Pooh With Other:

Being Sure of Each Other Kimberley Brownlee, 2020-05-26 We are deeply social creatures Our core social needs for meaningful social inclusion are more important than our civil and political needs and our economic welfare needs and we won't secure those other things if our core social needs go unmet Our core social needs ground a human right against social deprivation as well as a human right to have the resources to sustain other people Kimberley Brownlee defends this fundamental but largely neglected human right having defined social deprivation as a persistent lack of minimally adequate access to decent human contact she then discusses situations such as solitary confinement and incidental isolation Fleshing out what it means to belong Brownlee considers why loneliness and weak social connections are not just moral tragedies but often injustices and argues that we endure social contribution injustice when we are denied the means to sustain others Our core social needs can clash with our interests in interactive and associative freedom and when they do social needs take priority We have a duty to ensure that everyone has the opportunity to satisfy their social needs As Brownlee asserts we violate this duty if we classify some people as inescapably socially threatening either through using reductive essentialist language that reduces people to certain acts or traits criminal rapist paedophile foreigner or in the ways we physically segregate such people and fail to help people to reintegrate after segregation *The House at Pooh Corner* A. hilarity in the salons of Paris to moments of family truth in the American Midwest Along the way a breathtaking variety of personal connections and near misses slowly builds an awareness of the transformative power of genuine friendship of love and loss culminating in an indelible experience with a dying man And as the flow of memory carries us across time space and society one man s magnificently realized story grows to encompass an entire generation Sublimely funny yet elegiac full of unsparingly trenchant social observation yet infused with wisdom and a deeply felt compassion The Farewell Symphony is a triumph of reflection and expressive elegance It is also a stunning and wholly original panorama of gay life over the past thirty years the crowning achievement of one of our finest writers *The Century Dictionary and Cyclopedia: The Century dictionary, prepared under the superintendence of William Dwight Whitney; rev. & enl. under the superintendence of Benjamin E. Adams Vs. God Adams, Phillip, 2012-12-14 At the age of six Phillip Adams stopped believing in God A lonesome traveler for decades he has found that atheism is suddenly fashionable and the ranks of disbelievers are swelling Picking up where Adams vs God left off Adams has collected his best essays on God and godlessness in this irreverent Bible thumping book Guided by a sceptic s curiosity he has travelled the highways of Catholicism Islam and creationism and delved into a cosmos of multiple big bangs and religious quackery In all he s found little to recommend in either the missionary position or in a globalised God Adams vs God The Rematch is a book for our times From George W Bush to Kevin Rudd from the deep north of Queensland to the deep south of the USA Phillip Adams exposes the links between religion and politics and the fanaticism of ideologies as causes of conflict in the world

In Re W.C., 1994 **Marigold** James Hersherberg, 2012-01-11 Marigold presents the first rigorously documented in depth story of one of the Vietnam War s last great mysteries the secret peace initiative codenamed Marigold that sought to end the war in 1966 The initiative failed the war dragged on for another seven years and this episode sank into history as an unresolved controversy Antiwar critics claimed President Johnson had bungled or worse deliberately sabotaged a breakthrough by bombing Hanoi on the eve of a planned secret U S North Vietnamese encounter in Poland Yet LBJ and top aides angrily insisted that Poland never had authority to arrange direct talks and Hanoi was not ready to negotiate This book uses new evidence from long hidden communist sources to show that in fact Poland was authorized by Hanoi to open direct contacts and that Hanoi had committed to entering talks with Washington It reveals LBJ s personal role in bombing Hanoi as he utterly disregarded the pleas of both the Polish and his own senior advisors The historical implications of missing this opportunity are immense Marigold might have ended the war years earlier saving thousands of lives and dramatically changed U S political history
