The Watchdog That Didn't Bark Dean Starkman, 2014-01-07 The Pulitzer Prize winning reporter details how the U S business press could miss the most important economic implosion of the past eighty years Eric Alterman media columnist for The Nation In this sweeping incisive post mortem Dean Starkman exposes the critical shortcomings that softened coverage in the business press during the mortgage era and the years leading up to the financial collapse of 2008 He examines the deep cultural and structural shifts some unavoidable some self inflicted that eroded journalism's appetite for its role as watchdog The result was a deafening silence about systemic corruption in the financial industry Tragically this silence grew only more profound as the mortgage madness reached its terrible apogee from 2004 through 2006 Starkman frames his analysis in a broad argument about journalism itself dividing the profession into two competing approaches access reporting and accountability reporting which rely on entirely different sources and produce radically different representations of reality As Starkman explains access journalism came to dominate business reporting in the 1990s a process he calls CNBCization and rather than examining risky even corrupt corporate behavior mainstream reporters focused on profiling executives and informing investors Starkman concludes with a critique of the digital news ideology and corporate influence which threaten to further undermine investigative reporting and he shows how financial coverage and journalism as a whole can reclaim its bite Can stand as a potentially enduring case study of what went wrong and why Alec Klein national bestselling author of Aftermath With detailed statistics Starkman provides keen analysis of how the media failed in its mission at a crucial time for the U S economy

Street Kids Marlene Webber, 1991-12-15 In cities across North America teenage runaways are struggling to stay alive Some don't make it to adulthood Some do but their lives rarely rise above the despair that brought them to the streets in the first place A few manage to beat the street to get their lives back on track In this disturbing account Marlene Webber draws on extensive interviews with these kids to explore the realities of street life its attraction and its consequences Street kids like to project an image of themselves as free wheeling rebels who relish life on the wild side All brashness and bombast they strut around inner cities panhandling posturing and prostituting themselves Labelled society's bad boys and girls they often live up to their image But as sixteen year old Eugene tells us the street forces bravado on homeless adolescents but underneath a lot of kids are plenty scared Eugene is only one of many street kids who talked to Webber in major cities across Canada She lets her subjects tell their own stories their voices are sometimes brave sometimes

bitter often heartbreaking Webber cuts a comprehensible path through the tangle of forces including family breakdown and social service failure that accelerate the tragedy of Canada's runaways. She suggests measures that might help more of them beat the streets.

The Snakehead Patrick Radden Keefe, 2009-07-21 In this thrilling panorama of real life events the bestselling author of *Empire of Pain* investigates a secret world run by a surprising criminal: a charismatic middle-aged grandmother who from a tiny noodle shop in New York's Chinatown managed a multi-million dollar business smuggling people. Reads like a mashup of *The Godfather* and Chinatown complete with gun battles, a ruthless kingpin, and a mountain of cash. Except that it's all true. Time Keefe reveals the inner workings of Sister Ping's complex empire and recounts the decade-long FBI investigation that eventually brought her down. He follows an often incompetent and sometimes corrupt INS as it pursues desperate immigrants risking everything to come to America and along the way he paints a stunning portrait of a generation of illegal immigrants and the intricate underground economy that sustains and exploits them. Grand in scope yet propulsive in narrative force *The Snakehead* is both a kaleidoscopic crime story and a brilliant exploration of the ironies of immigration in America.

Race, Ethnicity, and Violence in South Sudan Amir Idris, 2024-06-19 The purpose of this book is to understand how and why liberators of South Sudan have become perpetrators of ethnically driven violence. How and why did violence happen immediately after independence in South Sudan? South Sudan slid into civil war in December 2013 just two years after winning its hard-won independence. A great deal has been written about the conflict and violence of this period, much of which emphasizes the notion that the root causes of the conflict can be traced to the ethnic division and hatred among the population or the lack of state capacity to manage ethnic diversity and hostilities. However, the existing literature exhibits important analytical gaps focusing primarily on the state of the violence and the immediate political history of South Sudan dating back to its political independence in 2011 but lacking critical analysis of historical and anthropological interpretations of state and society. This book addresses these gaps in knowledge and understanding and in so doing seeks to explain how and why liberators become perpetrators of violence and how the intersection of the legacies of slavery, colonialism, and national liberation struggle contributed to violence in South Sudan. Through a comprehensive exploration of identity and violence within the broader context of state formation, the book sheds light on why those who sought sovereignty may turn against their own, drawing parallels with colonial discourse. It aspires to provide nuanced frameworks and empirical insight for scholars, students, practitioners, and policymakers engaged in South Sudan politics, development, and peacebuilding.

Congressional Record United States. Congress, 1950 The Congressional Record is the official record of the proceedings and debates of the United States Congress.
