*Resources in Education*, 1998      STRATCOM 23 T.C. Cumhurbaşkanlığı İletişim Başkanlığı,      *Consensus Planning: The Relevance of Communicative Planning Theory in Dutch Infrastructure Development* Johan Woltjer, 2017-11-22 This title was published in 2000 This text offers a standpoint on communicative participatory planning called consensus planning The discussion takes place in the Netherlands where consensus based decision making is part of the national heritage The book explores recent Dutch infrastructure development experiences and concludes that communicative planning theory does not offer uniform relevance for the challenges that planning practitioners face Building on these experiences it proposes the concept of consensus planning as valuable in a complementary normalized and contingent way Consensus planning in other words has diverse practical appearances and sometimes may not exist or be desirable

**Modern Political Theory** Varma S.P., 1975 Modern Political Theory critically examines the contemporary state of political theory making an assessment of the achievements and limitations of the Behavioural Revolution in its totality and reviews objectively the major paradigms and conceptual frameworks adopted by the discipline The salient features of the contending conceptual models elaborated by leading scholars operating from separate locations and disparate premises have been highlighted and intellectual inter linkages in their works have been traced The book has 3 parts Part I comprises the scope of political science as a discipline Part II deals with the tools and techniques of political analysis Part III delineates mainstreams of contemporary political thought

*Co-oP* Tung X. Bui, 1987 This book proposes an approach to analyzing designing and implementing Group Decision Support Systems GDSS The experience gained in developing a concrete system Co oP suggests that GDSS should be distributed loosely coupled and process driven A distributed and loosely coupled GDSS architecture provides autonomy and flexibility for individual decision making and homogeneity and simplicity for group problem solving Also process driven GDSS are able to deal with the unpredictable nature of group problems since collective decision processes have been shown to be the only elements in a GDSS that are i stable enough to fit into most collective problems ii reasonably structurable to be implementable and iii sufficiently controllable to guarantee appropriate use From a Multiple Criteria Decision Making MCDM viewpoint this book supports the integrated use of various MCDM methods to help a GDSS i support a wide range of decision situations ii attenuate the difficulty of information search iii allow division of decision making tasks and iv permit consensus

seeking analysis Co oP runs on a network of individual workstations It contains a set of MCDM methods techniques of aggregation of preferences and a consensus seeking algorithm to support negotiation Electronic communication among group members is monitored by a group norm filter which is adaptable to a large number of collective decision situations This book also reports some empirical evaluations of Co oP and expands the proposed approach to non cooperation and organizational decision making

*Multicriteria Analysis* Joao Climaco,2012-12-06 J Climaco and C H Antunes After the pleasure which has been to host the community of researchers and practitioners in the area of multicriteria analysis MA in Coimbra in August 1994 this volume of proceedings based on the papers presented at the conference is the last step of that venture Even though this may not be the appropriate place we cannot resist however the temptation to express herein some brief feelings about the conference Almost everything concerning the conference organisation has been handcrafted by a small number of people with the advantages and disadvantages that this approach generates Our first word of acknowledgement is of course due to those who have had a permanent and active role in the multiple aspects which make the success of a conference Maria Joao Alves Carlos Henggeler Antunes who is a co author of this introduction since he has closely collaborated with me in the scientific programme Joao Paulo Costa Luis Dias who greatly contributed to the organisation of this volume and Paulo Melo as well as Leonor Dias from the Faculty of Economics who has shown an outstanding dedication To those who collaborated with the organisers in the framework of their professional activity special thanks due to Adelina whose dedication greatly exceeded her duties As you probably know from your own experience every small detail of the conference organisation required a lot of sweating but the atmosphere of joy and friendship then generated has been a generous pay off

**Radical Space** Margaret Kohn,2018-08-06 Epoch making political events are often remembered for their spatial markers the fall of the Berlin Wall the storming of the Bastille the occupation of Tiananmen Square Until recently however political theory has overlooked the power of place In *Radical Space* Margaret Kohn puts space at the center of democratic theory Kohn examines different sites of working class mobilization in Europe and explains how these sites destabilized the existing patterns of social life economic activity and political participation Her approach suggests new ways to understand the popular public sphere of the early twentieth century This book imaginatively integrates a range of sources including critical theory social history and spatial analysis Drawing on the historical record of cooperatives houses of the people and chambers of labor Kohn shows how the built environment shaped people s actions identities and political behavior She illustrates how the symbolic and social dimensions of these places were mobilized as resources for resisting oppressive political relations The author shows that while many such sites of resistance were destroyed under fascism they created geographies of popular power that endure to the present

*Democracy in Action* Kristina Smock,2004 In cities across the US grass roots organizations are working to revitalize popular participation in disenfranchised communities by bringing ordinary people into public life This book examines the techniques used to achieve

these goals      **Strategy and Governance of Networks** George Hendrikse, Mika Tuunanen, Josef Windsperger, Gérard Cliquet, 2008-07-20 The book emphasizes research in economics and management of networks as an interdisciplinary field by offering new theoretical perspectives and presenting new empirical results on strategic and governance structure issues in cooperatives franchising networks alliances joint ventures and venture capital relations The authors apply different theoretical views on networks such as transaction cost theory property rights theory resource and knowledge based theory evolutionary theory information richness theory and social exchange theory      **Contemplative Democracy** Shannon L. Mariotti, 2024-12-18 Contemplative practices are increasingly mainstream in the United States From meditation mindfulness and yoga to writing walking and gardening contemplative practices aim to cultivate embodied awareness attunement and attention What is the political value of the attentional ecologies created by the Mindfulness Revolution In *Contemplative Democracy* Shannon L. Mariotti explores how contemplative practices represent a form of world building that is valuable for meaningful democracy and an overlooked form of ordinary political theory As Mariotti shows what appear to be mostly apolitical self cultivating activities even ones that require withdrawal from society can also make us more attuned to how we interact with the wider world in any given moment Meditative practices can advance the goals of autonomy and community that are implied by the concept of democracy Bringing disparate fields into dialogue Mariotti highlights resonances between how theorists talk about meaningful democracy and how ordinary people talk about contemplative practice Analyzing theorists such as Jacques Rancière and Gloria Anzaldúa alongside qualitative interviews participant observation and a case study this book integrates political theory a discipline shaped by The Enlightenment with meditative practices questing after other forms of enlightenment Reimagining the work of political theory employing feminist approaches and with a focus on educational spaces and democratic modes of pedagogy Mariotti examines contemplative practices as spaces where ordinary people do the work of democracy creating new political imaginaries finding new selves and founding new states of being Further *Contemplative Democracy* is an inclusive accessible and embodied book that reveals how the larger body politic may be reshaped by the everyday work people do in their own bodies      **Monthly Labor Review**, 2002 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

Understanding Sport Organizations Trevor Slack, Milena M. Parent, 2006 This reference offers an analysis of the issues and theoretical construction behind sport organisations The practical case studies and profiles illustrate how the theory and knowledge can be applied to realistic examples There is also information on strategic alliances and research in sports management      **Strategy** Brad MacKay, Mikko Arevuo, David Mackay, Maureen Meadows, 2020 A new breed of strategy textbook for a new generation of strategists *Strategy Theory Practice Implementation* puts the implementation of strategy centre stage to help tomorrow's business professionals think talk and act like a strategist
