Pompeii Man:

The Time the Waters Rose Paul Ruffin, 2016-02-28 A collection of short stories about the rough and sometimes mysterious waters Writer Paul Ruffin celebrates the mysteries of the sea in the short story collection *The Time the Waters Rose* From shrimp boat captains to shipyard workers Ruffin's characters are men who drink swear fight and sometimes kill but what unifies them is that all embracing magic of the Gulf coast and the barrier islands While some are drawn to the Gulf for its mystery others are there simply to earn a living and all are unforgettable from the bawdy snuff dipping rednecks to the land locked shipbuilder who erects a ship in his suburban backyard to the salty old freethinker aboard *The Drag Queen* who gives his evangelical shipmate hell for suggesting they say grace before lunch The title story which Ruffin started writing as a ten year old bored with traditional Biblical tales is an irreverent satirical retelling of the epic Noah story All the other tales are set in and around the Mississippi coast but they are not your typical sea and fishing yarns While some of the stories may seem far fetched they are all drawn from Ruffin's experiences and are rich with tactile descriptions of the Pascagoula River and its surrounding marshlands from the sun and shadow play of the open waters to the powerful thunderheads and squalls that arise at a moment's notice over the islands of the Gulf

Pompeii's Ashes Eric Moormann, 2015-03-10 Although there are many works dealing with Pompeii and Herculaneum none of them try to encompass the entire spectrum of material related to its reception in popular imagination Pompeii's Ashes surveys a broad variety of such works ranging from travelogues between ca 1740 and 2010 to 250 years of fiction including stage works music and films The first two chapters provide an in depth analysis of the excavation history and an overview of the reflections of travelers The six remaining chapters discuss several clearly defined genres historical novels with pagan tendencies and those with Christians and Jews as protagonists contemporary adventures time traveling mock manuscripts and works dedicated to Vesuvius Pompeii's Ashes demonstrates how the eternal fascination with the oldest still running archaeological projects in the world began developed and continue until now

The New Orleans of Fiction James A. Kaser, 2014-07-29 The importance of New Orleans in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on New Orleans centered fiction are available they are of little use to scholars researching works written before the 1980s In *The New Orleans of Fiction: A Research Guide* James A Kaser provides detailed synopses for more than 500 works of fiction significantly set in New Orleans and published between 1836 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i.e. class ethnicity gender immigrant experience and race The
