Mothers And The Mexican Antinuclear Power Movement:

Mothers and the Mexican Antinuclear Power Movement Velma García-Gorena, 2022-08-09 In the early 1970s construction began on a nuclear power plant at Laguna Verde in the Mexican state of Veracruz Initially most local citizens were largely unconcerned with the prospect of having the nuclear plant in their community With the accidents at Three Mile Island and Chernobyl however residents complacency toward the power plant soon turned to opposition Protest groups such as the Madres Veracruzanas emerged to join existing environmental groups in a fight to close down the facility In Mothers and the Mexican Antinuclear Power Movement Velma García-Gorena traces the protest movement against the Mexican government's Laguna Verde nuclear plant outlining the movement's formation development and decline Documenting the movement's key players and turning points in superb detail she interweaves important historical narrative with a deft examination of the events framing her analysis in terms of social movement literature In a departure from the more conventional New Social Movements approach to analyzing antinuclear movements García-Gorena demonstrates how in many ways movements of this kind are not so new and how a modified political process approach fits much better With a sophisticated application of various social movements paradigms García-Gorena incorporates perspectives such as resource mobilization political process paradigms and feminist theory Timely well written and thoroughly researched Mothers and the Mexican Antinuclear Power Movement fills a major gap in the literature on grassroots environmental movements in Latin America Both rich in empirical detail and convincing in its conclusions this study provides a broader understanding of Mexican social movements and the quest for democracy in developing countries

Mothers and the Mexican Antinuclear Power Movement Velma García-Gorena, 1999-01-01 In the early 1970s construction began on a nuclear power plant at Laguna Verde in the Mexican state of Veracruz Initially most local citizens were largely unconcerned with the prospect of having the nuclear plant in their community With the accidents at Three Mile Island and Chernobyl however residents complacency toward the power plant soon turned to opposition Protest groups such as the Madres Veracruzanas emerged to join existing environmental groups in a fight to close down the facility In Mothers and the Mexican Antinuclear Power Movement Velma García-Gorena traces the protest movement against the Mexican government's Laguna Verde nuclear plant outlining the movement's formation development and decline Documenting the movement's key players and turning points in superb detail she interweaves important historical narrative with a deft examination of the events framing her analysis in terms of social movement literature In a departure from the more conventional New Social Movements approach to analyzing antinuclear movements García-Gorena demonstrates how in many ways movements of this kind are not so new and how a modified political process approach fits much better With a sophisticated application of various social movements paradigms García-Gorena incorporates perspectives such as resource mobilization political process paradigms and feminist theory Timely well written and thoroughly researched Mothers and the Mexican Antinuclear Power Movement fills a major gap in

the literature on grassroots environmental movements in Latin America Both rich in empirical detail and convincing in its conclusions this study provides a broader understanding of Mexican social movements and the quest for democracy in developing countries

Social Networks and Social Movements Nick Crossley, 2016-03-22 The concept of networks and the techniques of social network analysis have each assumed increasing importance in social science in recent years not least in relation to the analysis of collective action and particularly social movements This timely collection offers a fascinating glimpse into the state of the art Each chapter uses network analysis to tackle a different question regarding the nature and dynamics of social movement activity and each reflects upon the advantages and limitations of the method for its purposes The case studies focused upon are drawn from a variety of national contexts both contemporary and historical and both the methods used and the uses to which they are put are no less diverse A must have book for anybody interested in social movement networks and contemporary ways of analysing them This book was published as a special issue of Social Movement Studies

