Political Trials In History From Antiquity To The Present By:

Political Trials in History Ron Christenson, Prepared in dictionary format this volume reexamines the uses of political trials Through the conduct and context of key trials throughout history the reader is made to understand an aspect of public life too easily misconstrued although never neglected the political side of litigation Most of the trials in this volume were significant enough to continue to shape our interpretation of the law long after the court made its judgment and all appeals were completed The dialogue they initiated may last for decades even for centuries Such trials provide us with an insight into the vital aspects of our public life the civilizing capacity of politics **Political Trials in Theory and History** Jens

Meierhenrich, Devin O. Pendas, 2017-02-27 From the trial of Socrates to the post 9 11 military commissions trials have always been useful instruments of politics Yet there is still much that we do not understand about them Why do governments use trials to pursue political objectives and when What differentiates political trials from ordinary ones Contrary to conventional wisdom not all political trials are show trials or contrive to set up scapegoats This volume offers a novel account of political trials that is empirically rigorous and theoretically sophisticated linking state of the art research on telling cases to a broad argument about political trials as a socio legal phenomenon All the contributors analyse the logic of the political in the courtroom From archival research to participant observation and from linguistic anthropology to game theory the volume offers a genuinely interdisciplinary set of approaches that substantially advance existing knowledge about what political trials are how they work and why they matter *Political Trials* Ron Christenson, 2017-12-02 Political trials take issues of responsibility conscience representation and legitimacy which are tied in tight political and legal knots and force us to face questions about our public identity our standards for public policy and our sense of history Ron Christenson explores how political trials especially those within the rule of law engage society s conflicting values and loyalties He examines numerous political trials throughout history bringing into question basic foundations of law politics and society Christenson classifies political trials according to the issues they generate in the political sphere partisan trials are spurious legal proceedings but politically expedient trials of corruption and insanity raise questions of public and personal responsibility trials of dissenters involve problems of conscience trials of nationalists highlight the nature of representation and the relationship of the part to the whole and trials of regimes engage the most fundamental concept of both law and politics legitimacy Political Trials brings these considerations to bear on some of the best known cases in history including the Gunpowder Plot the Spanish Inquisition the Dreyfus affair the Nuremburg trials trials of dissenters such as Socrates Thomas More Roger Williams and the Berrigan brothers and trials of nationalists such as Joan of Arc Gandhi Knut Hamsun and the Irish republicans Since the first edition appeared a number of notable political trials have raised critical issues for society Shocking public exposures about the Guildford 4 and Maguire 7 trials shook the British criminal justice establishment while in the United States trials concerning the beating of Rodney King led up to the O J Simpson spectacle and a host of parallel questions The trials of right

wing terrorists such as Paul Hill found guilty of murdering an abortion doctor and Timothy McVeigh convicted of the Oklahoma City federal building bombing parallel

The Courtroom as a Space of Resistance Awol Allo, 2016-03-09 Fifty years before his death in 2013 Nelson Mandela stood before Justice de Wet in Pretoria's Palace of Justice and delivered one of the most spectacular and liberating statements ever made from a dock In what came to be regarded as the trial that changed South Africa Mandela summed up the spirit of the liberation struggle and the moral basis for the post Apartheid society In this blistering critique of Apartheid and its perversion of justice Mandela transforms the law into a sword and shield He invokes it while undermining it uses it while subverting it and claims it while defeating it Wise and strategic Mandela skilfully reimagines the courtroom as a site of visibility and hearing opening up a political space within the legal This volume returns to the Rivonia courtroom to engage with Mandela's masterful performance of resistance and the dramatic core of that transformative event Cutting across a wide range of critical theories and discourses contributors reflect on the personal spatial temporal performative and literary dimensions of that constitutive event By redefining the spaces institutions and discourses of law contributors present a fresh perspective that re sets the margins of what can be thought and said in the courtroom

