William Empson, The Arabic Influences on Early Modern Occult Philosophy Liana Saif, 2016-04-29 Investigating the impact of Arabic medieval astrological and magical theories on early modern occult philosophy this book argues that they provided a naturalistic explanation of astral influences and magical efficacy based on Aristotelian notions of causality **John Dee's Natural Philosophy** Nicholas Clulee, 2013-02-15 This is the definitive study of John Dee and his intellectual career Originally published in 1988 this interpretation is far more detailed than any that came before and is an authoritative account for anyone interested in the history literature and scientific developments of the Renaissance or the occult John Dee has fascinated successive generations Mathematician scientist astrologer and magus at the court of Elizabeth I he still provokes controversy To some he is the genius whose contributions to navigation made possible the feats of Elizabethan explorers and colonists to others an alchemist and charlatan Thoroughly examining Dee's natural philosophy this book provides a balanced evaluation of his place and the role of the occult in sixteenth century intellectual history It brings together insights from a study of Dee's writings the available biographical material and his sources as reflected in his extensive library and more importantly numerous surviving annotated volumes from it THRICE GREAT HERMETICA AND THE JANUS AGE Joseph Farrell, 2020-06-16 What do the Fourth Crusade the exploration of the New World secret excavations of the Holy Land and the pontificate of Innocent the Third all have in common Answer Venice and the Templars What do they have in common with Jesus Gottfried Leibniz Sir Isaac Newton Rene Descartes and the Earl of Oxford Answer Egypt and a body of doctrine known as Hermeticism In this book noted author and researcher Joseph P Farrell takes the reader on a journey through the hidden history of the Middle Ages the Renaissance and early Enlightenment connecting the dots between Venice international banking the Templars and hidden knowledge He draws out the connections between the notorious Venetian Council of Ten little known Venetian voyages to the New World and the sack of Constantinople during the Fourth Crusade The hidden role

of Venice and Hermeticism reached far and wide into the plays of Shakespeare and a k Edward De Vere Earl of Oxford into the quest of the three great mathematicians of the Early Enlightenment for a lost form of analysis and back into the end of the classical era to little known Egyptian influences at work during the time of Jesus *John Dee: Interdisciplinary Studies in English Renaissance Thought* Stephen Clucas, 2006-06-18 Intellectual History and the Identity of John Dee In April 1995 at Birkbeck College University of London an interdisciplinary colloquium was held so that scholars from diverse fields and areas of expertise could exchange views on the life and work of John Dee Working in a variety of fields intellectual history history of navigation history of medicine history of science history of mathematics bibliography and manuscript studies we had all been drawn to Dee by particular aspects of his work and participating in the colloquium was to confront other narratives about Dee's career an experience which was both bewildering and instructive Perhaps more than any other intellectual figure of the English Renaissance Dee has been fragmented and dispersed across numerous disciplines and the various attempts to re-integrate his multiplied image by reference to a particular world view or philosophical outlook have failed to bring him into focus This volume records the diversity of scholarly approaches to John Dee which have emerged since the synthetic accounts of I R F Calder Frances Yates and Peter French If these approaches have not succeeded in resolving the problematic multiplicity of Dee's activities they will at least deepen our understanding of specific and local areas of his intellectual life and render them more historiographically legible **Researching the Paranormal** Courtney M.
