Politics Of Broadcast Regulation:

The Politics of Broadcast Regulation Erwin G. Krasnow, Lawrence D. Longley, 1978-01-01 **Politics of Broadcast Regulation** Erwin G. Krasnow, 1998 **Handbook on the Politics of Regulation** David Levi-Faur, 2011-01-01

Political science has leapfrogged law, economics and sociology to become the dominant discipline contributing to regulatory studies. David Levi-Faur's volume taps the rich veins of regulatory scholarship that have made this the case. It brings together the talented new network of politics scholars intrigued by the importance of the changing nature of state and non-state regulation. Their fresh insights complement important new work by established stars of the field. Definitely a book to have on your shelf when in search of exciting theoretical approaches to politics.

John Braithwaite, Australian National University

Regulation in its manifold forms is the central process of contemporary governance as it seeks to blend the dynamism of market economies with responsiveness to political and normative demands for health, safety, environmental protection and fairness. Understanding regulation's varieties, vulnerabilities and virtues has become a significant focus of academic research and theory. This volume provides an extraordinary survey of research in that field, a survey remarkable in its comprehensiveness, outstanding in the quality of the contributions by leading regulatory scholars from different nations and academic disciplines.

Robert A. Kagan, University of California, Berkeley, US

An authoritative collection by a range of contributors with outstanding reputations in the field.

Michael Moran, WJ MacKenzie, Professor of Government

This is an extraordinarily useful one-stop shop for a wide range of traditions and approaches to the political aspects of regulation.

David Levi-Faur has assembled a fine collection that, by reporting on the state of the art, also shows the way ahead for a discipline that has to capture and explain dramatic changes in real-world regulatory philosophies and policies.

Claudio Radaelli, University of Exeter, UK

This is an unusually impressive edited volume. Its contributors include the leading academic experts on government regulation from around the world. Its several clearly written and informative essays address the most important topics, issues and debates that have engaged students of regulatory politics. I strongly recommend this volume to anyone interested in understanding the breadth and depth of contemporary scholarship on the political dimensions of regulation.

David Vogel, University of California, Berkeley, US

This unique Handbook offers the most up-to-date and comprehensive state of the art reviews of the politics of regulation. It presents and discusses the core theories and concepts of regulation in response to the rise of the regulatory state and regulatory capitalism and in the context of the golden age of regulation. Its ten sections include forty-nine chapters covering issues as diverse and varied as theories of regulation, historical perspectives on regulation, regulation of old and new media, risk regulation, enforcement and compliance, better regulation, civil regulation, European regulatory governance and global regulation. As a whole, it provides an essential point of reference for all those working on the political, social and economic aspects of regulation. This comprehensive resource will be of immense value to scholars and policymakers in numerous fields and disciplines, including political science, public policy and

administration international relations regulation international law business and politics European studies regional studies and development studies

The Politics of Public Utility Regulation William T. Gormley, Jr., 2010-11-23 This book focuses on the important and increasingly controversial issues of utility regulation by combining a sophisticated understanding of these issues with a rigorous examination of various regulatory arrangements across the American states It draws on interviews with participants in twelve states public utility commissioners commission staff members utility company executives governmental consumer advocates and citizen activists In addition to offering an up to date comprehensive survey of regulatory politics at the state level Gormley makes specific proposals for regulatory reform and emphasizes the importance and difficulty of assuring both expertise and accountability Students of politics and public policy will find the state level approach useful in examining the strategies of the New Federalism that transfer more and more formerly federal responsibilities to the states

The Beginning of Broadcast Regulation in the Twentieth Century Marvin R. Bensman, 2015-11-03 The Radio Act of August 13 1912 provided for the licensing of radio operators and transmitting stations for nearly 15 years until Congress passed the Radio Act of 1927 From 1921 to 1927 there were continual revisions and developments and these still serve as the basis for current broadcast regulation This book chronicles that crucial six year period using primary documents The administrative structure of the Department of Commerce and the personnel involved in the regulation of broadcasting are detailed The book is arranged chronologically in three sections Broadcast Regulation and Policy from 1921 to 1925 Congestion and the Beginning of Regulatory Breakdown in 1924 and 1925 and Regulatory Breakdown and the Passage of the Act of 1927 There is also discussion of the Department of Commerce divisions and their involvement until they were absorbed by the Federal Communication Commission A bibliography and an index conclude the work