Black Trials Mark S. Weiner, 2007-12-18 From a brilliant young legal scholar comes this sweeping history of American ideas of belonging and citizenship told through the stories of fourteen legal cases that helped to shape our nation Spanning three centuries Black Trials details the legal challenges and struggles that helped define the ever shifting identity of blacks in America From the well known cases of Plessy v Ferguson and the Clarence Thomas confirmation hearings to the more obscure trial of Joseph Hanno an eighteenth century free black man accused of murdering his wife and bringing smallpox to Boston Weiner recounts the essential dramas of American identity illuminating where our conception of minority rights has come from and where it might go Significant and enthralling these are the cases that forced the courts and the country to reconsider what it means to be black in America and Mark Weiner demonstrates their lasting importance for our society

Historical Dictionary of Modern Coups d'état John J. Chin, Joseph Wright, David B. Carter, 2022-12-13 For readers interested in international relations politics and global issues Library Journal Starred Review The Historical Dictionary of Modern Coups d'état surveys the history of coups d'état in the post World War II period The term modern in the title therefore demarcates the period since January 1946 This book documents over 582 coup attempts that have occurred in 108 different countries worldwide over a period of 75 years Historical Dictionary of Modern Coups d'état contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 400 cross referenced dictionary entries This book is an excellent resource for students and researchers

[Milestones on the Road to Dystopia](#) Firas Adnan Jabbar Al-Jubouri, 2014-03-17 Author of the masterpieces Animal Farm and Nineteen Eighty Four George Orwell the nom de plume of Eric Arthur Blair experienced explored and explained some of the defining political economic and social traumas of his time predicaments that have and will always be part of Man's infatuation with power and

power politics Orwell's experiences of colonial exploitation in Burma extreme poverty in Paris London and the industrial North and the horrors of ideological deceit and betrayal during the Spanish Civil War fashioned his literary persona his political canon and influenced his vision of a future dystopia This book explores Orwell's journey to dystopia using his major texts as milestones and also examines the author as a divided self and as a chronicler of his age on a fateful journey to dystopia Furthermore it investigates his responses to the use of what he calls force and or fraud in the politics of his time seeking a new understanding of the tensions and contradictions that characterise his writing The analyses explain how authoritarian systems and totalitarian regimes manipulate power and employ pretence in order to divide the self and force individuals and society into obedience The book argues that new insight into Orwell's political views is gained by investigating Niccol Machiavelli's *The Prince* where Machiavelli uses the phrase force or fraud to encourage totalitarian tactics in running a State Milestones on the Road to Dystopia Interpreting George Orwell's Self Division in an Era of Force and Fraud presents new insights that interpret the close relationship between self division paradox and the use of a pseudonym demonstrating how they help in understanding Orwell's character works and the nature of totalitarian politics Analysing self division both as an Orwellian trait and as a totalitarian strategy and finding a connection with Machiavelli against the milieu of Orwell's development as a writer is an intricate and interrelated topic that has not previously received critical attention either in its individual parts or as an integrated study This book establishes an essential template with which to analyse Orwell's self division apropos his growing fears of totalitarian power politics and offers distinct analytical acumens that allow for an updated understanding of Orwell and of his relevance to political thought and the question of common decency in twenty first century literature and politics

Africa: Dawn of a New Era

Godfrey Mwakikagile, 2016-01-26 The author looks at some of the major events which took place in Africa in the early years of independence including challenges to statehood and nationhood which threatened the existence of some countries He also looks at the struggle for independence in some of the countries which were among the last to win their freedom and at some of the causes of conflict in a number of countries across the continent which can be traced to the wrong foundation laid in the sixties for the new African nations Subjects covered include the Nigerian civil war which almost destroyed the Nigerian federation when the Eastern Region seceded in 1967 and established the independent Republic of Biafra and which still haunts Nigeria today