The Course of Mexican History Susan M. Deeds, Michael C. Meyer, William L. Sherman, 2018 Part I Pre Columbian Mexico The first Mexicans Mesoamerica's golden age the classic period Times of trouble post classic Mexico The rise of the Aztecs Aztec society and culture Part II Colliding worlds The Spanish invasion The settlement of new Spain Part III Living in the viceroyalty The imperial system entrenched The colonial economy The colonial church Colonial society race ethnicity class gender and identity Culture and daily life in New Spain Part IV Reform and reaction the move to independence The Bourbons restructure New Spain Society and stress in the late colonial period The wars for independence The first Mexican empire Part V The trials of nationhood The early Mexican Republic Santa Anna the centralized state and the war with the United States Society and culture in the first half of the nineteenth century Part VI Liberals and conservatives search for something better The reform and the French intervention The restored republic nascent modernization Society and culture in the middle of the nineteenth century Part VII The modernization of Mexico The Porfiriato order and progress The costs of modernization Society and culture during the Porfiriato Part VIII The Revolution of 1910 Madero and the liberal indictment of the Porfiriato Revolts and dictatorship obstruct the democratic overture The illusory quest for a better way Society and culture during the revolutionary years PART ix The revolutionary aftermath Calles supreme chief of an institutionalized revolution Cardenas and the essence of the revolution Society and culture in the postrevolutionary period Part X Development and dissent under a one party system From revolution to evolution The lull and the storm Failures of development in the one party state Society and culture a new internationalism Part XI Crisis and change in an era of globalization The neoliberal state a path to democracy The challenges of democratization Progress and problems Society and culture in an era of crises and global entanglements

Handbook of Social Movements across Latin America Paul Almeida, Allen Cordero Ulate, 2015-07-14 This handbook covers social movement activities in Latin American countries that have had profound consequences on the political culture of the region It examines the developments of the past twenty years

such as a renewed upswing in popular mobilization the ending of violent conflicts and military governments new struggles and a relatively more democratic climate It shows that from southern Chiapas to Argentina social movements in the 1990s and especially in the 2000s have reached new heights of popular participation There is a lack of research on the politics of this region in the contemporary era of globalization this volume partially fills the void and offers a rich resource to students scholars and the general public in terms of understanding the politics of mass mobilization in the early twenty first century The contributors each address social movement activity in their own nation and together they present a multidisciplinary perspective on the topic Each chapter uses a case study design to bring out the most prominent attributes of the particular social struggle s for instance the main protagonists in the campaigns the grievances of the population and the outcomes of the struggles This Handbook is divided into seven substantive themes providing overall coherence to a broad range of social conflicts across countries issues and social groups These themes include 1 theory of Latin American social movements 2 neoliberalism 3 indigenous struggles 4 women s movements 5 movements and the State 6 environmental movements and 7 transnational mobilizations

Atomic Age America Martin V. Melosi, 2016-09-13 Atomic Age America looks at the broad influence of atomic energy focusing particularly on nuclear weapons and nuclear power on the lives of Americans within a world context The text examines the social political diplomatic environmental and technical impacts of atomic energy on the 20th and 21st centuries with a look back to the origins of atomic theory

Women in Contemporary Mexican Politics Victoria E. Rodríguez, 2010-01-01 Since the mid 1980s a dramatic opening in Mexico s political and electoral processes combined with the growth of a new civic culture has created unprecedented opportunities for women and other previously repressed or ignored groups to participate in the political life of the nation In this book Victoria Rodríguez offers the first comprehensive analysis of how Mexican women have taken advantage of new opportunities to participate in the political process through elected and appointed office nongovernmental organizations and grassroots activism Drawing on scores of interviews with politically active women conducted since 1994 Rodríguez looks at Mexican women s political participation from a variety of angles She analyzes the factors that have increased women s political activity from the women s movement to the economic crises of the 1980s and 1990s to increasing democratization to the victory of Vicente Fox in the 2000 presidential election She maps out the pathways that women have used to gain access to public life and also the roadblocks that continue to limit women s participation in politics especially at higher levels of government And she offers hopeful yet realistic predictions for women s future participation in the political life of Mexico

Eco Culture Robert Bell, Robert Ficociello, 2017-11-15 The edited collection Eco Culture Disaster Narrative Discourse opens a conversation about the mediated relationship between culture and ecology The dynamic between these two great forces comes into stark relief when a disaster in its myriad forms and narratives reveals the fragility of our ecological and cultural landscapes Disasters are the clashing of culture and ecology in violent and tragic ways and the results of each clash create profound effects to both So

much so in fact that the terms ecology and culture are past separation We are far removed from their prior historical binaric connection and they coincide through a supplementary role to each other Ecology and culture are unified

