Paul In Asia Minor The Life And Letters Of Paul:

Paul--His Life, Letters, and Teaching Murray J. Harris, 2022-10-19 Students of all ages appreciate a comprehensive overview of any topic they are studying Here you have just such a convenient summary of the life letters and teaching of Paul of Tarsus one of the key figures in early Christianity The book first sketches Paul s Jewish pedigree his sterling rabbinic training under Gamaliel the Elder and his enthusiastic persecution of Jewish infidels known as the followers of Yeshua of Nazareth After tracing the circumstances that gave rise to his thirteen extant letters written to infant Christian churches the book ends with an investigation of Paul s relationship with the Jewish Law the nation of Israel and the historical Jesus Other topics of timeless interest include his teaching on death resurrection and immortality his view of baptism and the Lord s Supper and his advice about ideal family relationships And many readers will be startled to read about the four low points in Paul s career

PAUL IN ASIA MINOR This volume of the Life and Letters of Paul series Paul in Asia Minor has eight chapters covering the books of Philemon Colossians and Ephesians Chapter titles Christian Family Matters Philemon New Age Religion Colossians 1 True Life in Christ Colossians 2 God s Chosen Ones Colossians 3 4 Christ Universal Ephesians 1 No Longer Strangers and Aliens Ephesians 2 3 The Old Life and the New Ephesians 4 5 The Household of God Ephesians 6 The text makes use of historical geographical archeological and anthropological information to help the reader understand the cultural political and religious context of Asia Minor It examines for example the institution of slavery Philemon non Christian religious beliefs prevalent in Asia Minor that would influence Christian converts Colossians and Ephesians ethical systems and lists of vices and virtues from non Christian philosophies Colossians and Ephesians and household responsibilities Ephesians Paul has used his extensive knowledge of the religions and culture of Asia Minor to persuade and win persons to Christ To see another group study offered by Cokesbury go to the Adult Bible Studies website *Charts on the Life, Letters, and Theology of Paul* Lars Kierspel, 2012 This useful contribution by Lars Kierspel provides us with a treasure trove of information on Paul s world life and ministry churches letters and thought All of this is condensed into a format of some 111 charts each covering a different topic related to Paul and his epistles The charts are arranged into four categories covering Paul s background and context his life and ministry his letters and finally his theological concepts Though not completely exhaustive in scope Kierspel covers the main issues in each category such as the religious and political context of Paul s world and the setting of each Pauline

letter with brief introductions snapshots of its contents Current scholarly debates about such things as authorship and interpretation of problem passages are treated thoroughly and in a balanced presentation with ample bibliographical notes for further investigation Especially valuable are his treatments of topics of particular current interest and scholarly debate such as the role of women in Paul's churches the meaning of his phrase faith of Christ and the new perspective on Paul to mention but a few John Polhill Southwestern Baptist Theological Seminary *The Life, Letters and Religion of St. Paul* Charles Travers Wood, 1925 The motive which above all led me to publish this book was the desire to examine as simply as possible St Paul's religion Other writers of his life concentrate more on his theology but his theology was surely built in almost every detail on his daily religious experience and we need books which will interpret his religion in terms which touch men's own experience of life rather than in the theological jargon which the modern mind finds both dull and unconvincing p vi *St. Paul: His Life, Letters, and Christian Doctrine* Alan Hugh McNeile, 1920 **Paul** E. P. Sanders, 2016-01-29 E P Sanders offers an expansive introduction to the apostle navigating some of the thorniest issues in scholarship using language accessible to the novice and seasoned scholar alike Always careful to distinguish what we can know historically from what we may only conjecture and these from dogmatically driven misrepresentations Sanders sketches a fresh picture of the apostle as an ardent defender of his own convictions ever ready to craft the sorts of arguments that now fill his letters E P Sanders has for many years been one of the leading scholars of Paul's life and work His book is a key text for scholars and students alike *Finding List*, 1904 **Paul** Edgar Johnson Goodspeed, 1912 **Rediscovering Paul** David B. Capes, Rodney Reeves, E. Randolph Richards, 2017-11-21 For some of us the apostle Paul is intimidating prickly and unpredictable But maybe it's time to get to know Paul on his own terms Drawing on the best of contemporary scholarship and with language shaped by conversations with today's students this expanded edition of *Rediscovering Paul* gives fresh consideration to Paul's conversion call and his ongoing impact on church and culture **The Homiletic Review**, 1920 **The Oxford Handbook of Pauline Studies** Matthew V. Novenson, R. Barry Matlock, 2022-04-08 The Oxford Handbook of Pauline Studies brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the apostle Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul It is demonstrated that reading Paul is not and never has been just one thing It has always been a matter of the particular questions and interests that the reader brings

to these very generative texts The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today paying particular attention to theory and method in interpretation It considers traditional approaches alongside recent approaches to Paul including gender race and ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters
