Haws,1979 *The Atlantic Transport Line, 1881-1931* Jonathan Kinghorn,2012-01-27 In 1881 the dynamic Baltimorean Bernard N Baker established the Atlantic Transport Line an American owned but British operated steamship company with service from London to New York that became famous for shipping expensive livestock and for carrying only first class passengers Although moderately sized the company remained a significant presence in international shipping until World War I caused major business disruptions followed by changed priorities during peacetime Finally the Great Depression led to its closure This volume chronicles the history of the line and its absorption into J P Morgan s gargantuan and ill conceived International Mercantile Marine Company against the background of efforts to revive the American mercantile marine Descriptions of life on board Atlantic Transport Line vessels individual histories of every vessel owned by the line and biographies of key figures associated with the company make this the most complete account of this important player in the history of American trade Merchant Fleets in Profile: Thos. & Jno. Malta's Savior John Henshaw,2024-02-28 Holding the small island of Malta the British Empire s strategic centerpiece in the Mediterranean Sea was critical to the Allied cause in World War II and taking it was essential for Axis victory German forces laid siege to the island beginning in June 1940 and it soon became the most bombed place on Earth By August 1942 with supplies running out Malta was in dire need of relief In what was then the largest Royal Navy force yet assembled in the war two battleships three aircraft carriers seven light cruisers 32 destroyers and a fleet of transports were mustered from far flung theaters This day by day account of Operation Pedestal chronicles the planning execution and climactic battle that saw only five of 14 merchant ships make it to Valletta all but one heavily damaged Merchant Fleets in Profile: Manchester Liners, Houlders Bros., Alexander & Prince Lines Duncan Haws,1978 The American Line (1871-1902) William H. Commission on American Shipbuilding,1973 **Disaster At Sea** William Flayhart,2005-03-22 Flayhart delivers a gripping chronicle of mishap and mayhem filled with danger and heroism and rich with detail Sea Power A colorful and deadly history of ocean liner disasters from the mid nineteenth century to the present Disaster at Sea is a chronicle of the most frightening episodes in the maritime history of the North Atlantic From 1850 to the present day the Atlantic has been home to hundreds of ocean liners and cruise ships each more lavish than the last all of them symbols of

wealth and luxury Perhaps this is why readers have always been fascinated by the lives of these ships and their deaths Many of us know the stories of the Titanic and the Lusitania Both tragedies caused tremendous loss of life even as they made the ships immortal But there are many little known accounts of extraordinary survivals at sea such as the Inman and International liner City of Chicago that jammed her bow into an Irish peninsula in 1892 but stayed afloat long enough for all to be rescued or the City of Richmond that survived a dangerous fire in 1891 and a year earlier the City of Paris whose starboard engine exploded at full speed in the mid Atlantic and yet miraculously still made port Often such tales are forgotten even if the ship sank In 1898 the Holland America liner Veendam hit a submerged wreck and sank at sea but all lives were saved so this vessel s dramatic story seemed less important in maritime history than incidents involving human loss As recently as 2000 the Sea Breeze I sank off the East Coast of the United States while on a positioning voyage but all her crew members were rescued in a heroic effort by U S Coast Guard helicopters These stories and many others are dramatic and acclaimed maritime scholar William Flayhart has spent much of the last forty years in search of material from which to create colorful narratives Author of *The American Line 1871 1902* and coauthor of *Majesty at Sea* and the first edition of *QE2* Flayhart retells classic ocean liner disaster stories while bringing to light never before published but compelling episodes in man s ongoing battle with the sea Originally published in hardcover under the title *Perils of the Atlantic* Leaders in Profile: the United States Senate George Douth,1975 *The Peacock Room* Linda Merrill,1998-01-01 En gennemgang af Smithsonian Institutions Peacock Room indrettet af J A M Whistler 1834 1903 **Recent Tanker Accidents** United States.
