Politics East and West: A Comparison of Japanese and British Political Culture Curtis H. Martin, Bruce Stronach, 2017-10-03 This title was first published in 1992 This book compares stability and change in the political culture of the relatively new Asian democracy Japan and the much older Western democracy Britain While the democratic polity emerged incrementally and indigenously in Britain it was essentially a modern and in many ways foreign implant in Japan By analysing long term trends and recent changes in political attitudes support for government institutions participation voting behaviour and policy making in the two polities the authors seek to bring us a unique perspective on these two dynamic island political cultures on opposite ends of the Eurasian land mass This study will be useful as a supplemental text in upper level undergraduate and graduate courses in comparative political systems or political cultures particularly those focusing on industrial democracies It can also be used in courses on either British or Japanese politics **Nationalism, Devolution**

and the Challenge to the United Kingdom State Arthur Aughey, 2001-06-20 With the advent of devolution it is clear that the British Constitution is currently undergoing a period of dynamic transformation England Ireland Scotland and Wales were slowly united by conquest and treaty over the last 300 years a unity which was only broken by the 1922 agreement that split Ireland in two The last 50 years have seen the collapse of empire and while the pull of local nationalism within the United Kingdom continues to strengthen integrative narratives of Britishness weaken In this insightful book Arthur Aughey outlines the changing character of the United Kingdom polity and examines the developing debate about the meaning of the Union in the context of New Labour New Britain In a systematic survey of historical theoretical and political reflection on the nature of Britishness he questions what the Union once was what it means now and what it might become taking into account the challenge posed by internal divisions along with the problems posed by European integration and globalisation *The*

Presidency and Public Policy Making George C. Edwards, Steven A.
