A British Enterprise in Brazil Marshall C. Eakin,2013-07-12 Marshall Eakin presents what may be the most detailed study ever written about the operations of a foreign business in Latin America and the first scholarly book length study of any foreign business enterprise in Brazil Between 1830 and 1970 the British owned St John d el Rey Mining Company Ltd constructed a diverse business conglomerate around Minas Gerais South America s largest gold mine in Nova Lima Until the 1950s the company was the largest industrial firm and the largest taxpayer in Brazil s most populous state Utilizing company and local archives Eakin

shows that the company was surprisingly ineffective in translating economic success into political influence in Brazil. The most impressive impact of the British operation was at the local level transforming a small agrarian community into a sizable industrial city. Virtually a company town, Nova Lima experienced a small scale industrial revolution as the community made the transition from the largest industrial slave complex in Brazil to a working class city torn by labor strife and violence between communists and their opponents.

The Contemporary History of Latin America Tulio Halperín Donghi, 1993. For a quarter of a century, Tulio Halperín Donghi's *Historia Contemporánea de América Latina* has been the most influential and widely read general history of Latin America in the Spanish speaking world. Unparalleled in scope, attentive to the paradoxes of Latin American reality and known for its fine grained interpretation, it is now available for the first time in English. Revised and updated by the author, superbly translated, this landmark of Latin American historiography will be accessible to an entirely new readership. Beginning with a survey of the late colonial landscape, *The Contemporary History of Latin America* traces the social, economic and political development of the region to the late twentieth century, with special emphasis on the period since 1930. Chapters are organized chronologically, each beginning with a general description of social and economic developments in Latin America, generally followed by specific attention to political matters in each country. What emerges is a well rounded and detailed picture of the forces at work throughout Latin American history. This book will be of great interest to all those seeking a general overview of modern Latin American history, and its distinctive Latin American voice will enhance its significance for all students of Latin American history.

Restructuring Patriarchy Susan K. Besse, 2018-06-15. Susan K. Besse broadens our understanding of the political by establishing the relevance of gender for the construction of state hegemony in Brazil after World War I. *Restructuring Patriarchy* demonstrates that the consolidation and legitimization of power by President Getúlio Vargas's *Estado Novo* depended to a large extent on the reorganization of social relations in the private sphere. New expectations and patterns of behavior for women emerged in postwar Brazil from heated debates between men and women, housewives and career women, feminists and antifeminists, reformist professionals and conservative clerics and industrialists and bureaucrats. But as urban middle and upper class women challenged patriarchal authority at home and assumed new roles in public, prominent intellectuals, professionals and politicians defined and imposed new hygienic, rational and scientific gender norms. Thus, modernization of the gender system within Brazil's rising urban industrial society accommodated new necessities and opportunities for women without fundamentally changing the gender inequality that underlay the larger structure of social inequality in Brazil.

Political Recruitment across Two Centuries Roderic Ai Camp, 2013-12-06. During more than twenty years of field research, Roderic Ai Camp built a monumental database of biographical information on more than 3,000 leading national figures in Mexico. In this major contribution to Mexican political history, he draws on that database to present a definitive account of the paths to power Mexican political leaders pursued during the period 1884 to 1992. Camp's research clarifies the patterns of political recruitment in Mexico, showing the

consequences of choosing one group over another It calls into question numerous traditional assumptions including that upward political mobility was a cause of the Mexican Revolution of 1910 Comparing Mexican practices with those in several East Asian countries also allows Camp to question many of the tenets of political recruitment theory His book will be of interest to students not only of Mexican politics but also of history comparative politics political leadership and Third World development

Social Segmentation and Clientelism in the Extreme West Odaci Luiz Coradini, 2022-11-25 This volume explores problems related to processes of importation and adaptation of Western cultural and institutional models and their effects on social structures Among these problems those related to the permanence of reciprocity ties in official institutions and their correlates such as clientelism and corruption stand out The book will appeal to social scientists concerned with analytical problems and theoretical advances in relation to the issues at hand as well as the wider public concerned with the trends and results of the importation of Western models in the processes of transforming social structures especially in extra Western societies