A Companion to Mexican History and Culture William H. Beezley, 2011-03-16 *A Companion to Mexican History and Culture* features 40 essays contributed by international scholars that incorporate ethnic gender environmental and cultural studies to reveal a richer portrait of the Mexican experience from the earliest peoples to the present Features the latest scholarship on Mexican history and culture by an array of international scholars Essays are separated into sections on the four major chronological eras Discusses recent historical interpretations with critical historiographical sources and is enriched by cultural analysis ethnic and gender studies and visual evidence The first volume to incorporate a discussion of popular music in political analysis This book is the recipient of the 2013 Michael C Meyer Special Recognition Award from the Rocky Mountain Conference on Latin American Studies

Site Fights Daniel P. Aldrich, 2011-03-15 One of the most vexing problems for governments is building controversial facilities that serve the needs of all citizens but have adverse consequences for host communities Policymakers must decide not only where to locate often unwanted projects but also what methods to use when interacting with opposition groups In *Site Fights* Daniel P Aldrich gathers quantitative evidence from close to five hundred municipalities across Japan to show that planners deliberately seek out acquiescent and unorganized communities for such facilities in order to minimize conflict When protests arise over nuclear power plants dams and airports agencies regularly rely on the coercive powers of the modern state such as land expropriation and police repression Only under pressure from civil society do policymakers move toward financial incentives and public relations campaigns Through fieldwork and interviews with bureaucrats and activists Aldrich illustrates these dynamics with case studies from Japan France and the United States The incidents highlighted in *Site Fights* stress the importance of developing engaged civil society even in the absence of crisis thereby making communities both less attractive to planners of controversial projects and more effective at resisting future threats

Historical Dictionary of Mexico Amelia M. Kiddle, Ryan Alexander, 2024-07-02 Tracing the historical development of Mexico from the pre Hispanic period to the present the *Historical Dictionary of Mexico* Third Edition is an excellent resource for students teachers researchers and the general public This reference work includes a detailed chronology an introduction surveying the country's history and an extensive bibliography The dictionary section includes cross referenced entries on the historical actors who shaped Mexican history as well as entries on politics government the economy culture and the arts

Historical Dictionary of the Green Movement Miranda Schreurs, Elim Papadakis, 2020-02-26 There are very serious environmental problems facing the planet Biodiversity loss has reached unprecedented levels Climate change is progressing so rapidly that within this century we are likely to see substantial sea level rise There has been dramatic loss of tropical rainforests Plastic pollution is killing wildlife and polluting our oceans Various movements old and new are addressing these green issues Civil society activism has taken on new strategies with

the emergence of new technologies and global networks of green activists have formed A new generation of green activists are emerging and boldly criticizing the status quo At the same time in some parts of the world green movements that looked like they were beginning to gain a political foothold or were even doing quite well are in retreat The reasons are complex Some suffer from lack of funding and hostile political and legal environments Others are being attacked by populist politicians who see green activism as a threat The second edition of Historical Dictionary of the Green Movement contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced on green movements green politics green trends and major environmental agreements and events This book is an excellent resource for students researchers and anyone wanting to know more about the green movement Childcare Struggles, Maternal Workers and Social Reproduction Maud Perrier,2022-02-11

Spanning the United Kingdom United States and Australia this comparative study brings maternal workers politicized voices to the centre of contemporary debates on childcare work and gender The book illustrates how maternal workers continue to organize against low pay exploitative working conditions and state retrenchment and provides a unique theorization of feminist divisions and solidarities Bringing together social reproduction with maternal studies this is a resonating call to build a cross sectoral intersectional movement around childcare Maud Perrier shows why social reproduction needs to be at the centre of a critical theory of work care and mothering for post pandemic times **Political Change and Environmental Policymaking in Mexico** Jordi

