Politics Of Uncertainty Attachment In Private And Public Life:

The Politics of Uncertainty Peter Marris, 2003-09-02 This book argues the case for strategies of co operation at both personal and political levels The author challenges conventional assumptions about economic development and proposes a new way of looking at power relationships

Public Diplomacy and the Politics of Uncertainty Pawel Surowiec, Ilan Manor, 2020-10-26 This edited book explores the multi layered relationships between public diplomacy and intensified uncertainties stemming from transnational political trends It is the latest wave of political uncertainty that provides the background as well as yields evidence scrutinised by authors contributing to this book The book argues that due to a state of perpetual crises the simultaneity of diplomatic tensions and new digital modalities of power international politics increasingly resembles a networked set of hyper realities Embracing multi polar competition superpowers such as Russia flex their muscles over their neighbours celebrated success stories of democratisation Hungary Poland and Czechia move towards illiberal governance old players of international politics such as Britain and America re claim greatness while other states like China adapt expansionist foreign policy goals The contributors to this book consider the different ways in which transnational political trends and digitalisation breed uncertainty and shape the practice of public diplomacy

Biblical and Pastoral Bridgework Denise Dombkowski Hopkins, Michael S. Koppel, 2023-09-18 Whether singly or jointly authored these essays model dynamic interactive reading of human situations and biblical texts The exchange between texts and human situations reveals the multivalent complexities of both human situations and scriptural texts and cautions against a simplistic use of the Bible and of pastoral theory and practices Drawing upon both texts throughout the Bible and diverse psychological theories the authors bridge the long standing divide between the classical and practical disciplines in biblical studies and pastoral care The aim of this book is to spur readers imaginations toward critical engagement with the Bible and with one another to promote healing connection and justice in a world crying out for wholeness Gems hidden in plain sight within the Bible can become powerful tools for illuminating the pains and promises of the human condition

Knowledge in the Blood Jonathan D. Jansen, 2009-04-07 This book tells the story of white South African students how they remember and enact an Apartheid past they were never part of How is it that young Afrikaners born at the time of Mandela s release from prison hold firm views about a past they never lived rigid ideas about black people and fatalistic thoughts about the future Jonathan Jansen the first black dean of education at the historically white University of Pretoria was dogged by this question during his tenure and *Knowledge in the Blood* seeks to answer it Jansen offers an intimate look at the effects of social and political change after Apartheid as white students first experience learning and living alongside black students He reveals the novel role pedagogical interventions played in confronting the past as well as critical theory s limits in dealing with conflict in a world where formerly clear cut notions of victims and perpetrators are blurred While Jansen originally set out simply to convey a story of how white students changed under the leadership of a diverse group of senior academics *Knowledge in the*

Blood ultimately became an unexpected account of how these students in turn changed him The impact of this book s unique wide ranging insights in dealing with racial and ethnic divisions will be felt far beyond the borders of South Africa

Routledge Encyclopedia of International Political Economy R. J. Barry Jones,2002-09-11 This three volume Encyclopedia offers the first comprehensive and authoritative survey of the rapidly developing field of international political economy Its entries cover the major theoretical issues and analytical approaches within the field The set also provides detailed discussion of the contributions of key individuals and surveys a wide range of empirical conditions and developments within the global political economy including its major institutions The Encyclopedia has been designed to be eclectic in approach and wide ranging in coverage Theoretical entries range from discussions of the definition and scope of the field through core methodological questions such as rationalism and the structure agent problem to surveys of the major theories and approaches employed in the study of the international political economy *Embedding New Technologies into Society* Diana M. Bowman,Elen Stokes,Arie Rip,2017-09-01 The embedding of any new technologies in society is challenging The evolving state of the scientific art often unquantifiable risks and ill defined developmental trajectories have the potential to hinder innovation and or the commercial success of a technology The are however a number of tools that can now be utilized by stakeholders to bridge the chasm that exists between the science and innovation dimensions on the one hand and the societal dimensions on the other This edited volume will draw together leading researchers from the domains of law philosophy political science public administration and the natural sciences in order to demonstrate how tools such as for example constructive technology assessment regulatory governance and societal scenarios may be employed by stakeholders to assist in successfully embedding new technologies into society This volume will focus primarily on the embedding of two emergent and emerging technologies nanotechnologies and synthetic biology Government industry and the epistemic community continue to struggle with how best to balance the promised benefits of an emerging technology with concerns about its potential impacts There is a growing body of literature that has examined these challenges from various cultural scientific and jurisdictional dimensions There is however much work that still needs to be done this includes articulating the successes and failures of attempts to the societal embedding of technologies and their associated products This edited volume is significant and timely as unlike other books currently on the market it shall draw from real work experiences and experiments designed anticipate the societal embedding of emerging technologies This empirical work shall be supported by robust theoretical underpinnings **Leading Complex Projects** Kaye Remington,2016-04-22 Leadership in projects has been under represented in many of the most influential project methodologies where the focus has been on management and process The importance to project success of key roles such as project board member executive sponsor project manager client representative or team leader increases exponentially with the scale and complexity of the project Kaye Remington s *Leading Complex Projects* draws on original empirical research into successful leadership of complex projects including 70 in