Marriage, Law and Modernity Julia Moses, 2017-11-16 Marriage Law and Modernity offers a global perspective on the modern history of marriage Widespread recent debate has focused on the changing nature of families characterized by both the rise of unmarried cohabitation and the legalization of same sex marriage However historical understanding of these developments remains limited How has marriage come to be the target of national legislation Are recent policies on same sex marriage part of a broader transformation And has marriage come to be similar across the globe despite claims about national cultural and religious difference This collection brings together scholars from across the world in order to offer a global perspective on the history of marriage It unites legal political and social history and seeks to draw out commonalities and differences by exploring connections through empire international law and international migration

Companion to Historiography Michael Bentley, 2006-02-27 The Companion to Historiography is an original analysis of the moods and trends in historical writing throughout its phases of development and

explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history **Class Mates**

Andrew J. Kirkendall, 2002-01-01 This innovative study considers how approximately seven thousand male graduates of law came to understand themselves as having a legitimate claim to authority over nineteenth century Brazilian society during their transition from boyhood to manhood While pursuing their traditional studies at Brazil's two law schools the students devoted much of their energies to theater and literature in an effort to improve their powers of public speaking and written persuasion These newly minted lawyers quickly became the magistrates bureaucrats local and national politicians diplomats and cabinet members who would rule Brazil until the fall of the monarchy in 1889 Andrew J Kirkendall examines the meaning of liberalism for a slave society the tension between systems of patriarchy and patronage and the link between language and power in a largely illiterate society In the interplay between identity and state formation he explores the processes of socialization that helped Brazil achieve a greater measure of political stability than any other Latin American country

Rediscovering The Past at Mexico's Periphery Gilbert M. Joseph, 2003-09-29 Surveys major trends in Yucatán's currents in Mexican historiography and suggest new departures for regional and local level research Increasingly the modern era of Mexican history c 1750 to the present is attracting the attention of Mexican and international scholars Significant studies have appeared for most of the major regions and Yucatán in particular has generated an unusual appeal and an abundant scholarship This book surveys major trends in Yucatán's currents in Mexican historiography and suggest new departures for regional and local level research Rather than compiling lists of sources around given subject headings in the manner of many historiographies the author seeks common ground for analysis in the new literature's preoccupation with changing relations of land labor and capital and their impact on regional society and culture Joseph proposes a new periodization of Yucatán's modern history which he develops in a series of synthetic essays rooted in regional political economy **An Anarchy of**

Families Alfred W. McCoy, 2009 Winner of the Philippine National Book Award this pioneering volume reveals how the power of the country's family based oligarchy both derives from and contributes to a weak Philippine state From provincial warlords to modern managers prominent Filipino leaders have fused family politics and business to compromise public institutions and amass private wealth a historic pattern that persists to the present day Edited by Alfred W McCoy *An Anarchy of Families* explores the pervasive influence of the modern dynasties that have led the Philippines during the past century Exemplified by the Osmeñas and Lopezes elite Filipino families have formed a powerful oligarchy controlling capital dominating national politics and often owning the media Beyond Manila strong men such as Ramon Durano Ali Dimaporo and Justiniano Montano have used guns goons and gold to accumulate wealth and power in far flung islands and provinces In a new preface for this revised edition the editor shows how this pattern of oligarchic control has continued into the twenty first

century despite dramatic socio economic change that has supplanted the classic three g s of Philippine politics with the contemporary four c s continuity Chinese criminality and celebrity **The Abolition of Slavery and the Aftermath of Emancipation in Brazil** Rebecca Jarvis Scott, Seymour Drescher, Hebe Maria Mattos de Castro, George Reid Andrews, Robert M.
