Politics And The Mass Media In Britain:

Politics and the Mass Media in Britain Ralph Negrine, 2003-09-02 This fully updated new edition of Politics and the Mass Media provides a comprehensive introduction to the role of mass communications in politics at all levels from election campaigns news reports and lobbying groups to the media activities of pressure groups The relationship between politics politicians and the media is a matter of increasingly contentious debate as politicians awareness of the importance of the media becomes more sophisticated amidst rapidly advancing media technology and control Providing a review of the nature and content of political communications and of recent theoretical developments Negrine addresses the issues surrounding today s mass media including cable and satellite television investigation of the press the relationship between the state and broadcasting institutions and the ever present question of whether or not Britain needs a media policy This new edition includes Case studies from television and the press Fully revised text with updated sections on the press broadcasting and media legislation Brand new chapters on Europe and globalisation *Politics and the Mass Media in Britain* Ralph M. Negrine, 1989 Public Relations Democracy Aeron Davis, 2002-05-03 This book looks at the rapid expansion of professional public relations and discusses its effects on the mass media and political process *Politics and Mass Media in Britain* Ralph M. Negrine, 1989 *Mass Media* James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes *Politics and Mass Media in Britain* Ralph M. Negrine, 1989 *British Politics Today* Bill Jones, Dennis Kavanagh, 2003 Over the last thirty five years British politics has undergone something of a revolution the collapse of strong class allegiance to parties the recovery of an economy once perceived to be in terminal decline the near twenty year rule of the Tories and the extraordinary emergence and establishment of the Blairite New Labour Party Together with these changes we have also seen the reshaping of the civil service the establishment of devolved assemblies the reform of the Lords the decline of ideology the apparent crushing of the Conservative Party and the ubiquity of media management as a tool of political persuasion This text outlines and contextualizes these major changes and more *The History of Broadcasting in the United Kingdom: Volume V: Competition* Asa Briggs, 1995-03-23 Part of a five volume history of the rise and development of broadcasting in the United Kingdom **Exploring British Politics** Mark Garnett, Peter Dorey, Philip Lynch, 2020-12-29 Exploring British Politics is a concise comprehensive and accessible guide to the subject Fully updated and revised the new edition covers developments since 2016 in the role of the executive Parliament the civil service political parties general elections party ideology and membership as well as examining turmoil and leadership battles within

the Labour and Conservative parties the politics of growing inequality demographic trends and their political consequences and the future of the UK itself Stimulating critical analysis and lively debate it provides new perspectives on two key themes the health of British democracy and the transition from traditional models of government to more flexible forms of governance Key features include a comprehensive analysis of the 2019 general election Brexit developments since the 2016 Referendum to today s ongoing negotiations and the shadow cast by the COVID 19 global pandemic and its implications topical coverage of the fall of the Corbyn and May leaderships the new Starmer and Johnson era the rise and fall of the Change UK party the economic crisis the role of special advisers new social movements such as Extinction Rebellion and Black Lives Matter and much more extensive guides to further reading at the end of each chapter and rich illustrations visually representing examples and data Whilst the book provides an essential historical background contemporary issues are to the fore throughout and readers are encouraged to assess critically received wisdoms and develop their own thoughts and ideas Whether studying the subject for the first time or revisiting it Exploring British Politics is the ideal undergraduate text

Visions of the Press in Britain, 1850-1950 Mark Hampton, 2004 Hampton surveys a diversity of sources to demonstrate that British theories of the press were intimately tied to definitions of the public and the emergence of mass democracy in the late nineteenth and early twentieth centuries *The Mass Media and Power in Modern Britain* John Eric Thomas Eldridge, Jenny Kitinger, Kevin Williams, 1997-01 The Mass Media and Power in Modern Britain is a thorough lively introduction to the role importance and power of the mass media in contemporary British society What is the mass media and how does it help shape life in modern Britain After introducing the student to discussions around these questions the authors examine the historical development of the mass media issues of ownership and the roots of its power in the public and political sphere Contemporary questions surrounding today s media are also addressed What is the role of the audience How do people take pleasure from media culture What are the issues surrounding the news advertising public services broadcasting the shaping of public understanding censorship violence and moral panics The authors also look towards the future considering prospects for a global media and the possible effects of the information superhighway An invaluable introduction and point of reference for students of sociology media studies politics and human geography The Mass Media and Power in Modern Britain will be essential reading for anyone interested in our mass media **British Muslims and Their Discourses** Laurens de Rooij, 2023-12-28 This book highlights the changing dynamics of Muslim identity and integration in Britain focusing on the post 9 11 era Historically Muslims faced discrimination based on ethnicity rather than religion However contemporary discrimination against Muslims is rooted in different reasons with events like the Rushdie affair significantly impacting multicultural relations This study analyzes the evolving multicultural landscape in Britain exploring the shift from predominantly assimilationist policies to a more mutual process of integration It delves into the emergence of interfaith dialogue as well as the complexities surrounding the intersection of race religion gender and identity

The research examines two key themes the discursive positioning of Islam beyond integration and terrorism narratives and the operationalization of identity by Muslims in various contexts The study employs empirical methods and cultural studies theories to understand how individual and social practices intersect in this context By doing so it contributes to Islamic studies socio political studies and cultural studies shedding light on the discourses that shape and are shaped by Muslim lives in Britain The analysis encompasses diverse perspectives from macro level societal discourses to micro level individual actions thus providing a comprehensive exploration of the multifaceted experiences of Muslims in Britain

