**Gender and the Politics of Welfare Reform** Joanne L. Goodwin, 2007-12-01 The first study to explore the origins of welfare in the context of local politics this book examines the first public welfare policy created specifically for mother only families Chicago initiated the largest mothers pension program in the United States in 1911 Evolving alongside movements for industrial justice and women s suffrage the mothers pension movement hoped to provide justice for mothers and protection from life s insecurities However local politics and public finance derailed the policy and most women were required to earn Widows were more likely to receive pensions than deserted women and unwed mothers And African American mothers were routinely excluded because they were proven breadwinners yet did not compete with white men for jobs Ultimately the once uniform commitment to protect motherhood faltered on the criteria of individual support and wage earning became a major component of the policy This revealing study shows how assumptions about women s roles have historically shaped public policy and sheds new light on the ongoing controversy of welfare reform

**Women, Work, and Poverty** Heidi I. Hartmann, 2005 Women Work and Poverty presents the latest information on women living at or below the poverty level and the changes that need to be made in public policy to allow them to rise above their economic hardships Using a wide range of research methods including in depth interviews focus groups small scale surveys and analysis of personnel records the book explores different aspects of women s poverty since the passage of the 1986 welfare reform bill Anthropologists economists political scientists sociologists and social workers examine marriage divorce children and child care employment and work schedules disabilities mental health and education and look at income support programs such as welfare and unemployment insurance

**Gender and the Political Opportunities of Democratization in South Korea** N. Jones, 2016-02-23 This book explores how political opportunities afforded by democratization including the relative balance of power between conservative and progressive civic actors shape power relations between men and women in post authoritarian Korea Jones reveals that organized women can make a difference depending on their strategic choices and alliances and the manner in which they negotiate evolving political institutions Moreover democratic consolidation need not be led by political parties but can provide surprising opportunities for an organized civil society to press for a deepening of political and human rights
