes that produce metaphors in psychotherapy The I Ching Task is the measure of metaphor production applied in this research inquiry Two cognitive processes are hypothesized to be necessary for the production of a metaphor The first hypothesized cognitive process is sensory imaginal processing where attention is concentrated into one s internal experiencing and sensory awareness to form sensory impressions or sensory images The second type of processing is called integration synthesis processing and this is hypothesized to work in parallel with sensory imaginal processing Integration synthesis processing functions to combine conflicting or contradictory elements into an integrated whole Metaphor is the meeting point of these processes and all of them are important in the production of metaphor in psychotherapy Revised and updated from the first edition published in 1991 *Metaphor and Meaning in Psychotherapy* Lynne Angus,1989 *Using Metaphors In Psychotherapy* Philip Barker,2013-10-28 Published in the year 1982 Using Metaphors in Psychotherapy is a valuable contribution to the field of Psychotherapy Metaphor Therapy Richard R.
