UK Localism in Transition and the Politics of Community Heather Watkins, 2021-04-21 This book explores the politics of localism drawing on the work of groups in three communities in post industrial Nottinghamshire Third Way politics gave a high priority to local participation seen as a way of rebuilding social networks and shifting welfare provision from the state onto civil society However under increasingly difficult conditions of austerity significant contradictions emerge between the aims of entrenching new markets for service provision and reviving communities and democratic participation Exploring in depth community organisers understandings of political economy and its local effects and the governance practices which set the frameworks for fiercely independent community groups the book outlines the forms of politics which emerge This includes a challenge to the dominant thinking of the neoliberal consensus but also frustration and a sense of political communal loss which has left these communities alienated from both national politics and the often unattainable benefits of global mobility an alienation which makes the Brexit vote of 2016 explicable as the disruptive outcome of a slow burning political crisis of long duration

Understanding US/UK Government and Politics Duncan Watts, 2003 The book begins by examining the setting against which government and politics operates in Britain and the US noting aspects of the history and social structure of each country before exploring the concept of political culture The underlying ideals and values of British and American people are compared and the book goes on to analyse the constitution before considering the executive legislative and judicial branches of government in detail In addition the nature of American federalism and moves towards federal devolution in the UK are assessed Political parties the media and elections pressure groups and voting are all extensively covered with some concluding thoughts on the current condition of democracy in Britain and the US

British Politics Simon Griffiths, Robert Leach, 2018-03-14 Fully revised and updated third edition of a popular

established textbook providing a definitive introduction to Britain's politics, political institutions and processes. Comprehensively reworked and restructured to better align with courses, this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain. Furthermore, the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package. The book is designed for courses on or related to British politics. Its accessible style and context setting Part 1 will make it ideal for students new to the field, particularly those who haven't studied the subject at school level or international students, but its rigour will stimulate and engage more experienced students.

New to this Edition: Fully updated to cover the 2016 EU Referendum, the 2017 General Election and other key political developments. Politics in Action videos with key academic experts and practitioners offer differing viewpoints on the political system. Expanded companion website featuring regular updates and additional pedagogic tools for students and lecturers alike, such as self-test quizzes, flashcards, timelines, a lecturer testbank and lecture slides. Vibrant and engaging full-colour page design to help your students navigate the book's broad coverage.

Policy Making in Britain Peter Dorey, 2014-04-22

Introducing you to the public policy making process in Britain today, this book adopts an empirical approach to the study of policy making by relating theory to actual developments in Britain since the 1980s. It covers Ideas, Problem Definition, Issues and Agenda Setting, Key Individuals, Key Institutions, Parliament and Public Policy Implementation. The shift from Government to Governance, including marketization and devolution. The increasing role of the private and voluntary sectors in policy delivery. Internationalisation and Europeanization of policies and policy making. Evaluation, audits and the New Public Management. Each chapter is enriched by recent real-life case studies and boxes illustrating key arguments, concepts and empirical developments. Taking into account the 2010 election and beyond, the book addresses current issues, developments and debates. The result is a contemporary and engaging text that will be required reading for all students of British politics, public policy and public administration.

British Politics Dennis Kavanagh, 2006-05-04

The fifth edition has been completely restructured and expanded in order to provide the definitive introduction to British Politics. There are 16 new chapters. The book focuses on the international context in which Britain operates and addresses institutions, processes, new issues and policies. The book incorporates student learning features and has a companion web site.

The Limits to Governance Theo Papaioannou, 2016-03-03

Does the state still frame debates about new technology? Can policy makers ensure the benefits of health developments through genomics while still satisfying the expectations of society and the economic imperatives? In this critique of the new governance agenda for research and innovation in life sciences, the authors discuss the world-wide policy decisions needed with particular reference to genomics. They suggest the many facets of policy and could be treated as a government governance continuum where different aspects of genomics may sit at different points and co-exist. Their findings offer valuable insights for the future and will help promote a global solution to this problem.

Government, Governance and Welfare Reform Alberto Brugnoli, Alessandro Colombo, 2012 Alberto Brugnoli and Alessandro Colombo have put together an important collection of essays on government and governance in Italy and Britain. This richly documented comparative study proposes to answer two key questions: how does the change from government to governance emerge and what enables this transformation to survive and even to displace State-centric solutions to public policy issues? The book will be a milestone in highlighting the distinctive and original role of the principle of subsidiarity in examining and assessing governance regimes, their philosophy and their organizational choices, and in linking subsidiarity with the prospects of freedom, responsibility and self-governing societies in the modern world. I know of no other book that brings the principle of subsidiarity to the frontier of the most current research in social science. Filippo Sabetti McGill University Canada. This unique and original book focuses on institutional changes, welfare reforms and transformations in both Britain and Italy over the last three decades. The book illustrates that although it was a widely held belief in both countries that the arena of social and economic governance would shift to the national level to the surprise of many, a different trend has emerged. In otherwise very different national experiences, both Britain and Italy have seen the sub-national level of governance become crucial in redefining public services and in designing, delivering and monitoring key services. The expert contributors use a distinctive and original principle, subsidiarity, as a lens through which to examine and assess these governance regimes, their philosophies and their organizational choices. Academics, researchers and students of social policy, public policy, public administration and regional studies will find this book to be a highly fascinating read. It will also provide a wealth of information for policymakers and think tanks.

