Magic Of Floral Painting Ii:

Magic of Floral Painting II Gary Jenkins, 1989-02-01

The Magic of Watercolour Flowers Paul Riley, 2015-06-25

Watercolour is the ideal medium for painting flowers due to its wonderful translucency and in his new book *The Magic of Watercolour Flowers* Paul Riley shows readers how to paint colourful vibrant flower paintings. He explains how to achieve exciting special effects in your flower compositions by using certain textural techniques such as soft edges and different light sources to make the most out of watercolour's natural translucency and create mood for your paintings. Paul Riley encourages readers to be more adventurous in their paintings by adding figures and still life objects to their compositions which can lend character and personality to a painting. There are many step by step paintings and useful tips and techniques throughout with chapters on flower markets, flowers in the garden, flowers in the landscape and a fascinating section showing how to combine imaginative decorated still life objects with flowers. In addition, Paul Riley shows how to use collage to create exciting and unexpected compositions. Capturing the beauty of flowers in watercolour has been the aim of painters for centuries and in this book Paul Riley inspires and encourages readers to take their watercolour flower paintings a step further to make the most of the medium's natural versatility.