Diez,2013-10-31 This book explores environmental policymaking in Mexico as a vehicle to understanding the broader changes in the policy process within a system undergoing a democratic transformation It constitutes the first major analysis of environmental policymaking in Mexico at the national level and examines the implementation of forestry policy in Mexico s largest rain forest the Selva Lacandona of the state of Chiapas The Social and Gender Politics of Confucian Nationalism

N. Freiner,2012-07-16 Freiner defines a new understanding of nationalism with a focus on the ways in which the Japanese state has utilized Confucian philosophy to create a Japanese national identity and on the impact of this on women She examines the key policy areas of education and social security alongside the roles that women have played in these initiatives

Resisting Citizenship Martha A. Ackelsberg,2013-01-11 Political participation in America supposedly the world s strongest democracy is startlingly low and many of the civil rights and economic equity initiatives that were instituted in the 1960s and 70s have been abandoned as significant proportions of the populace seem to believe that the civil rights battle has been won However rates of collective engagement like community activism are surprisingly high In *Resisting Citizenship* renowned feminist political scientist Martha Ackelsberg argues that community activism may hold important clues to reviving democracy in this time of growing bureaucratization and inequality This book brings together many of Ackelsberg s writings over the past 25 years combining her own field work and interviews with cutting edge research and theory on democracy and activism She explores these efforts in order to draw lessons and attempt to incorporate knowledge about current notions of

democracy from those who engage in non traditional participation those who have in many respects been relegated to the margins of political life in the United States *Facility Siting in the AsiaPacific* Fung Tung,S. Hayden Lesbirel,Kin-che Lam,2011-07-18 This volume explores the management of conflicts arising from the siting of unwanted projects in the AsiaPacific a region inadequately explored by the relevant literature The work includes studies on a variety of locations including Hong Kong Japan Mainland China Taiwan Vietnam Singapore and others Contributions are drawn from several leading scholars intimately familiar with the locations under study and employ theoretical comparative and policybased approaches to analysis of environmental conflict risk management and public participation The editors also provide introductory and concluding sections in which the siting issues under discussion are summarized and contextualized The result is a collection that serves as an invaluable aid and source of information for policymakers environmentalists and scholars of the AsiaPacific and elsewhere Women on Power Sue J.M. Freeman,Susan C. Bourque,Christine M. Shelton,2001-06-07 Experts in a variety of disciplines explore women s new roles in sport politics corporate America and the professions identifying arenas of success as well as persistent limits and barriers to women s leadership **Atomic Junction** Abena Dove Osseo-Asare,2019-09-19 An innovative account of the first nuclear programme in independent Africa centring on the promises and perils of atomic research in Ghana **Argentina** Amy K. Kaminsky,2008 By the end of the twentieth century Argentina s complex identity tango and chimichurri Eva Per n and the Mothers of the Plaza de Mayo the Falklands and the Dirty War Jorge Luis Borges and Maradona economic chaos and a memory of vast wealth has become entrenched in the consciousness of the Western world In this wide ranging and at times poetic new work Amy K Kaminsky explores Argentina s unique national identity and the place it holds in the minds of those who live beyond its physical borders To analyze the country s meaning in the global imagination Kaminsky probes Argentina s presence in a broad range of literary texts from the United States Poland England Western Europe and Argentina itself as well as internationally produced films advertisements and newspaper features Kaminsky s examination reveals how Europe consumes an image of Argentina that acts as a pivot between the exotic and the familiar Going beyond the idea of suffocating Eurocentrism as a theory of national identity Kaminsky presents an original and vivid reading of national myths and realities that encapsulates the interplay among the many meanings of Argentina and its place in the world s imagination Amy Kaminsky is professor of gender women and sexuality studies and global studies at the University of Minnesota and author of *After Exile* Minnesota 1999

Whispering the Techniques of Language: An Mental Journey through **Mothers And The Mexican Antinuclear Power Movement**

Mothers And The Mexican Antinuclear Power Movement Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Mothers And The Mexican Antinuclear Power Movement PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific

information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Mothers And The Mexican Antinuclear Power Movement PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Mothers And The Mexican Antinuclear Power Movement free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Mothers And The Mexican Antinuclear Power Movement Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
