Pompai Guide De La Cita Antique:

Returns to Pompeii Shelley Hales, Anne-Marie Leander Touati, 2016 This volume presents a series of case studies that trace the ways in which audiences across Europe have attempted to return to Pompeii by emulating its interior decorations since the city's rediscovery in the mid eighteenth century As such it is about both the impact of Pompeian antiquity on the present and the reception in the present of that antique past exploring the variety of ways in which Pompeian domestic space and decoration have been revived and for what purposes and audiences The contributions to the volumes compare the ways in which Pompeian wall decorations were interpreted and adapted given new context and put to serve new social and political purposes both close to their place of discovery in the Kingdom of Naples and in the far off European periphery represented by Denmark and Sweden

The Jews in Late Ancient Rome L.V. Rutgers, 2011-11-08 It was long believed that Roman Jews lived in complete isolation This book offers a refutation of this thesis It focuses on the Jewish community in third and fourth century Rome and in particular on how this community related to the larger non Jewish world that surrounded it Jewish archaeological remains and Jewish funerary inscriptions from Rome are examined from various angles and compared to pagan and early Christian material and epigraphical remains The author has shown great comprehensiveness thoroughness and accuracy in examining this epigraphic evidence He also discusses the enigmatic legal treatise called the *Collatio* This volume proposes a new way in which the relationship between Jews and non Jews in late antiquity can be studied As such it is an important and useful addition to the literature on Roman Jewry in the middle Empire
