

Tim-Florian Schneider: Erd-Transaktion

Der Wald er raschelt
er zischt und fleucht
Ein Hörnchen trägt in seinen Taschen
Nüsse die er im Wald verstreut

Die Tundra sie strahlt
ja sie glänzt schon fast
Nun kommt der Mensch und zahlt
mit dem Schnee als Währung

Er zahlt für Benzin
Er zahlt für Plastik
Er zahlt für die Folter von Tieren
weil das billige Fleisch doch besser schmeckt

Er tat dies für lange
Doch nun zahlt er mehr
Für diese Transaktion reicht der Schnee nicht her
So verkauft der Mensch nun die Erde

Der Wald er fällt
er schreit und weint
Die Tundra ist nicht mehr hell
Das Weiße erlischt
der Rest versteint

Spalek, Robert F. Bell, 2020-05-01 This work is a collection of twenty four fundamental essays on the many sided topic of German exile literature during and after Hitler's Third Reich Exile literature which emerged in the 1980s as a special field of critical investigation within German Studies embraced the diverse works of writers who were scattered from Hollywood to Moscow but were related by the common bond of exile from Germany Leading American and European specialists in the field are contributors to the volume which discusses the work of Thomas Mann Bertolt Brecht Hermann Broch and Karl Wolfskehl among others Cursed Are You! Anne Marie Kitz, 2014-01-20 This is a book about curses It is not about curses as insults or offensive language but curses as petitions to the divine world to render judgment and execute harm on identified hostile forces In the ancient world curses functioned in a way markedly different from our own and it is into the world of the ancient Near East that we must go in order to appreciate the scope of their influence For the ancient Near Easterners curses had authentic meaning Curses were part of their life and religion They were not inherently magic or features of superstitions nor were they mere curiosities or trifling antidotes They were real and effective They were employed proactively and reactively

to manage life's many vicissitudes and maintain social harmony. They were principally protective but they were also the cause of misfortune, illness, depression and anything else that undermined a comfortable, well-balanced life. Every member of society used them, from slave to king, from young to old, from men and women to the deities themselves. They crossed cultural lines and required little or no explanation for curses were the source of great evil. In other words, curses were universal. Because curses were woven into the very fabric of every known ancient Near Eastern society, they emerge frequently and in a wide variety of venues. They appear on public and private display objects, on tomb stelae, tomb lintels and sarcophagi, on ancient kudurrus and *nar s*. They are used in political, administrative, social, religious and familial contexts. They are the subject of incantations. They are tools that exorcise demons and dispel disease, they ban, protect and heal. This is the phenomenology of cursing in the ancient Near East and this is what the present work explores.

In the Embrace of the Swan Rüdiger Görner, Angus Nicholls, 2010-08-31. Myths determine the way cultures understand themselves. The papers in this volume examine culturally specific myths in Britain and the German-speaking world and compare approaches to the theory of myth together with the ways in which mythological formations operate in literature, aesthetics and politics, with a focus on the period around 1800. They enquire into the consequences of myth-oriented discourses for the way in which these two cultures understand each other and in this way make a significant contribution to a more profound approach to intercultural research.

A History of German Literature Wolfgang Beutin, Klaus Ehlert, Wolfgang Emmerich, Helmut Hoffacker, Bernd Lutz, Volker Meid, Ralf Schnell, Peter Stein, Inge Stephan, 2005-11-02. Since the appearance of its first edition in Germany in 1979, *A History of German Literature* has established itself as a classic work used by students and anyone interested in German literature. The volume chronologically traces the development of German literature from the Middle Ages to the present day. Throughout this chronology, literary developments are set in a social and political context. This includes a final chapter written for this latest edition on the consequences of the reunification of Germany in 1990. Thoroughly interdisciplinary in method, the work also reflects recent developments in literary criticism and history. Highly readable and stimulating, *A History of German Literature* succeeds in making the literature of the past as immediate and engaging as the works of the present. It is both a scholarly study and an invaluable reference work for students.

On the Skirts of Canaan in the Iron Age Edward Lipiński, 2006. The history of Canaan in the Iron Age is generally written from the perspective of the kingdoms of Israel and Judah. The scope of this book is to inverse this relation and to focus on the skirts of Canaan while regarding the United Monarchy and the Divided Monarchy as external and sometimes marginal players of the regional history. After having examined the transition from the Late Bronze Age to the Iron Age in the mid 12th century B.C., the book deals thus with the Philistines and the role of Egypt in Canaan during Iron Age II, especially in the face of the Assyrian expansion. It treats further of the Phoenicians and the Aramaeans. There follow five chapters on Bashan, Gilead, Ammon, Moab and Edom, with the Negeb. Several indices facilitate the consultation of the work on particular topics.