Crime and the Rise of Modern America Kristofer Allerfeldt, 2011-04-13 In *Crime and the Rise of Modern America* Kristofer Allerfeldt studies the crimes criminals and law enforcement that contributed to a uniquely American system of crime and punishment from the end of the Civil War to the eve of World War II to understand how the rapidly changing technology of transportation media and incarceration affected the criminal underworld In ten thematic chapters *Crime and the Rise of Modern America* turns to the outlaws of the iconic West and the illegal distilleries of Prohibition the turn of the century immigrants and the conmen who preyed on the people of the Promised Land to examine

how crime and America both changed defining each other *The Death of Public Integrity* Robert Roberts, 2019-09-11 From the late nineteenth century through the 1970s several government reform movements succeeded in controlling traditional types of public corruption But has this historic success led to a false sense of security among public management scholars and professionals As this book argues powerful special interests increasingly find effective ways to gain preferential treatment without violating traditional types of public corruption prohibitions Although the post Watergate good government reform movement sought to close this gap the 1980s saw a backlash against public integrity regulation as the electorate in the United States began to split into two sharply different camps driven by very different moral value imperatives Taking a historical view from the ratification of the U S Constitution through to the Trump administration *The Death of Public Integrity* details efforts by reformers to protect public confidence in the integrity of government at the local state and federal levels Arguing that progressives and conservatives increasingly live in different moral worlds author Robert Roberts demonstrates the ways in which it has become next to impossible to hold public officials accountable without agreement on what constitutes immoral conduct This book is required reading for students of public administration public policy and political science as well as those interested in public service ethics **Spectacles and Specters** Başak Ertür, 2022-11-15 WINNER SLSA SOCIO LEGAL THEORY AND HISTORY PRIZE SHORTLISTED THE HART SLSA BOOK PRIZE *Spectacles and Specters* draws on theories of performativity to conceptualize the entanglements of law and political violence offering a radical departure from accounts that consider political trials as instrumental in exercising or containing political violence Legal scholar Başak Ertür argues instead that making sense of the often incalculable interpenetrations of law politics and violence in trials requires shifting the focus away from law's instrumentality to its performativity Ertür develops a theory of political trials by reconstructing and building on a legacy of critical thought on Nuremberg in close engagement with theories of performativity She then offers original case studies that introduce a new perspective by looking beyond the Holocaust trials to the Armenian genocide and its fragmentary legal aftermaths These cases include the 1921 trial of Soghomon Tehlirian the 2007 21 Hrant Dink Murder Trial and the 2015 case before the European Court of Human Rights concerning the denial of the Armenian genocide Enabling us to capture the various modalities in which the political emerges in through and in relation to legal forms on the stage of the trial this focus on law's performativity also allows us to account for how sovereign schemes can misfire and how trials can come to have unintended political lives and afterlives Further it reveals how law is entangled with and perpetuates certain histories of violence rather than simply ever mastering these histories or providing closure *Revolutionary Justice* Yoram Meital, 2017 *Revolutionary Justice* narrates the power struggle between the Free Officers and their adversaries in the aftermath of Egypt's July Revolution of 1952 by studying trials held at the Revolution's Court and the People's Court The establishment of these tribunals coincided with the most serious political crisis between the new regime and the opposition primarily the Muslim Brothers and the Wafd party but also senior officials

in the previous government By this point the initial euphoria and the unbridled adoration for the Free Officers had worn off and the focus of the public debate shifted to the legitimacy of the army's continued rule Yoram Meital charts the crucial events of Egyptian Revolution both within and outside the courtroom The tribunals transcripts which constitute the prime source of his study offer a rare glimpse of the dialogue between parties that held conflicting views While show trials against political dissidents are generally considered of little historical value Revolutionary Justice lucidly shows that the rhetoric generated by Egypt's special courts played a crucial role in the denouement of political struggles the creation of new historical trends and the shaping of both the regime and the opposition's public image The deliberations at the courtroom reinforced the prevailing emergency atmosphere helping the junta advance its plans for a new dispensation On the other hand the responses of defendants and witnesses during the trial exposed weaknesses in the official hegemonic narrative Paradoxically oppositional views that the regime tirelessly endeavored to silence were tolerated and recorded in the courtroom

