

Practical Psychic Self-Defense for Home and Office

...becomes psychologically disturbed following the parents' frequent arguments. An employee feels uncomfortable the moment he steps into the office. A secretary finds the boss too aggressive. A colleague breaks into an angry outburst during a meeting.

When somebody has encroached on your "sacred" space, or your home no longer serves as a sanctuary, or your workplace has become a psychic battlefield, then this book is definitely for you! The author unravels a treasure trove of psychic, self-defense techniques, some of which have been practiced by ancient spiritual teachers and martial arts masters.

The book offers simple, effective, and practical remedies to psychic problems encountered by most people. It teaches several ways to shield one's self from projected negative thoughts and psychic contamination such as fashioning and strengthening the human aura; removing negative energies and vibrations from psychically dirty places; reinforcing psychic defenses through counter attack and counter defense methods; knowing how to deal with black magicians; taking corrective actions when a person has been psychically penetrated; and other never before known techniques. After all, the beauty of this book is that it is so simple and so easy to learn.
