Now it's easy to locate the materials you need to implement the new NCTM math standards. Organized by such math topics as problem solving, estimation, number sense and numeration, and geometry and spatial relationships, this book shows users where to find manipulatives and materials such as attribute blocks, pattern blocks, clocks, scales, multilink cubes, and prisms, calculators, and sorting toys. It also lists specialized math books, computer software, and a host of other learning materials, e.g., activity cards, puzzles, posters, games, reproducibles. The author briefly describes each product, cites grade level when given, and explains possible applications. Products of exceptional quality and value are highlighted, and the addresses of publishers and suppliers are given. A real time saver. Grades K-4.
