Prairie Nightmare:

Woody Guthrie's Modern World Blues Will Kaufman, 2017-10-12 Mention Woody Guthrie and people who know the name are likely to think of the Okie Bard dust storms behind him riding a boxcar or walking a red dirt road a battered guitar strapped to his back But unlock Guthrie from the confines of rural folk and Hollywood mythology as Will Kaufman does here and you'll find an abstract painter and sculptor who wrote about atomic energy and Ingrid Bergman and developed advanced theories of dialectical materialism and human engineering in short a folk singer who was deeply engaged with the art ideas and issues of his time Guthrie may have been born in the Oklahoma hills but his most productive years were spent in the metropolitan centers of Los Angeles and New York Machines and their physics were among his favorite metaphors fast cars were his passion and airplanes and even flying saucers were his frequent subjects His career long immersion in radio recording and film inspired trenchant observations concerning mass media and communication and he contributed to modern art as a prolific abstract painter graphic artist and sculptor This book explores how through multiple artistic forms Guthrie thought and felt about the scientific method atomic power and war technology as well as the shifting dynamics of gender and race Drawing on previously unpublished archival sources Kaufman brings to the fore what Guthrie's insistently folksy popular image obscures the essays visual art letters verse fiction and voluminous notebook entries that reveal his profoundly modern sensibilities Woody Guthrie emerges from these pages as a figure whose immense artistic output reflects the nation's conflicted engagement with modernity Capturing the breathtaking social and technological changes that took place during his extraordinarily productive career Woody Guthrie's *Modern World Blues* offers a unique and much needed new perspective on a musical icon

Shadows of Forbidden Temples Richard W Wilson, 2021-04-15 Tim a teacher from a small village by the Delaware River was drawn into an unsavory vortex of greed that included a lawyer the mayor of his town and a mafia hoodlum It began with Tim's discovery of a journal written by a young girl who in 1844 traveled alone by ship from Australia to Hong Kong He came across the journal after discovering the body of an antique dealer in a thicket by the river How could he know that he and the dealer were related that both were descended from the girl who had traveled alone to Hong Kong By what strange twist of fate would he find himself the beneficiary of a fortune To his surprise Tim discovered other beneficiaries who had been considered and discarded One was his deceased father who following WWII met and fell in love with a Japanese woman She was Tim's mother Another was Nelle who left England for Australia to work as a surgeon There she had a love affair that ended with murder Later Nelle emigrated to Nebraska married and had a child It was an unhappy family for her daughter Kaitlin fled home to escape her domineering father The fates were unkind for she became involved with a psychopath who on a cold night lured a young Mexican man into the countryside whipped him and left him naked tied to a fence post The demon of greed for fame money sex and power crept into these people's lives In its wake was wreckage but for Tim it was the start of an odyssey that led to a new beginning
