The Formation of the Nazi Constituency 1919-1933 (RLE Nazi Germany & Holocaust) Thomas Childers,2014-09-19 In the years preceding publication of this book in 1986 much progress was made in identifying the social sources of support for Hitler s NSDAP and in determining the tactics employed by the party to mobilise its constituency at grass roots level It has emerged that the Nazi s roots were far more diverse than previously assumed extending beyond the lower middle class to encompass both the affluent bourgeoisie and the working class This book collects together original studies which represent a distillation of some of the contemporaneous research

The Radical Right in Germany Lee McGowan,2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i e since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany s life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler s pursuit of power in the 1920s or end with his death in the ruins of Berlin