depth interviews with people across a broad range of industries selected for their roles in guiding complex projects towards successful outcomes The book structured around the major themes from the interviews explains and applies emerging best practice in a coherent and focused way A potent combination of wisdom from leaders in practice and the latest knowledge from many fields of research will engage experienced practitioners as well as those who are teaching and researching projects complexity and leadership

Constructing Suburbs Ann Forsyth, 2005-09-29 Examining the debate between activists and professional planners over the vision of the future of a large growth corridor in Sydney Australia this case study maps the history of development from the late sixties to the mid nineties during which time serious environmental and financial problems arose The book outlines five major visions of the future development and examines forms of political economic and institutional power applied by the parties in the project with emphasis on the processes of infrastructure privatization and ecological impacts The conclusion reflects on contemporary dilemmas about pluralism

Victorian Ecocriticism Dewey W. Hall, 2017-10-16 *Victorian Ecocriticism The Politics of Place and Early Environmental Justice* aims to take up the challenge that Lawrence Buell lays out in *The Future of Environmental Criticism Environmental Crisis and Literary Imagination* 2005 Buell decries For in order to bring environmental justice into ecocriticism a few more articles or conference sessions won't suffice There must be a fundamental rethinking and reworking of the field as a whole Buell 113 While discussions about nature conservation and preservation have been important within the context of ecocriticism Buell asserts that the holy grail for the field is actually how literary critics engage in discourse about questions of place as space humanized for the purpose of tracing disclosing and advancing

the important issue of environmental justice as it applies to human beings animals and plants The fundamental reworking or shift in the field of Victorian Studies really has to do with the dearth of ecocritical publishing about seminal authors and literary texts Victorian Ecocriticism aims to participate in filling that vacuum lack or lacuna by featuring current research about the Victorian era from an ecocritical perspective Victorian Ecocriticism hopes to identify establish and organize its content based on six themes Ecocrisis Ecofeminism Ecogothicism Ecohistoricism Ecotheology and Ecological Interdependence The edited collection thus has two aims First selected places among others featured in the edition will provide environmental contexts often with political implications American rural landscape e g Walden Pond Australian mines British hill country metropolis mill towns the sea and the woods Second the edition includes discussions about various instances of early environmental justice evident during the mid nineteenth century such as but not limited to anti railway campaigns biological egalitarianism labor disputes due to adverse working conditions patterns of displacement reactions to Victorian scientism resistance to enclosure and working class education Victorian Ecocriticism is an interdisciplinary edition It focuses on Victorian literature as the foundational discipline linked to various disciplines such as ecology evolutionary biology natural history and soil science The topics are wide ranging significant and contemporary discussing the politics of place as well as early environmental justice