Africa 1960 - 1970 Godfrey Mwakikagile, 2009 The author looks at Africa in the sixties and at the major events which have shaped the destiny of the continent for decades since the end of colonial rule Most of the countries had won independence by 1968 It was the euphoric and turbulent sixties when African countries were confronted with the harsh realities of nationhood including nation building and state consolidation They were also years of military coups and assassinations as well as conflicts the ouster of Kwame Nkrumah who led Ghana to become the first black African country to win independence the Congo crisis including the secession of Katanga province and the assassination of Patrice Lumumba the Nigerian civil war triggered by the secession of the Eastern Region which declared independence as the Republic of Biafra the Zanzibar Revolution followed by the union of Tanganyika and Zanzibar which led to the creation of a new country Tanzania which is the only union of independent states ever formed on the continent and liberation wars in the countries of southern Africa which were under white minority rule There were many other events which took place across the continent during those years Almost all the major events which have taken place on the continent through the decades can be traced back to the sixties in one way or another That was when the foundations of the young African nations were laid It was also during those years when African governments adopted and implemented policies including imported isms which had a profound impact on the continent for decades It was probably the most important decade in the history of post colonial Africa

Counter-Democracy Pierre Rosanvallon, Arthur Goldhammer, 2008-11-20 Democracy is established as a generally uncontested ideal while regimes inspired by this form of government fall under constant criticism Hence the steady erosion of confidence in representatives that has become one of the major political issues of our time Amidst these challenges the paradox remains that while citizens are less likely to make the trip to the ballot box the world is far from entering a phase of general political apathy Demonstrations and activism abound in the streets in cities across the globe and on the internet Pierre Rosanvallon analyses the mechanisms used to register a citizen's expression of confidence or distrust and then focuses

on the role that distrust plays in democracy from both a historical and theoretical perspective This radical shift in perspective uncovers a series of practices surveillance prevention and judgement through which society corrects and exerts pressure

The Correspondence of Elizabeth Stuart, Queen of Bohemia, Volume II Queen Elizabeth (consort of Frederick I, King of Bohemia),2011-09 The Correspondence of Elizabeth Stuart is the first complete edition of Elizabeth Stuart s letters ever published Volume II covers the years between 1632 and 1642 Elizabeth s life as a widow controlling the regency during her eldest son s minority and imprisonment

Grand Army of Labor Matthew E. Stanley,2021-04-13 Enlisting memory in a new fight for freedom From the Gilded Age through the Progressive era labor movements reinterpreted Abraham Lincoln as a liberator of working people while workers equated activism with their own service fighting for freedom during the war Matthew E Stanley explores the wide ranging meanings and diverse imagery used by Civil War veterans within the sprawling radical politics of the time As he shows a rich world of rituals songs speeches and newspapers emerged among the many strains of working class cultural politics within the labor movement Yet tensions arose even among allies Some people rooted Civil War commemoration in nationalism and reform and in time these conservative currents marginalized radical workers who tied their remembering to revolution internationalism and socialism An original consideration of meaning and memory Grand Army of Labor reveals the complex ways workers drew on themes of emancipation and equality in the long battle for workers rights

Civil Disobedience Mary Ellen Snodgrass,2015-04-08 Throughout American history people with strong beliefs that ran counter to society s rules and laws have used civil disobedience to advance their causes From the Boston Tea Party in 1773 to the Pullman Strike in 1894 to the draft card burnings and sit ins of more recent times civil disobedience has been a powerful force for effecting change in American society This comprehensive A Z encyclopedia provides a wealth of information on people places actions and events that defied the law to focus attention on an issue or cause It covers the causes and actions of activists across the political spectrum from colonial times to the present and includes political social economic environmental and a myriad of other issues Civil Disobedience ties into all aspects of the American history curriculum and is a rich source of material for essays and debates on critical issues and events that continue to influence our nation s laws and values It explores the philosophies themes concepts and practices of activist groups and individuals as well as the legislation they influenced It includes a detailed chronology of civil disobedience listings of acts of conscience and civil disobedience by act and by location a bibliography of primary and secondary sources and a comprehensive index complete the set

