Mencken, 2021-05-21 The American Language is a multi volume study of how the English language is spoken in the United States The book is Mencken s research of the differences between English and American language Mencken wanted to defend Americanisms against a steady stream of English critics who usually isolated Americanisms as borderline perversions of the mother tongue The book discusses the beginnings of American variations from English the spread of these variations American names and slang According to Mencken American English was more colorful vivid and creative than its British counterpart The book concludes with the observation in the norms of use of the proper names in America including surnames given names geographical names Mencken s analysis on the American slang and forecast on the further language development German Americana Christoph Strupp, Kai Dreisbach, 2007 A comprehensive bibliography of books and scholarship on the United States produced in German speaking countries from 1956 2005

American Language H.L. Mencken, 2012-01-04 The American Language first published in 1919 is H L Mencken s book about the English language as spoken in the United States Mencken was inspired by the argot of the colored waiters in Washington as well as one of his favorite authors Mark Twain and his experiences on the streets of Baltimore In 1902 Mencken remarked on the queer words which go into the making of United States The book was preceded by several columns in The Evening Sun Mencken eventually asked Why doesn t some painstaking pundit attempt a grammar of the American language English that is as spoken by the great masses of the plain people of this fair land It would appear that he answered his own question In the tradition of Noah Webster who wrote the first American dictionary Mencken wanted to defend Americanisms against a steady stream of English critics who usually isolated Americanisms as borderline barbarous perversions of the mother tongue Mencken assaulted the prescriptive grammar of these critics and American schoolmarms arguing like Samuel Johnson in the preface to his dictionary that language evolves independently of textbooks The book discusses the beginnings of American variations from English the spread of these variations American names and slang over the course of its 374 pages According to Mencken American English was more colorful vivid and creative than its British counterpart **Amerikanisches Englisch** Else-Britt Thatcher, 1991 *The American Language: Development of English in the United States* H. America including surnames given names geographical names Mencken's analysis on the American slang and forecast on the further language development *Die Amerikanische Sprache (das Englisch Der Vereinigten Staaten)* Henry Louis Mencken, 1927 The Collected Works of H. L. Mencken George Jean Nathan, H. L. Mencken, 2023-11-19 The Collected Works of H. L. Mencken is an anthology that captures the sweeping satirical prowess of one of America's most influential critics and essayists of the early 20th century With an unyielding focus on the interplay between society and individual beliefs the essays span a diverse array of literary styles from scathing critiques to poignant reflections The collection offers a tapestry of thought provoking pieces that question societal norms and cultural dogmas illuminating Mencken's acute observations on American life Each work carefully curated for its depth and relevance contributes to a broader discourse on the complexities of human behavior Bringing together the formidable talents of George Jean Nathan and H. L. Mencken this anthology is more than a collection of writings it is a convergence of two masterful voices reshaping literary commentary Both scholars have profoundly impacted the landscape of modern thought challenging prevailing intellectual trends and pushing the boundaries of cultural critique This collection aligns with the larger movement of modernism characterized by a quest for authenticity and a skepticism of established truths thus offering readers a window into the shifting sensibilities of the period The Collected Works of H. L. Mencken provides an invaluable resource for those eager to explore the insights of a seminal era in literary history This compilation invites readers into a dialogue that transcends its time encouraging reflection and critique With every page readers are given the opportunity to navigate the multifaceted perspectives and stylistic innovations Mencken and his contemporaries pioneered Whether for educational enrichment or intellectual curiosity this anthology promises a profound journey through the dynamic interplay of culture and commentary Deutscher Literatur-Katalog Koch, Neff & Oetinger & Co.; Koehler & Volckmar, 1981 **Archiv für das Studium der neueren Sprachen und Literaturen** , 1920 Vols for 1858 include Sitzungen der Berliner Gesellschaft für das Studium der neueren Sprachen **the American Language** Mr. Mencken, Robert Shoemaker , 1946 **Polyglott Kuntze** , 1897 **Deutsche Nationalbibliographie und Bibliographie des im Ausland erschienenen deutschsprachigen Schrifttums** , 1989 USA Wilhelm Voss-Gerling, 1989 *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen* , 1996 *München* Klaus Andreas Dietsch, Franz Forchheimer, 1991 **German books in print** , 1994 **Südafrika** Hans Lajta, Herbert Weicke, 1983