Social Problems and Social Justice Neil Thompson, 2017-09-16 Modern society is beset by a vast range of problems such as poverty homelessness and terrorism that cause immense suffering for a significant number of people These social problems both reflect and contribute to wider inequalities consequently in order to develop a true understanding of them we must consider the social injustices with which they are inextricably linked In this ground breaking text Neil Thompson turns his attention to the range of complex issues relating to social problems and social justice and the relationship between them With the help of engaging features that have become synonymous with his books Thompson provides a clear exploration of some key social problems currently challenging us analysis of the connection between social problems and social justice and a review of how social policy initiatives to tackle these issues have fared to date Innovative and absorbing Social Problems and Social Justice is essential reading for students and practitioners across a wide range of social science disciplines and the social professions

Rebuilding Communities in an Age of Individualism Paul Hopper, 2017-07-05 As modern societies become increasingly individualistic this fascinating book examines how we can maintain and revive local communities and community life It demonstrates how the major developments and processes of our time notably globalization post industrialism and de traditionalization contribute to this individualism to the detriment of community life The author examines how community is a necessary and important component of human life and discusses possible ways in which to arrest its decline In this regard strategies geared to fostering trust and social capital are outlined as the basis for reinvigorating community life The volume provides a coherent and distinct analysis of community as well as offering concrete policy prescriptions to counter the excessive individualism of

our times In both the nature and scope of its analysis it offers a unique contribution to an extremely important issue in the contemporary period one that increasingly preoccupies politicians academics and ordinary citizens

Profession of City Planning, the Lloyd Rodwin,2000-01-01 In thirty four provocative and insightful chapters the nation s leading planners present a definitive assessment of fifty years of city planning and establish a benchmark for the profession for the next fifty years The book appraises what planners do and how well they do it how and why their current activities differ from past practices and how much and in what ways planners have or have not enhanced the quality of urban life and contributed to the intellectual capital of the field How have the goals values and practices of planners changed What do planners say about their roles and the problems they confront What is the relevance of their skills from design capabilities and environmental savvy to intermediate and long term perspectives and the pragmatics of implementation The contributors seeking to answer these questions include Anthony Downs Nathan Glazer Philip B Herr Judith E Innes Terry S Szold Lawrence J Vale and Sam Bass Warner Jr The Profession of City Planning contrasts with the main changes in the US over the second half of the twentieth century in city planning Sector images of the practice and effects of planning on housing transportation and the environment as well as the development of economic tools are also discussed

Handbook of Social Justice in Loss and Grief Darcy L. Harris,Tashel C. Bordere,2016-02-05 The Handbook of Social Justice in Loss and Grief is a scholarly work of social criticism richly grounded in personal experience evocative case studies and current multicultural and sociocultural theories and research It is also consistently practical and reflective challenging readers to think through responses to ethically complex scenarios in which social justice is undermined by radically uneven opportunity structures hierarchies of voice and privilege personal and professional power and unconscious assumptions at the very junctures when people are most vulnerable at points of serious illness confrontation with end of life decision making and in the throes of grief and bereavement Harris and Bordere give the reader an active and engaged take on the field enticing readers to interrogate their own assumptions and practices while increasing chapter after chapter their cultural literacy regarding important groups and contexts The Handbook of Social Justice in Loss and Grief deeply and uniquely addresses a hot topic in the helping professions and social sciences and does so with uncommon readability

Private Property and Public Power Deborah Lynn Becher,2014 This volume explores the legitimacy of government involvement in private economic actions by presenting a study of property takings In the first comprehensive study of a city s eminent domain acquisitions Debbie Becher explores which properties Philadelphia pursued for private redevelopment and how stakeholders decided that government actions were either a use or abuse of power

Managing Vulnerability Tim Dartington,2018-10-08 Clinicians managers and researchers as well as politicians and religious leaders are worrying about a lack of compassion and humanity in the care of vulnerable people in society In this book The author explores the dynamics of care He argues that we know how to do it but

somehow we seem to keep getting it wrong Poor care in hospitals and care homes is well documented and yet it continues Care for people in their own homes is seen as an ideal but the reality can be cruel and isolating The author describes research over forty years in thinking why institutional and community care are both subject to processes of denial and fear of dependency His examples include children in hospital people with disabilities living in the community and the care of older people and those with dementia