Politics, Governance, and Development in Ghana Joseph R.A. Ayee, 2019-10-16 Since it achieved independence in 1957, the West African state of Ghana has become the torchbearer of African liberation as well as a laboratory for the study of endemic problems facing the African continent. In terms of democratic consolidation, the country holds a unique position on the continent as a beacon of stability and democracy. *Politics, Governance and Development in Ghana* takes critical stock of the landmark themes that have dominated its history since independence. The contributors address issues such as citizenship, civil society, the military, politicians, chiefs, transnational actors, the public sector and policies, the executive branch, decentralization, the economy, electoral politics, natural resources and relations with Asia and the diaspora. These themes support mobilizing for Ghana's future, which is the theme for the diamond jubilee celebration of Ghana's independence. Edited by Joseph R.A. Ayee, this book will deepen the literature on studies on Ghana, especially in the areas of politics, governance, economy and development, serve as a resource for academics, students, practitioners and commemorate the diamond jubilee celebration of Ghana's independence.

Why Isn't Government Policy More Preventive? Paul Cairney, Emily St. Denny, 2020-01-09 If prevention is better than cure, why isn't policy more preventive? Policymakers only have the ability to pay attention to and influence a tiny proportion of their responsibilities and they engage in a policymaking environment of which they have limited understanding and even less

control This simple insight helps explain the gap between stated policymaker expectations and actual policy outcomes Why Isn't Government Policy more Preventive uses these insights to produce new empirical studies of wicked problems with practical lessons The authors find that the UK and Scottish governments both use a simple idiom prevention is better than cure to sell a package of profound changes to policy and policymaking Taken at face value this focus on prevention policy seems like an idea whose time has come Yet prevention is too ambiguous until governments give it meaning No government has found a way to turn this vague aim into a set of detailed consistent and defensible policies This book examines what happens when governments make commitments without knowing how to deliver them It compares their policymaking contexts roles and responsibilities policy styles language commitments and outcomes in several cross-cutting policy areas including health families justice and employability to make sense of their experiences The book uses multiple insights from policy theory to help research and analyse the results The results help policymakers reflect on how to avoid a cycle of optimism and despair when trying to solve problems that their predecessors did not

Financialising City Statecraft and Infrastructure Andy Pike, Peter O'Brien, Tom Strickland, John Tomaney, 2019 Financialising City Statecraft and Infrastructure addresses the struggles of national and local states to fund finance and govern urban infrastructure It develops fresh thinking on financialisation and city statecraft to explain the socially and spatially uneven mixing of managerial entrepreneurial and financialised city governance in austerity and limited decentralisation across England As urban infrastructure fixes for the London global city region risk undermining national rebalancing efforts in the UK city statecraft in the rest of the country is having uneasily to combine speculation risk taking and prospective venturing with co-ordination planning and regulation

Public Law in a Troubled Era Katarzyna Gromek-Broc, 2023-07-14 Public law which examines relations between governments and institutions and individuals has in recent years become deeply disturbed by an erosion of the rule of law notably in some of the world's most

professedly democratic nations In this book of edited essays many of the world's leading public lawyers draw on examples from the United Kingdom European States and the European Union EU to explore the alarming tensions unleashed as Europe is rocked by Brexit the war between nations on the EU border and the worldwide phenomenon of populist resistance to globalised forces and liberal democratic aspirations The book is dedicated to Professor Patrick Birkinshaw who until his retirement was Director of the Institute of European Public Law and Professor of Public Law at the University of Hull and widely respected as a leading authority on public law With a focus on public law and European public law jurisprudence with hugely important global ramifications the contributions continue his work and crucially deal with the new and troubling shape of the law politics relationship The essays examine these developments under four headings Law in a World Turned Upside Down with essays on e.g. Brexit the denial of human rights and the rule of law in Hungary climate change governance Law and Politics A Shifting Boundary showing how advances in the courts have prompted reaction to curtail judicial review and human rights protection especially evident in the fading mirage of fair trial rights and administration on the EU periphery Law's Promise specifying real achievements in the way of reform and higher levels of security for individuals and New Bearings exploring initiatives and emerging problems including reform of judicial review the European Banking Law digitalization of public administration and institutional interactions with the Chinese 1982 Constitution The book brings together leading university professors public officials and judges all experts in their respective fields All are concerned with a central role for law in the process of governance This unrivalled volume penetrates the contradictions uncertainties and insecurities that plague this topic of worldwide interest and debate and will prove invaluable to practitioners public administrators jurists judges and legal academics everywhere It will also be of interest to political scientists and politicians In its completely original and innovative discussions of the changes taking place at the interface of law and politics and of how law can enhance certainty and reliability in governance this book provides a most detailed and insightful analysis of the new bearings in public law in Europe and worldwide

Developing England's North Craig Berry, Arianna

Giovannini, 2017-11-03 This book explores the politics of local economic development in Northern England Socio economic conditions in the North and its future prospects have become central to national debates in the UK The status of Northern regions and their local economies is intimately associated with efforts to rebalance the economy away from the South East London and the finance sector in the wake of the 2008 financial crisis The contributors to this volume focus in particular on the coalition and Conservative governments Northern Powerhouse agenda They also analyse associated efforts to devolve power to local authorities across England which promise to bring both greater prosperity and autonomy to the deindustrialized North Several chapters critically interrogate these initiatives and their ambitions by placing them within their wider historical geographical institutional and ideological contexts As such Berry and Giovannini seek to locate Northern England within a broader understanding of the political dimension of economic development and outline a series of

ideas for enhancing the North s prospects