Women of Liberty Steve J. Shone,2019-10-01 Steve Shone s Women of Liberty explores the many overlaps between ten radical feminist and anarchist thinkers Tennie C Claflin Noe It Louise Michel Rose Pesotta Margaret Sanger Elizabeth Cady Stanton Mollie Steimer Lois Waisbrooker Mercy Otis Warren and Victoria C Woodhull In an age of great and understandable dissatisfaction with governments around the world Shone illuminates both the lost wisdom of the anarchists and the considerable contribution of women to intellectual thought influences that are currently missing from many classes

documenting the history of political theory **White Malice** Susan Williams, 2021-08-10 A revelatory history of how postcolonial African Independence movements were systematically undermined by one nation above all the US In 1958 in Accra Ghana the Hands Off Africa conference brought together the leading figures of African independence in a public show of political strength and purpose The charismatic Kwame Nkrumah who had just won Ghana's independence led a determined appeal for Pan Africanism Young idealistic leaders across the continent as well as African Americans seeking civil rights at home heeded his call Yet a moment that signified a new era of African freedom simultaneously marked a new era of foreign intervention and control In *White Malice* Susan Williams unearths the CIA's covert operations from Ghana to the Congo to the UN which frustrated the attempts of Africa's new generation of nationalist leaders to establish democratic governance These revelations dramatically upend the conventional wisdom that African nations failed to establish effective democratic states on their own accord As the old European powers moved out the US moved in Drawing on original research and recently declassified documents Williams introduces readers to idealistic African leaders and to the secret agents ambassadors and even presidents who deliberately worked against them forever altering the future of a continent

Nyerere and Africa Godfrey Mwakikagile, 2007 This is the fourth edition of *Nyerere and Africa* End of an Era It is also the largest and includes new material not found in previous editions The work is a comprehensive study of the political career of President Julius Nyerere spanning half a century The author takes a critical look at Nyerere's policies and influence in the domestic and international arenas for an objective evaluation of the life and times of one of the most influential leaders in the twentieth century The major role he played in the liberation of southern Africa is just one of the subjects addressed by the author He also provides insights into Nyerere's personality from some of the people who knew him best Included in the book are interviews with some of the people who knew Nyerere since his childhood Some of them were his teachers And they outlived him Others were his schoolmates and colleagues in government and when he was a teacher And some of them were his students Also included are interviews with some of his family members This is an essential study of post colonial Africa It is also a study in political leadership and Cold War politics in the African context among many other subjects addressed in the book which should serve as a reference text for scholars and laymen alike interested in Africa and the Third World in general

Eventually, you will categorically discover a extra experience and expertise by spending more cash. nevertheless when? get you admit that you require to get those every needs next having significantly cash? Why dont you attempt to acquire something basic in the beginning? Political Trials In History From Antiquity To The Present By Introduction

In today's digital age, the availability of Political Trials In History From Antiquity To The Present By books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Trials In History From Antiquity To The Present By books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Trials In History From Antiquity To The Present By books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Trials In History From Antiquity To The Present By versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Trials In History From Antiquity To The Present By books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Trials In History From Antiquity To The Present By books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Trials In History From Antiquity To The Present By books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Trials In History From Antiquity To The Present By books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Trials In History From Antiquity To The Present By books and manuals for download and embark on your journey of knowledge?

FAQs About Political Trials In History From Antiquity To The Present By Books

1. Where can I buy Political Trials In History From Antiquity To The Present By books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Political Trials In History From Antiquity To The Present By book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
