Secrets of Eternity Annalee Skarin, 2017-07-31 My increasing love has been the reward for my efforts for my love is great and my vision true All that I have I give freely to the world I seek no credits or rewards I only ask that men read that which God has revealed through me in humble prayer If man will but be as prayerful in reading as I have been filled with humble prayer in the writing then there is still hope for the world And so beloved ones of earth I say come stand with me upon the mountain top and permit me to show you the cause of the darkness that it might be dispelled Let me lead you to the great Christ Light that you might step out into its glory and abide in the new day With compassionate love unfeigned and true I reach out to tear asunder the veil of the Gross darkness that has covered the earth and blinded the minds of the people With love and tenderness increased a thousand fold I will reveal first the weaknesses and the evils and the errors and deceits contained within the earthly mire that you might fully comprehend the issues involved and so step forth into His great Light redeemed and glorified Annalee Skarin *Eternity's Secret* Carisia H. Switala, 2014-12-29 For centuries the notion of everlasting life has been referred to as eternity But is it really possible to live forever outside of ordinary time and if so how In Eternity's Secret Carisia Switala attempts to answer this question by examining the concept of eternity within a framework of relevant biblical passages and science Switala who holds a masters degree in Theological Studies from Harvard Divinity School decodes time to validate that eternity is a real dimension of endless life that also allows for the likelihood of seeing the future time travel and immortality Through her interpretations of relevant biblical passages and exploration of scientific theories and principles Switala carefully examines how the Bible relates to philosophical and logical ideas and looks beyond the human inventions of calendars and clocks to comprehend time as eternal Eternity's Secret shares a comprehensive examination of time viewed from a scientific and biblical framework intended to inspire others to search deep within for insight and knowledge about eternal life

Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?" Mohammad H.

Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion

in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saqi or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam s inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1 s inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist **The Breach of Reality** Victor G.

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 10: Khayyami Robaiyat: Part 3 of 3: Quatrains 686-1000: Songs of Joy Addressing the Question "Why Can Happiness Exist?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 10th volume subtitled Khayyami Robaiyat Part 3 of 3 Quatrains 686 1000 Songs of Joy Addressing the Question Why Can Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 10 Tamdgidi offers the third of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 3 includes quatrains 686 1000 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 686 1000 address the question Why Does or Can Happiness Exist The question is the third of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the

quatrains included in Part 3 continue the logically deductive reasoning process started in Part 2 but serve as practical examples of how humankind can turn the activity of poetry writing itself as a source of joy in life when confronting the topics of death survival and spiritual fulfillment The thematic topics of the quatrains of Part 3 as shared in Book 10 are XVIII Garden XIX Wine XX Love XXI Night XXII Death and Survival XXIII Liberation and XXIV Return Khayyam's overall sentiment in pursuing the inquiry in the third part of his book of poetry is expressive of joy He begins by showing using the example of his own poetry how strolling in a garden offers opportunities to enjoy it even when writing about the transient nature of the roses and greens He then offers in the longest section of his book a set of quatrains in praise of Wine disguising therein a praise of the joy of writing his own poetry Wine's metaphorical double meanings offering chances in the here and now of stealing joyfulness even when mistreated by his foes and amid feelings of helplessness in confronting physical death He then turns to the topic of spiritual Love signifying the role the sentiment of Love in search of the Source of creation plays in the evolutionary process of the succession order of the created existence as discussed in his writings He continues to the topic of death and the possibility of lasting spiritual survival and existence by practically encouraging the Drinkers of the Wine of his poetry itself to help bring about that end He ends the Wine of his poetry by expressing how it has helped free himself from the prior in Part 1 doubtfully expressed inevitability of physical death in favor of not just hopefulness in Part 2 but the certainty of having initiated a lasting spiritual existence by way of the bittersweet Wine of his poetry itself celebrating a return to the spiritual Source of all existence as woven into the 1000 threaded wick of the candle of his Love for God We should therefore judge each step of the third part of Khayyam's poetic inquiry in consideration of the two other parts of his book of poetry those already shared in Books 8 and 9 addressing the questions Does Happiness Exist and What Is Happiness

Warm Moments Anwer Ghani, 2020-06-15 Anwer Ghani wrote poetry when he was fourteen years old in the year 1987 when he wrote direct rhythmic poetry and classical and traditional subjects In 1995 he moved on to writing free symbolic poetry and philosophical themes He started writing an expressive narrative poem of national and popular subjects in 2003 and until now he is writing like this Poems 2019 are characterized as simple and social expressive narrative poems and for this reason he described them as warm poems and the collection is called Warm Moments Blake's Agitation Steven Goldsmith, 2013-03-15 Since the Romantic period the critical thinker's enthusiasm has served to substantiate his or her agency in the world Blake's Agitation is a thorough and engaging reflection on the dynamic forward moving and active nature of critical thought Steven Goldsmith investigates the modern notion that there's a fiery feeling in critical thought a form of emotion that gives authentic criticism the potential to go beyond interpreting the world By arousing this critical excitement in readers and practitioners theoretical writing has the power to alter the course of history even when the only evidence of its impact is the emotion it arouses Goldsmith identifies William Blake as a paradigmatic example of a socially critical writer who is moved by enthusiasm and whose work in turn inspires enthusiasm in his readers He traces the

particular feeling of engaged dynamic urgency that characterizes criticism as a mode of action in Blake's own work in Blake scholarship and in recent theoretical writings that identify the heightened affect of critical thought with the potential for genuine historical change. Within each of these horizons the critical thinker's enthusiasm serves to substantiate his or her agency in the world, supplying immediate embodied evidence that criticism is not one thought form among many but an action of consequence, accessing or even enabling the conditions of new possibility necessary for historical transformation to occur. The resulting picture of the emotional agency of criticism opens up a new angle on Blake's literary and visual legacy and offers a vivid interrogation of the practical potential of theoretical discourse. Imagining Nature Kevin Hutchings, 2002

In Imagining Nature Kevin Hutchings combines insights garnered from literary history, poststructuralist theory, and the emerging field of ecological literary studies. He considers William Blake's illuminated poetry in the context of the eighteenth-century model of nature's economy, a conceptual paradigm that prefigured modern-day ecological insights describing all earthly entities as integrated parts of a dynamic interactive system. Hutchings details Blake's sympathy for and important suspicions concerning the burgeoning contemporary fascination with such things as environmental ethics, animal rights, and the various fields of scientific naturalism. By focusing on Blake's concern for the relationship between nature and ideology, including the politics of class, gender, and religion, Hutchings avoids the sentimentalism and misanthropic pitfalls all too often associated with environmental commentary. He articulates a distinctively Blakean perspective on current debates in literary theory and eco-criticism and argues that while Blake's peculiar humanism and profound emphasis upon spiritual concerns have led the majority of his readers to regard his work as patently anti-natural, such a view distorts the central political and aesthetic concerns of Blake's corpus. By showing that Blake's apparent hostility toward the natural world is actually a key aspect of his famous critique of institutionalized authority, Hutchings presents Blake's work as an example of green Romanticism in its most sophisticated and socially responsive form.