Routledge Handbook of Political Advertising Christina Holtz-Bacha, Marion R. Just, 2017-02-24 This Handbook provides the most comprehensive overview of the role of electoral advertising on television and new forms of advertising in countries from all parts of the world currently available Thematic chapters address advertising effects negative ads the perspective of practitioners and gender role Country chapters summarize research on issues including political and electoral systems history of ads the content of ads reception and effects of ads regulation of political advertising on television and the Internet financing political advertising and prospects for the future The Handbook confirms that candidates spend the major part of their campaign budget on television advertising The US enjoys a special situation with almost no restrictions on electoral advertising whereas other countries have regulation for the time amount and sometimes even the content of electoral advertising or they do not allow television advertising at all The role that television advertising plays in elections is dependent on the political the electoral and the media context and can generally be regarded as a reflection of the political culture of a country The Internet is relatively unregulated and is the

channel of the future for political advertising in many countries *The Developing British Political System* Ian Budge, David McKay, 2014-09-25 Examines the state of the British political system during the 1990s covering such areas as economic difficulties and government response bureaucratic networks parties and electors political communications and relations with outside governments **Nuclear Power in Britain and Germany: Trust, Democracy, and Futures** Christian Götter, 2025-07-28 Split into two volumes volume 2 is a cultural history of technology that provides new insights into the international history of nuclear energy by examining the perspectives of six nuclear power plants host communities in Britain and Germany from the 1950s to the late 1980s Based upon a continuous qualitative analysis of the public debates in these communities this book demonstrates that the societal conflicts about atomic power were never confined to the risks of one exceptional energy technology Instead they were shaped by larger societal issues which they in turn heavily influenced Therefore the local discourses about nuclear energy provide an insight into transformations the British and German societies underwent during the Cold War The book will be of value for scholars and students interested in the history of technology environmental political and contemporary history as well as science and technology studies It will be of interest to researchers and members of the public interested in the local history of Biblis Hinkley Point Lingens Oldbury on Severn Stade and Torness as well as the wider public interested in the ongoing debates about nuclear power as a source of energy and a potential answer to the challenges of climate change Theories of the Information Society Frank Webster, 2014-03-21 Information is regarded as a distinguishing feature of our world Where once economies were built on industry and conquest we are now part of a global information economy Pervasive media expanding information occupations and the development of the internet convince many that living in an Information Society is the destiny of us all Coping in an era of information flows of virtual relationships and breakneck change poses challenges to one and all In *Theories of the Information Society* Frank Webster sets out to make sense of the information explosion taking a sceptical look at what thinkers mean when they refer to the Information Society and critically examining the major post war approaches to informational development The fourth edition of this classic study brings it up to date with new research and with social and technological changes from the Twitter Revolutions of North Africa to financial crises that introduced the worst recession in a life time to the emergence of social media and blogging and reassesses the work of key theorists in the light of these changes More outspoken than in previous editions Webster urges abandonment of Information Society scenarios preferring analysis of the informatization of long established relationships This interdisciplinary book is essential reading for those trying to make sense of social and technological change in the post war era It addresses issues of central concern to students of sociology politics geography communications information science cultural studies computing and librarianship *Power Without Responsibility* James Curran, Jean Seaton, 2003-12-16 Widely regarded as the standard book on the British Media this authoritative introduction to the history sociology theory and politics of media and communications studies has been substantially revised and updated to

bring it up to date with developments in the media industry Its three new chapters describe the battle for the soul of the internet the impact of the internet on society and the rise of new media in Britain In addition it examines the recuperation of the BBC how international and European regulation is changing the British media and why Britain has the least trusted press in Europe Journalism, Culture and Society Omega Douglas,Angela Phillips,2022-11-30 Drawing upon a range of theoretical perspectives including cultural studies postcolonial theory critical race studies political economy and sociology Journalism Culture and Society examines journalism as a democratic necessity that often fails to live up to its promise This text takes a step back from prevailing idealistic approaches in which theory is often seen as a threat rather than a service to the better understanding of practice and mainstream journalism in western democracies is seen as unproblematic Instead using international examples the authors provide a critique for those who seek to improve journalistic practice whilst not losing sight of the profound practical dilemmas that journalists around the world experience in their working lives from the resources available to them to the institutions and political contexts in which they work Readers are encouraged to consider why journalists choose or are expected to choose particular subjects or tropes in their work and the implications of these choices Journalism Culture and Society is a valuable resource for students academics and practitioners in the areas of media journalism and communication Climate Change and Political Strategy Hugh Compston,2013-09-13 Although the science of climate change is well established and there are well known policy instruments that could significantly reduce greenhouse gas GHG emissions without prohibitive economic costs political obstacles to more determined action remain despite heightened concern among mainstream politicians and the public This book analyses the political dynamics of climate policy in affluent democracies from a number of different theoretical angles in order to improve our understanding of which political strategies would be likely to enable national governments to make deep cuts in GHG emissions while avoiding significant political damage The authors argue that different conceptual and logical theories highlight different features of political situations Describing the politics of climate policy in this way will result in different conceptual logical views of this phenomenon And to some extent the inferences drawn from such differing views about the nature of political obstacles to more vigorous action on climate change and the best ways of overcoming them will also be different Singly and together these analyses reveal a more detailed nuanced view of the political options open to activist governments This book was previously published as a special issue of Environmental Politics