Politics, Society, and the Media, Second Edition Paul Nesbitt-Larking, 2007-01-01 Politics Society and the Media is the first comprehensive political sociology of the media to be published in Canada Paul Nesbitt Larking draws upon a range of disciplines including cultural and media studies political economy social theory and political science to provide an analysis of the relationship between power and representation in Canada The framework for the book presents a model of the mutual interaction between politics and the media Attention is focused in the early chapters on how cultural ideological economic and governmental forces shape and condition the production of media in Canada Chapters on the work of Innis Grant McLuhan and their postmodern successors place the evolution of McLuhan s theoretical argument that the medium is the message at the heart of the book Canadian identity and how to understand Canadian media politically is the subject of a chapter on textual analysis Two extensive chapters follow on the media s influence and effects on politics In addition to standard topics on politics and the media this new edition offers much more an examination of the media on the politics of gender and aboriginal peoples the micro politics of the media workplace and an exploration of important media related considerations Throughout reference is made to relevant and compelling issues placed within the context of media theory

Research Anthology on Fake News, Political Warfare, and Combatting the Spread of Misinformation

Management Association, Information Resources, 2020-10-30 With recent headlines around fake news from world leaders and around presidential elections Twitter and other social media platforms being pressured to detect and label misinformation posted on their platforms as well as misinformation around COVID 19 and its vaccine the world has seen an increase in protests policy changes and even chaos surrounding this information This spread of misinformation when left unchecked can turn fiction into fact and result in a mass misconception of the truth that shapes opinions creates false narratives and impacts multiple facets of society in potentially detrimental ways indicating a need for the latest research on how the devastating impacts of this trend how to discern facts from misinformation as well as more information on technological advancements in fake news detection The Research Anthology on Fake News Political Warfare and Combatting the Spread of Misinformation is a compilation of the most comprehensive previously published and highly cited research from prestigious institutions including Columbia University and Stanford University USA which focuses on understanding fake news how it spreads its negative effects and current solutions being investigated While highlighting topics such as fake news trending conspiracy theories media distrust political warfare and detection methods this book is ideally intended for practitioners stakeholders researchers academicians and students interested in the continuing surge of fake news and its at times dangerous results

Uncertainty in American Politics Barry C. Burden, 2003-07-07 This book represents an exciting intellectual meeting of researchers from diverse subfields to analyze how and why uncertainty affects American politics It seeks to reconnect research traditions that have seldom spoken to one another Though used by formal theorists empiricists and historians in a parallel fashion for a number of years the notion of uncertainty has often been introduced only to explain away anomalies

provide backing for a larger argument or justify a particular methodology Uncertainty has rarely been considered in its own right or as a concept that might connect researchers from different subfields *Political Communication* Carsten Reinemann, 2014-07-28 Against the background of an enormous expansion and diversification of both political communication itself and scientific research into its structures processes and effects this volume gives an overview of some of the key theories and findings accumulated by political communication research over the last decades In order to do so the volume provides readers with review articles by renowned international authors on various aspects of I the normative regulatory and conceptual foundations of political communication II different situations of political communication e g elections referendums social movements media hypes crisis and war III the activities of and part played by political actors IV mass media and journalism V characteristics and typical features of media messages VI the role played by citizens as well as VII various kinds of effects on citizens Each section includes several chapters that address specific issues and research problems in the form of comprehensive overviews articles Media and the Politics of Culture Nickesia S. Gordon, 2008 There is a great deal of discussion about media globalization particularly television especially as it is being driven by the spread of satellite technology and cable While certain schools of thought view this trend as promoting cultural heterogeneity and the diversification of programme content this book argues otherwise It discusses the influence of globalization on Jamaica s television industry Specifically it looks at how market liberalization globalization s twin force has led to government divestment of the television sector and increased private ownership and consolidation within this sector It revisits the cultural imperialism debate within the context of media globalization and locates Jamaica s position within this milieu It suggests that old concerns relating to cultural imperialism are still relevant in new ideas such as cultural proximity and programme modeling The book also discusses the implications that increased private ownership of television media in Jamaica have for public broadcasting services especially in an age of consolidation Finally the book examines current media policies and discusses whether or not they are adequate to address the present media environment within which the market model of media management encourages anti competitive behaviour among media firms **Broadcast Regulation and Station Ownership** United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Telecommunications, Consumer Protection, and Finance, 1985 **Welfare for Politicians?** John Curtis Samples, 2005 In this book more than a dozen experts offer a broad and skeptical assessment of taxpayer financing of election campaigns
