Pompeii Art And Treasures Of A Buried City:

Pompeii Marisa Ranieri Panetta, 2013 Explores the history and art of Pompeii through the analysis of artifacts and ruins that give clues into the public religious commercial and private lives of its inhabitants and provides an overview of the excavation of the land and eruption of Mount Vesuvius **The Masterpieces of French Art, Illustrated** Louis Viardot, 1884 **The Art Review** , 1907 **The Masterpieces of French Art** Louis Viardot, 1884 The Private Life Of The Romans Harold Whetstone Johnston, 1903 **Pratt Institute Monthly** Pratt Institute, 1895 *The Mound Builder Myth* Jason Colavito, 2020-02-20 Say you found that a few dozen people operating at the highest levels of society conspired to create a false ancient history of the American continent to promote a religious white supremacist agenda in the service of supposedly patriotic ideals Would you call it fake news In nineteenth century America this was in fact a powerful truth that shaped Manifest Destiny The Mound Builder Myth is the first book to chronicle the attempt to recast the Native American burial mounds as the work of a lost white race of true native Americans Thomas Jefferson s pioneering archaeology concluded that the earthen mounds were the work of Native Americans In the 1894 report of the Bureau of American Ethnology Cyrus Thomas concurred drawing on two decades of research But in the century in between the lie took hold with Presidents Andrew Jackson William Henry Harrison and Abraham Lincoln adding their approval and the Mormon Church among those benefiting Jason Colavito traces this monumental deception from the farthest reaches of the frontier to the halls of Congress mapping a century long conspiracy to fabricate and promote a false ancient history and enumerating its devastating consequences for contemporary Native people Built upon primary sources and first person accounts the story that The Mound Builder Myth tells is a forgotten chapter of American history but one that reads like the Da Vinci Code as it plays out at the upper reaches of government religion and science And as far fetched as it now might seem that a lost white race once ruled prehistoric America the damage done by this ancient myth has clear echoes in today s arguments over white nationalism multiculturalism alternative facts and the role of science and the control of knowledge in public life The Private Life of the Romans Harold Whetstone Johnston, 2022-11-13 In The Private Life of the Romans Harold Whetstone Johnston offers an insightful exploration of the everyday lives of Romans delving into their social customs family structures and leisure activities The book is written in an accessible yet erudite style enriched with vivid descriptions and grounded in meticulous research which allows readers to visualize the subtleties of Roman life Johnston s work stands as a crucial piece of literature within the field of classical studies providing a counterpoint to the grand historical narratives that often dominate the portrayal of ancient Rome By focusing on the private sphere he illuminates how ordinary Romans navigated their daily existences against the backdrop of a powerful empire Johnston an esteemed scholar of ancient history brings his extensive expertise to this work informed by his background in classical education and archaeology His ability to intertwine historical facts with engaging storytelling stems from his passion for demystifying the Roman past Johnston s academic

endeavors including teaching at various institutions have equipped him with a profound understanding of Roman culture further enriching his narrative I highly recommend *The Private Life of the Romans* to anyone intrigued by the intricacies of ancient civilization This book not only sheds light on the social fabric of Rome but also engages readers with its thoroughly researched yet relatable content making it an invaluable resource for both scholars and enthusiasts of history

The Everyday Life of the Romans Harold Whetstone Johnston, 2020-12-17 *The Everyday Life of the Romans* is a historical work by Harold Whetstone Johnston a classical historian and Professor of Latin presenting an account of common and ordinary life of the ancient Romans during the later Republic and earlier Empire The book provides an opportunity to see the rarely portrayed other side of life of important political figures since there is often the need of a simple and compact description of domestic life to give more reality to the shadowy forms of their public careers
