Quintana,2015-05-19 Litigation at the International Court of Justice provides a systematic guide to questions of procedure arising when States come before the International Court of Justice to take part in contentious litigation Quintana s approach is primarily empirical and emphasis is put on examples derived from actual practice This book is mainly intended to help practitioners and advisors to governments engaged in actual cases and deliberately avoids theoretical discussions favoring a pragmatic stance that is focused not so much on what authors have to say on any given topic concerning procedure but rather on presenting directly from the Court s mouth as it were what ICJ judges actually have done and said over the last ninety years concerning such questions **Documents on the International Court of Justice** Shabtai

Arbitration as Balanced Administration of Justice Massimo Benedettelli, Andrea Carlevaris, Antonio Crivellaro, Maria Beatrice Deli, 2024-08-05 Arbitration is adjudication and like any form of adjudication it must ensure justice to parties Justice requires that in settling disputes arbitrators constantly balance the opposing interests of the parties and the different legal systems relevant to the resolution of the dispute from time to time at hand This book addresses such issues by looking at the different stages of arbitration from the selection of the arbitral seat to the definition of jurisdictional limits from the choice of applicable law to the revision of arbitral awards The book collects essays by colleagues and friends of Piero Bernardini a leading practitioner of international arbitration who was a champion in achieving balance in the administration of justice through arbitration

Civil Procedure: Access to Commercial Justice Petra Butler, Allanah Colley, 2025-10-16 The financial burden of litigation continues to be the single most important consideration for parties in determining whether to fight their case in court The financial burden of embarking on civil litigation can influence litigation strategy and determine who has and who is denied access to justice This edition provides a comprehensive study of the financial obstacles of access to justice in civil litigation It draws on the contributions of eighteen jurisdictions to examine what impact the commitment to access to justice has made regarding access to civil litigation
